Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms may be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, Kan., writes: "I have used your great medicine, Herbine, for several years. District Court Proceedings.

Below we relate the disposition made of all cases on the docket for the October term of district court for Red Willow county not reported last week.

The most important cases disposed of during the second week of court were the murder case, the statutory rape case and the criminal case against Clarence Simpson for cutting one Kern with a knife.

In the first instance Charles McMillan was sentenced to eight years in the penitentiary at hard labor and to pay costs of suit. Ten years is the limit of the law in cases of conviction for manslaughter and the prisoner at the bar would have received the full extent of the law but for the mistaken petition of the jury to the judge for clemency. The full extent of the law would have met with more general approval.

In the case of George Kellick (Kelecar) charged with statutory rape of one Clamp the sentence of the court was three years in the penitentiary at hard labor and to pay costs of prosecution.

For cutting one Kern with a knife in a row in Bartley some months since Clarence Simpson was given a sentence of 30 days in the county jail and to pay costs of prosecution.

All in all the October term was one of the greatest interest in the history of the county, and attracted many spectators.

The ruling and decisions of Judge Orr were quite uniformly satisfactory and generally commended.

Burnett to Have New Trial.

Springfield, Ill., Oct. 27.—In the case of Orville Burnett, a Chicago dentist, who was convicted of murdering Charlotte S. Nichols, and sentenced to fifteen years in the Joliet penitentiary, the judgment of the trial court was reversed by the supreme court today and a new trial ordered.

The evidence is reviewed at length, and the contention of the defendant's attorneys that the trial court erred in allowing evidence relative to Burnett's past life to be brought before the jury when it was not a proper issue upheld. The supreme court says that according to the evidence offered by the prosecution showed that Mrs. Nichols was a virtuous woman, and it tended to prejudice the jury against the defendant.

Burnett and Mrs. Nichols were together in a Chicago hotel on the night of October 20, 1901. Mrs. Nichols was down-hearted and she and Burnett agreed to commit suicide. They purchased poison, and after retiring the woman swallowed a sufficient quantity to cause death.

An Aged Couple Killed Near Edgar.
Last Friday, Mr. and Mrs. G. W. Turner were both killed about two miles east of Edgar by Burlington train No. 97 at a crossing.

The remains were taken to Cambridge for burial, their only son being buried at that place. Two daughters survive them, one 19 and the other 13 years of age. The old gentleman is estimated to be worth \$100,000.

The coroner's jury, after an all-day session, exonerated the company from blame, although deciding the crossing to be dangerous and recommended measures in abatement.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by L. W. McConnell, druggist.

Are You Foolish

Boy—Say, Pa, what do they mean by saying "Penny wise and pound foolish"?

Father—Why, it's where a man loses a dollar to save a nickel.

Boy—Well, Pa, were you that way when you let your hogs all die because you did not want to pay out money for Liquid Koal that James Cain sells so much of?

Father—Johnnie, don't talk so much.

Iriton, Nov. 25, 1902.

This is to certify that I used L. K. and am well pleased with it. I only had six hogs get sick after using it, and before using it I had from two to four get sick each day. I can cheerfully recommend it and would advise any one who has hog cholera among his hogs to give it a trial.—F. F. Faringer.
