FEAR UNCLE SAM SOUTH AMERICAN COMBINATION IS TALKED OF.

THE EXCITEMENT IN COLOMBIA

Minister Beaupre Makes Report to State Department on the Situation -Report is Being Awaited from the U. S. Consul at Cartagena.

WASHINGTON-The state department has advices by cable from Minister Beaupre at Bogota, dated November 25, in which he states that considerable excitement still prevails at the Colombian capital; that there is much talk of raising an army, but no troops have yet been enlisted. There are rumors in the city of a revolution in the state of Cauca, directed against the Marroquin government.

Rumors have reached the state department from another source that General Reyes' mission to Washington is primarily to try to array opposition senators against the ratification of the Bunau-Varilla-Hay canal treaty.

There is also talk of formation of a combination of South American countries directed against the United States. Respecting the coming of General Reves to Washington, it is said at the department that much depends upon the nature of his credentials as to the reception he will have. It seems probable that if he is brought to the department by the Colombian charge d'affaires, Dr. Herran, he will be accorded a respectful hearing. But it also is pointed out that his activities must be confined to lawful channels as an alien and any attempt on his part to influence by direct representations any other than the executive branch of the United States government would scarcely be viewed with equanimity.

Respecting the statements attributed to the general in a New Orleans interview that Colombia would send 100,000 men into Panama overland, the fact is recalled that the instructions to the United States naval offi-

cers on the isthmus were such that they would not admit to the neighborhood of the isthmus any hostile forces

ORDERS AFFECT 32,000 MEN. Wage Reduction in New England Cot-

ton Mills in Effect.

BOSTON, Mass .- The first of the numerous reductions in wages announced in the cotton mills of southern New England states and a dozen points outside of that territory went into effect in all but one Fall River

corporation Monday and at a number of outside mills. Although about 32,-000 operatives had been cut down, no general strike occurred in any mill. Monday's cut averages 10 per cent and places the pay schedule on a basis with those paid here previous to the advance of March, 1902.

The reduction affected seventy-eight miils in Fall River, working nearly 25,-000 hands, and about a score of corporations elsewhere in New England, employing about 7,000 operatives.

The Fall River Iron works, operat ing four cloth mills, will cut down wages next Monday, and on that day also nearly all Rhode Island and Connecticut manufacturers will adopt the lower schedule.

A cut in New Bedford will go into effect in two weeks.

EDUCATION OF THE INDIAN.

Should Be Taught that He Must Work or Starve.

WASHINGTON-The annual report of Commissioner of Indian Affairs Jones advocates the education of the Indian in the rudiments of the English language and that he be taught that he must work or starve. The commissioner thinks this policy, in a generation or more, will regenerate the race, and that the Indian should be protected only to the extent that he may gain confidence in himself. There were 257 Indian schools in operation during the year, ninety-one being reservation boarding schools, twenty-six non-reservation and 149 day schools. The enrollment of pupils was 24,357, and employes numbered 2,282.

Mr. Jones strongly denounced the 'sun" and ome: religious "dances" of the Indians, and says that sworn reports of eye witnesses to these performances show they are revolting in the extreme.

St. Louis Will Make a Special Effort-New York Hopes to Get the Gathering-When the Convention Will Likely Be Held.

WASHINGTON-It is thought highly probable that the next republican national convention will be held in Chicago, and that the date of its meeting will be Tuesday, June 14. That is the opinion of several members of the national committee, although of course the place and date will not be decided until the meeting of the committee, which Chairman Hanna has called at the Arlington hotel in this city for December 11 and 12.

The opinion will not preclude the usual interesting and lively struggle between rival aspirants for the honor. Seven cities will this year present their claims, with more or less display of oratory and earnestness. These are Chicago, New York, Pittsburg, St. Louis, Milwaukee, Detroit and San Francisco. It looks as though the struggle would be narrowed between Chicago and St. Louis.

St. Louis will make a special effort to add a national political convention to the list of attractions in connection with the Louisiana Purchase exposition. It will be urged that there will be ample hotel accommodations, and attention will be called to the successful entertainment in St. Louis of the republican convention that nominated McKinley in 1896. The point will also be pressed that everyone who attends the convention will wish to visit the exposition, especially those who come from distant parts of the country, and thus will be able to avoid the time and expense of two journeys during the summer of the exposition and con-

vention. Pittsburg will press its claims seriously. It will promise excellent hotel accommodations and will urge good railway connections. Philadelphia has encouraged Pittsburg by keeping out of the contest, being content with having enjoyed the honor of entertaining the second McKinley convention in

Catarrh. Always Half Sick are the Women

Catarrh of any organ, if allowed to progress, will affect the whole body. Catarrh without nervousness is very rare, but pelvic

catarrh and nervousness go hand in hand. What is so distressing a sight as a poor half-sick, nervous woman, suffering from the many almost unbearable symptoms of pelvic catarrh? She does not consider herself ill enough to go to bed, but she is far from being able to do her work without the | Hartman Sanitarium, Columbus, Ohio.

THANK PE-RU-NA FOR THEIR RECOVERY AFTER YEARS OF SUFFERING.

Miss Muriel Armitage, 36 Greenwood Ave., Detroit, Mich., District Organizer of the Royal Templars of Temperance, in a recent letter, says:

"I think that a woman naturally shrinks from making her troubles public, but restored health has meant so much to me that I feel for the sake of other suffering women it is my duty to tell what Peruna has done for me.

"I suffered for five years with uterine irregularities, which brought on hysteria and made me a physical wreck. I tried doctors from the different schools of medicine, but without any perceptible change in my condition. In my despair I called on an old nurse, who advised me to try Peruna, and promised good results if I would persist and take it reg-ularly. I thought this was the least I could do and procured a bottle. I knew as soon as I began taking it that it was affecting me differently from anything I had used before, and so I kept on taking it. I kept this up for six months, and steadily gained strength and health, and when I had used fifteen bottles I considered myself entirely cured. I am a grateful, happy woman to-day."-Miss Muriel Armitage.

Peruna cures catarrh of the pelvic organs with the same surety as it cures catarrh of the head. Peruna has become renowned as a positive cure for female ailments simply because the ailments are mostly due to catarrh. Catarrh is the cause of the trouble. Peruna cures the catarrh. The symptoms disappear.

Female Weakness is Pelvic | greatest exhaustion. This is a very common sight and is almost always due to pelvic catarrh.

It is worse than foolish for so many women to suffer year after year with a disease that can be permanently cured.

Peruna cures catarrh permanently. It sures old chronic cases as well as a slight attack, the only difference being in the length of time that it should be taken to effect a cure.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

This was understood by the officers in question to mean that hostile Colombian troops would not be allowed to enter Panama at any point either by water or by land, and so far there has been no change in the instructions given to the naval officers on

this point. State department officials are await ing a report from the United States consul at Cartagena, respecting the refusal of the port authorities to allow him to communicate with the British merchant steamer Trent. It is the conviction at the department that the officials at Cartagena, which is in the province of Bolivar, are acting entirely without authority from the Colombian government at Bogota, and, in fact, it is suspected that a state approaching anarchy exists throughout Colombia.

NO PEACE FOR SAN DOMINGO.

1900.

Attempt to Compromise Fails and Bombardment Must Continue.

SAN DOMINGO, Republic of San Domingo, Sunday .- President Wos y Gil, in his efforts to bring about a peaceable arrangement with the insurgent forces which are besieging this city, today commissioned United States Minister Powell, the Belgian minister, the minister of Hayti and the Spanish consul to visit the insurgent camp. Consequently an armistice was agreed upon, to expire at noon, and the peace commission conferred with the insurgent leaders. The latter, however, refused to entertain the peace proposals and demanded the surrender of the city, but they prolonged the armistice until 6 o'clock this evening, after which hour the bombardment of San Domingo was resumed and will be continued until the

capital falls. The United States minister's resi-

lence was destroyed during the previous bombardment. The inhabitants of this city are in a state of panic. FEAR CANADIAN COMPETITION.

Inroads on the British.

LONDON-The Standard Sunday morning quotes statistics showing that there has been a curtailment of the production of the pig iron of the United Kingdom in the last six months amounting to 190,000 tons. The report says: "Notwithstanding this decline in output stocks have gradually increased | immediately, and continued until Nohere from 203,000 tons in May to 523,-000 tons in October, largely owing to Panglima Hassen, the Moro leader, the imports of the bounty-fed Canadian iron and steel. This Canadian competition, which is bound to grow, is viewed with misgiving."

Rumors of Dissolution.

LONDON-The fact that two prolonged cabinet councils were held Friday and Saturday gives rise to renewed rumors that a dissolution of parliament is imminent. A statement was published Sunday morning, however, declaring that at these meetings no questions of dissolution were brought up, and that the matters considered were foreign questions, the far east, etc.

New York has been suggested for years as an admirable convention city, and no doubt many of those who will take part in nominating the next president would enjoy a visit to the metropolis of the country. New York has always shown an air of indifference as to whether the convention should come there or not. But it is said that representatives of the republicanism organization there will appear this year and urge its selection. The probable date of the convention

corresponds with that of four years ago. If the plans of the republican managers do not miscarry congress will have adjourned before the second week in June, and that date will allow ample time for thorough preparations for the campaign, whose months of chief activity will be September and October.
