Three engines are now on track in rear of the machine-shop for shipment to Havelock, to be sold or scrapped. They are of the smallest type now on the Burlington system, and are considered too small for profitable service. The Nos. are 116, 121, 33.

Fireman Will Weintz came in on No. 2, Sunday morning, from the west, suffering severely with inflammation of the bowels, with which he was taken down near Wray, while on his run. He has been a great sufferer, this week, but is some better at this writing.

The company is excavating a large cistern in the rear of the round-house in which to store the hot water from the engines as they come into the round-house from the road to be cleaned. It will be about 20 feet deep and 30 feet in diameter. A pump will be added to the plant and the water can thus be utilized over again and again in washing out the boilers of the engines.

Foreman J. M. Hughes of the blacksmith-shop has built himself a case-hardening furnace just east of the shop. Crude petroleum oil will be used as fuel and excellent results are expected from the completed improvement. He has also arranged so that he can in future weld a broken or bent engine-frame by the use of oil without taking the engine apart, which will be a great convenience and saving in money and time.

Mothers

Who would keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work, so that their food does them good, and they grow up healthy and strong. 25c at A. McMillen's.

Treasurer of the
Brooklyn East End Art Club.

"If women would pay more attention to their health, we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.
