UNVEILING TAKES PLACE WITH APPROPRIATE CEREMONY.

PRESIDENT DELIVERS ADDRESS

William Tecumseh Sherman Thorn-dyke, Grandson of the Dead Chief-tain, Draws Aside the Vail Enveloping the Heroic Statue.

WASHINGTON — With impressive ceremonies, an equestrian statue of William Tecumseh Sherman was unveiled here Thursday afternoon, in the presence of official Washington with the president at its head and thousands of veterans, members of the societies of the Armies of the Tennessee, of the Cumberland, the Ohio and the Potomac. As the two large flags enveloping the statue were drawn aside by William Tecumseh Sherman Thorn-dyke, the grandson of the dead chieftain, the cannon of the Fourth artillery boomed a salute and the Marine band struck up the "Star Spangled Banner." Success in every detail attended the ceremonies, which were in charge of Colonel T. W. Simons, superintendent of public buildings and grounds.

Before the unveiling of the statue the president and Lieutenant General Young, chief of the general staff of the army, reviewed the troops participating in the dedication parade from the stand opposite the statue. The president delivered the address of the day. A representative from each of the societies of the four armies spoke in eulogies of General Sherman. At 2:30 o'clock the president, under the escort of detachments of minutemen, walked from the White House to the statue, which faces the south front of the treasury. The president walked alone, preceded by Captain W. S. Cowles and Colonel T. W. Simons, his naval and military aides. Following the president were Secretary Hay, Postmaster General Payne, Secretary Cortelyou, Acting Secretary of War Oliver and Secretary Loeb. With the arrival of the president began the review of the troops. Lieutenant General Young was chief marshal and with his staff headed the procession. Following came the Second cavalry, the engineer battalion from Washington barracks, headed by the Engineer band, two battalions of coast artillery from Forts Washington, Hunt and Munroe, the Fourth field battery of artillery from Fort Myer, a company of the hospital corps, a detachment of marines and two battalions of seamen.

The invocation was offered by Rev. Dr. D. J. Stafford. General Grenville M. Dodge, president of the statue committee, gave a brief description of the statue and then introduced William Tecumseh Sherman Thorn-dyke, who from the base of the pedestal pulled a cord and two immense flags slowly parted, unveiling the statue of his grandfather.

TILLMAN IS ACQUITTED.

Not to Be Punished for Killing the Columbia Editor.

LEXINGTON, S. C.—The jury in the case of former Lieutenant Governor J. H. Tillman, tried for the murder of Editor Gonzales of the Columbia State last January, brought in a verdict of not guilty.

The jury had retired shortly before 2 o'clock Wednesday. The jury announced at 10:45 that a verdict had been agreed upon. The defendant and attorneys were sent for and the jury then filed into the court room and the verdict was read.

A demonstration followed the announcement, friends of the defendant giving vent to their feelings in a shout. The court, previous to the reading of the verdict, had admonished the spectators to refrain from any demonstration.

Counsel for the defense moved the defendant's discharge from the sheriff's custody. No objection being made by the state, the court made the order.

THE UNION PACIFIC BOARD.

New Directors Chosen at the Annual Meeting.

SALT LAKE—The annual meeting of the stockholders of the Union Pacific Railroad company was held in this city Tuesday, about three-fourths of the capital stock being represented, mostly by proxy. After the election of a board of directors for the ensuing year the meeting adjourned until November 20, when E. H. Harriman and a party of directors will come to Salt Lake on a special train in order to be present on the occasion of the opening of the famous Ogden-Laticin cut-off across the Great Salt Lake. This special will be the first passenger train to run over the cut-off.

The election resulted in but one change being made, Joseph F. Smith, president of the Mormon church, being chosen resident director to succeed T. J. Coolidge, jr., of Boston.

The new board of directors as elected is as follows: Oliver Ames, Boston; Horace G. Burt, Omaha; Thomas T. Eckert, New York; Louis Fitzgerald, New York; George J. Gould, Lakewood, N. J.; E. H. Harriman, Arden, N. Y.; Marvin Hughitt, Chicago; James H. Hyde, New York; Otto H. Kuhn, Morristown, N. J.; Charles A. Peabody, New York; Winslow S. Pierce, New York; Henry H. Rogers, New York; Jacob H. Schiff, New York; James Stillman, New York; Joseph F. Smith, Salt Lake.

The board of directors will meet in New York within the next ten days for the purpose of electing officers and taking up several matters concerning the management of the road. Among these, it is said, the question of double tracking from Omaha to Ogden will be considered. In an interview, President Burt emphatically denied the rumors that he is to resign at an early date.

In speaking of the election of Joseph F. Smith, to the directorate, Alexander Miller, secretary for the Harriman lines, said:

"It has always been the custom of the company to have a citizen of Utah on the board. Brigham Young was the first and there has always been one until recently. It was to carry out this custom that Mr. Smith was elected."

The annual meeting of the Oregon Short Line stockholders will be held in this city Wednesday.

TO HEAR THE ELEVATOR CASE.

Interstate Commissioner to Investigate Grain Rates.

ST. PAUL, Minn.—The interstate commerce commission will convene in St. Paul November 7 to take testimony and conduct a hearing of the Cannon Falls elevator case, which involves the grain rates of that section of the state, and will have an important bearing on the through rates on grain to Chicago from outside points. Notice of the hearing was received today by the state railroad and warehouse commissioner.

The state has only an indirect connection with the case, which originated in the complaint of a Cannon Falls elevator company against the Chicago Great Western and Chicago, Milwaukee & St. Paul railways, alleging that the present grain rates from Cannon Falls to market points are unequal.

MAKING UP ALASKA VERDICT.

Believed it Will Be Such as to Finally End Dispute.

LONDON—The last stage of the Alaskan boundary arbitration began Monday when the commissioners met in secret session to consider their verdict.

Dealing with the difficulties encountered in the election of a new British ambassador to the United States, and the friction which he would have to face both in Canada and the United States if the Alaskan tribunal broke up with a disagreement, the Times says:

"We rejoice to say that there is believed to be something more than a possibility that an award may be agreed upon, or rather that several questions may be so answered as to end the matter."

SUGAR FACTORY ON FULL TIME.

Beets Being Delivered at Works of an Excellent Quality.

FREMONT.—The factory of the Standard Beet Sugar company at Leavitt began operations for the season of October 5, and is now running to its full capacity. Since the last season the machinery has been thoroughly overhauled and repaired and two new boiling plants installed. The carbonation presses are still able to turn out the syrup faster than it can be taken care of. At present only six of the eight presses are in use, four for the first carbonation and two for the second, and these are not being run today on account of there being too much syrup on hand. Each day from 225 to 250 tons of beets enter the chute and within twenty-four hours from the time they go through the slicing machines the sugar from them is ready for sacking at the other end of the building.

The quality of beets this year is far above the average and of a uniform grade. They can be worked to a better advantage than a mixture of high and low grade beets whose average percentage is the same. The factory has run for days at a time this season on beets averaging 15 per cent sugar and very few beets have so far been delivered that went under 12 per cent. The coefficient of purity is also several points higher than last season, enabling the factory to save a larger per cent of the sugar.

Trouble Over Statutes.

LINCOLN.—The Cobbe statutes, which were authorized by the late legislature, which specified that a number of them be bought by the state at a cost of \$9 for a set of two volumes, will apparently not be a popular publication around the state house. Already the secretary of state has bought three volumes of the Wheeler statutes and Attorney General Prout has installed a copy in his office. Mr. Marsh paid for his books out of the money appropriated for office expenditures. The Cobbe statutes are not yet out and the State Journal, which failed to get the contract for their printing, has brought suit for an injunction to prevent the state making the purchase. The case is still pending. The Journal printed the Wheeler statutes.

The World Rolls On.

George Stuart, an Adventist of Woburn, Kan., is dead at the ripe age of 92. Mr. Stuart's chief pleasure in life was in predicting the end of the world. He had so much confidence in his figures that he several times climbed a tall poplar tree near his home and there awaited the final smash. In spite of such a succession of alarms, Mr. Stuart seems to have lived a pretty even life.

Denounces Skyscrapers.

In a public address recently Wheeler H. Peckham of New York took ground against skyscraper office buildings, which he condemned as dangerous to health. "How considerate we are," he exclaimed. "We build hospitals for the poor consumptive and then we turn around and build skyscraping structures where consumption may breed so that we shall not lack for patients." This matter is beginning to attract serious attention in New York City, especially in the lower part of Manhattan Island, where the streets are as narrow and crooked as when the Dutch burghers laid them out or their cows traced them across the fields.

Fences at 97.

Ernest Legouve, oldest member of the French academy, has entered upon his 97th year, but is still well and hearty. This wonderful old man visits a fencing hall every morning at 10 o'clock and has a fast fifteen-minute bout with one of the instructors. He weighs hardly sixty pounds. His daughter, Mme. Desvallieres, is 68 years old and is also ardently devoted to exercise, being easily able to swim the Seine twice without resting. M. Legouve says he has a triple wish—to be able until the last to hold his fork, his razor and his sword steadily in his hand.

For a Bad Back.

Sabra, Montana, Oct. 19th.—A great many men in this neighborhood used to complain of pains in the back, but now scarcely one can be found who has any such trouble.

Mr. Gottlieb Muir is largely responsible for the improvement for it was he, who first of all found the remedy for this Backache. He has recommended it to all his friends and neighbors, and in every case it has had wonderful success.

Mr. Mill says:—"For many years I had been troubled with my kidneys and pains in the small of my back. I tried many medicines but did not derive any benefit until last fall, when I bought a dozen boxes of Dodd's Kidney Pills. After using them a few days I began to improve, my back quit aching and I felt better and stronger all around."

"I will keep them in the house right along for in my opinion they are the best medicine in the market to-day, and if my back should bother me again, I will use nothing else."
