**Indigestion Causes Catarrh of the Stomach.**  
For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. This is called Catarrh of the Stomach.  
**Kodol Dyspepsia Cure** relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

**A Remarkable Record.**  
Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many million bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturer in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by L. W. McConnell, druggist.
