The republicans of the state of Nebraska are hereby called to meet in convention in the city of Lincoln, on Tuesday, August 18, 1903, at two o'clock in the afternoon, for the purpose of placing in nomination candidates for the following offices, to be voted for at the next general election to be held in the state of Nebraska, November 3, 1903, viz:

One judge of the supreme court; two justices of the university of the state of Nebraska; and for the transaction of such other business as may regularly come before said convention.

The basis of representation of the several counties in said convention shall be the vote cast for Hon. John H. Mickey for governor, at the regular election held on November 4, 1902, giving one delegate for each 100 votes or major fraction thereof so cast for the said John H. Mickey and one delegate at large for each county. Said apportionment entitles the following counties to the following representation in the said convention:

Chase	4	Dundy	4
Frontier	8	Furnas	12
Gosper	4	Hitchcock	4
Hayes	4	Red Willow	11
Total number of delegates, 1051.

Notice is hereby given that each of the even numbered senatorial districts in the state is to select a member of the state committee to serve for the term of two years.

It is also the sense and request of the state committee that at the time delegates are chosen to the coming state convention, the several counties proceed to complete their county organization for the campaign of 1903 by the selection of road district helpers, precinct committeemen, and regular officers of each county committee.

By order of the state committee.
H. C. LINDSAY, Chairman.
A. B. ALLEN, Secretary.

THE TRIBUNE has made a heroic effort to follow Colonel Mitchell and Dr. Brown in the matter of assessing scrub and registered stock at the same value. But for the life of us we cannot arrive at the same conclusion they do. Why a man who has animals that sell for \$100 up should have the same assessed at the same value another man has scrub cattle that would not bring more than one-fourth as much on the market is beyond our idea of equity altogether. That such a proposition would have any standing in a court of equity one holy second seems improbable if not impossible. It would be just as unjust and outrageous as it would be to compel a man to sell registered stock at the same price that scrubs sell for.

It sometimes happens that newspapers and men are constrained perforce of personal or political or other circumstances to urge mildly or otherwise upon the consideration of the people candidates they cannot fully endorse. It is a source of pleasure to THE TRIBUNE to state that this is not the case nor the fact with THE TRIBUNE in the matter of urging upon the people of the Fourteenth judicial district the claims of Mayor Charles E. Eldred of McCook for the Republican nomination for judge of the district court. We can and do endorse him to the limit. He is qualified in heart and mind and law, and has wide experience in the courts. No man has been mentioned in connection with the nomination for the office of district judge who is better endowed. A man of honor, honest, conscientious, capable, conservative, having the courage of his convictions, fair and square, above petty tricks and ways that are vain, Charles E. Eldred commends himself to the people as one upon whom they can depend to do justly with them before the law.

J. C. L. WISELY of the Culbertson Herald, was in the city a few hours yesterday evening, on business.

Indigestion Causes Catarrh of the Stomach.
For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet. Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWITT & CO., Chicago, Ill.

Do You Enjoy What You Eat?
If you don't, your food does not do you much good. Kodol Dyspepsia Cure is the remedy that everyone should take where there is anything wrong with the stomach. There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet, or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol Dyspepsia Cure. Sold by L. W. McConnell.

HERE'S A BABY
Its Mother is Well.
The baby is healthy because during the period of gestation its mother used the popular and purely vegetable liniment, **Mother's Friend**

The state of the mother during gestation may influence the disposition and future of the child; that is one reason why mothers should watch their condition and avoid pain. Her health, that of the child and their lives, depend on keeping free from pain, worry and melancholy. Be of good cheer, strong of heart and peaceful mind. **Mother's Friend** can and will make you so. Bearing down pains, morning sickness, sore breast and insomnia are all relieved by this wonderful remedy. Of druggists at \$1.00 per bottle. Send for our book "Nothorhood" free.

PUBLIC FREE LIBRARY NOTES.
The American people are a nation of wanderers. Few of us are content to remain long in one place, but must go to some land which, in perspective, seems to be more alluring than that in which for the time being we find ourselves. It matters little what our circumstances when the desire to travel comes upon us. The temptation to go in search of new scenes and experiences is irresistible; nor do we stop to consider the consequences of any step we feel inclined to take. We act, and count the cost afterwards. Our wages may be, and often is, discomfort, perhaps suffering; but we are more than recompensed on the whole for physical inconveniences by wider knowledge and broader understanding.

Against no people can the charge of provincialism be brought with less justice than against us; and this is because we have traveled far and seen much. The older the civilization, the narrower are its prejudices; the more stable the population the more circumscribed is the mental range. The less of coming and going, the less is known of any but local habits and customs. The west is bigger than the east because the west knows not only itself but the east also.

The larger our fund of learning, the richer are our lives, the intenser our pleasures, if the keener our sorrows. It is knowledge of men, and of inanimate nature in its relation to men, that expands the intellectual horizon, that liberalizes culture. To really know a people, one should live among them; but the opportunity to thus gain knowledge at first hands is not permitted to many. All of us, however, can avail ourselves of the advantages that books offer, and in this age of books none needs to live in ignorance of the remoter parts of the earth. Of all the classes of books that are ours to read, books of travel are not the least interesting or the least instructive.

In "The Land of the Midnight Sun," Paul du Chaillu has performed an unique service for the Scandinavian peninsula. Probably no truer account exists of the people of any country than this of the inhabitants of these northern countries, from which we have received so large an immigration during the last few years. A reading of this book will give us an insight into a manner of living so different from our own that we cannot but be interested. M. du Chaillu, by the way, died a few weeks ago in Russia, a land to which he had gone for a purpose similar to that which took him to Norway and Sweden. He devoted his life to works of this sort. His books about tropical Africa have attracted wider attention than any others on the same subject.

The arctic regions have lured many an adventurer to his death. The stories of those who survived have enjoyed great popularity. One of the latest books of adventure in the colder countries is, "Farthest North," by Nansen. If you are interested in these, and books of a like character, you will find them on the shelves in the northeast corner of the library—a corner that deserves a better patronage than it receives.

Hot Weather Weakness.
If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels, and impart natural activity to the liver. This **Herbine** will do; it is a tonic, laxative, and restorative. H. J. Freegard, proprietor Grand View Hotel, Cheney, Kan., writes: "I have used **Herbine** for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, of Newton, Kansas." 50c., at A. McMillen's.

Competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil services law rules.

Worst of All Experiences.
Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try **Electric Bitters**, and the result was miraculous. I improved at once, and now I'm completely recovered." For liver, kidney, stomach, and bowel troubles **Electric Bitters** is the only medicine. Only 50c. It's guaranteed by L. W. McConnell, druggist.

St. Paul, Neb., April 9, '03.
National Medical Co.
Gentlemen: This is to certify that I have used **Liquid Koal** for ergot disease in cattle and believe it to be a cure for this disease, from the experiments I have made, but believe it ought to be used when the animal is first taken with the disease. And for a lice killer it can't be beat by anything I know of. Yours respectfully, W. L. LITTLE.

Seward, Neb., Dec. 5, 1902.
Liquid Koal, manufactured and sold by National Medical Co., York, Neb., is a necessity to any farmers raising stock. Several instances of its efficiency have come under my personal notice. JOHN HARVEY, Ex-Mayor, Seward.

Wauson, Neb., Dec. 18, 1902.
I consider **Liquid Koal** one of the best articles for all-around purposes on the market. For mites and lice in the chicken houses and for the lice on calves and horses it is the best and cheapest thing I have ever found. **Liquid Koal** ought to be on every farm. CHAS. BERGANHAGER.

Colorado, Neb., Dec. 8, 1902.
I can say that your **L. K.** is the best insect destroyer that I ever used. It will not injure the eggs when used on setting hens. I find it the best all-around stock medicine that I ever had on the place. I advise every farmer to keep a supply on hand. S. B. GROFF.
