TWENTY-SECOND YEAR

McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, JULY 17, 1903.

NUMBER 7

McCook Junior Normal Notes.

The total enrollment to date is 173. A piano solo by Miss Louise Pitney was an artistic feature of the Dr. Clark lecture, Monday night. Janitor T. F. Rowell has been numbered with the ill, this week. There will be a special music program at ten o'clock, Friday morning, July 24th. The great Bixby-Greggs debate will happen on August 6th. In the language of the poet, "Wait for it."

A pianola concert by H. P. Sutton will be an attraction for ten o'clock, Wednesday morning, July 22nd.

Gov. J. H. Mickey is scheduled for an address on Wednesday, August 4th. "Character" will probably be his topic.

The Wesleyan Quartette will entertain you on the 14th of August. This will be one of the best of the season's entertainments.

E. J. Hoenshell of Topeka, Kansas, was here, Thursday. He is a school book representative and the author of a grammar text book.

The picture exhibit will be here during the week of August 10th-14th. And this will be well worthwhile, as all will remember who had the pleasure of seeing the exhibit, last time.

The last week of the normal will be a special thing. The indications now are that there will be some special item each evening of the week to entertain and instruct and inspire.

Miss Alta Hager of the Indianola school, a member of the Model school class, had charge of the school during Mrs. Brindley's absence, and gave a very good account of her stewardship.

County Sup't O'Connell of Hitchcock county spent Monday and Tuesday with us. Rev. Gathier of Trenton was also down, Tuesday, and addressed the normal at the chapel hour in the morning.

Preparations for the concert are going on, but the outlook now is that a little more time will be required to get ready for the event, which will be one of the most enjoyable of the normal. The concert will likely not be given until week after next.

Thirteen new enrollments this week: Edith and Mattie Herenden of Stratton, Gertrude Collicott of Cambridge, Ollie Murrain of Maywood, Lilly Burton, Nellie Daniels, Kate Dietrich of Bartley, Mollie Wise of Hudson, Myrtle Chevitt of Hendley, Alice Marguisee of Paisade, Pauline Davidson of Champion, Golda Harned of Wilsonville, Mrs. Frank Brown of McCook.

Mrs. S. J. Brindley of the Model school was summoned to her home in Columbus, Monday morning on No. 12, by the death of her sister-in-law Mrs. C. A. Newman, who was quite a sister indeed to her and a very near and dear friend. Mrs. Newman was buried Tuesday. Mrs. Brindley returned to her work in the Model school on Thursday morning. She has much tender sympathy.

Miss Edna D. Bullock, secretary of Nebraska State Library Commission, has been with the normal all week. The "Use of Books" has been her general topic, while specifically she has spoken upon "Methods of Reading and Study," "Reference Books," "The Teacher's Library," "The School Library," "Current Events," etc. She brought with her a case of the commission's books. Her occasional presence in the city library has also been appreciated.

Dr. W. A. Clark, president of the Peru State Normal School, spent Monday and Tuesday at the normal, delivering two talks on Monday morning, two on Tuesday morning, and a lecture in the assembly-room on Monday evening, topic, "America in the Twentieth Century." The doctor cast the horseshoe into the future and pictured in prophetic language and with the enthusiastic spirit of optimism the America of the future—and it is to be a glorious America in every respect. His talks were along professional school lines, but like his lectures were stimulating and instructive and enjoyable withal.

Child Smothered in Cave. Culbertson, Neb., July 13.—(Special to Lincoln Journal.) Four small children of Fred Egging, a farmer living nine miles north-east of here, were playing in a cave, yesterday afternoon, when the roof fell in, and before they could be extracted a four-year old boy was suffocated and another severely injured. The children had dug the cave in the bank of a canon for a play-house.

Dismissed the Case. Justice of the Peace Berry arbitrated a little domestic difference between Mrs. J. W. Spiker and Mrs. George Dawson in police court, Tuesday afternoon. The case against Mrs. Dawson was dismissed. The children of the families were involved in the matter in court, and the throwing of bricks and other missiles was alleged.

Clean Your Alleys. Property owners and occupants are requested to clean all manure and rubbish out of alleys. C. B. GRAY, Street Commissioner.

Just the Thing. In which to amuse the baby, entertain a friend a while, or enjoy yourself—a lawn swing. W. T. Coleman can fill your wants in this direction.

Delighted a Large Audience.

Harmon H. Watt of the Chicago Piano College delighted a large audience in the Baptist church, last evening, in his piano recital. The program was a varied one of the most classical selections, to which were acceptably added a number of Mr. Watt's own composition. Mr. Watt is an accomplished, artistic pianist and gave his large and enthusiastic audience an evening of great pleasure with the master composers, whose difficult selections were interpreted sympathetically and rendered with technical skill and enthusiasm.

The vocal solos by Mrs. C. W. Britt and Mr. H. Lindemann were added features greatly enjoyed and appreciated by the audience.

The storm interfered somewhat with the highest enjoyment of the entertainment, and caused a few to leave the church on account of its threatening aspect.

The Wheeler Lectures.

Dr. Wheeler delivered his illustrated lectures in the Methodist church, Monday and Tuesday evenings of this week, under W. C. T. U. auspices, before good-sized audiences. The doctor also spoke during the day. His efforts are directed toward the children in educational lines effecting matters which he holds should be explained to the children at an early date—much earlier, perhaps, than most parents usually communicate them—much earlier, too, than THE TRIBUNE believes they ever should be. The doctor was assisted by Prof. C. E. McVay, vocalist and instrumentalist, and Miss Rachel Harroff, reader; besides he supplemented his educational campaign by the sale of books maintaining and setting forth his theory.

Miss Mary Powers Injured.

A squall of wind, Tuesday, caused the great tent in which the Christian Endeavers were in session in Denver to collapse. Fortunately none were killed or severely injured, although there were 6,000 Endeavers in the tent at that time.

Miss Mary Powers of Trenton, Neb., who will be recognized as one of the teachers in the McCook public schools, was one of the unfortunates. Of her case the Denver Times says:

"The one case that may require time for healing was that of Miss Mary Powers of Trenton, Neb., whose right knee was sprained and she was bruised by several of the panicky people stepping on her as she lay on the ground under the canvas."

Select and Preserve Samples.

It is proposed to make an exhibit of Redwillow county farm products at the Nebraska state fair this fall, and it has been suggested to THE TRIBUNE that the farmers of the county select and prepare and set aside samples of their best grain etc. now while the harvest is progressing in order that suitable samples of the best products of the farm may be secured for that purpose.

The desirability of making such an exhibit is too well appreciated to demand any argument in that direction. But the securing of samples now is of no less importance. Will those in the field now see to it. The exhibit can be sorted and arranged later.

A New Proprietor.

This week, George Anderson of the McCook steam laundry disposed of his plant over on West Dennison street to E. M. Bigelow, who has been about the city for the past week or two looking up the business and city. Mr. Bigelow is from Pueblo, Colorado. He assumed charge of the business, Wednesday morning. There are rumors to the effect that he contemplates improving and broadening the business, and that a Turkish bath department may be added to the establishment.

Are Working on New Building.

The Thompson Dry Goods Co. have commenced the construction of their new store building, one door north of Albert McMillen's drug store. The frontage will be 25 feet with a depth of 100 feet. No attempt will be made by the company on anything ornate, but it will be a thoroughly business affair, solid, substantial and equipped for business purposes. It will be a brick structure of course.

And last but not least, whether you order from house by phone or come in person, your orders are given our best consideration; and we guarantee that you will be satisfied. MARSH.

A Parrot Can Talk

But you can't depend on what it says being true. It's different at Marsh's meat-market. Their meats talk and nothing talks truer than the good article itself.
