Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by L. W. McConnell, druggist.

Subsidies to Support Art.
The government of Bavaria has voted a considerable sum for the maintenance of art institutions throughout the kingdom during the coming year. The allowances for the purchase of paintings and their preservation is particularly liberal. The various art institutes in Munich receive handsome subsidies and the Germanic museum in Nuremberg gets an increased allowance. Various other institutions have been voted large amounts for repairs and maintenance. These art allowances in all reach \$1,168,163 marks (\$739,741).—Emil Hensel, in Chicago Record.

Theford's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhoea, biliousness, piles, hard colds and headache. Every druggist has Theford's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.
