The Same Money-Better Goods.

There is no necessity for anyone to buy inferior meats of any kind from peddlers, when better and more reliable meats can be secured for the same money at Paul Anton's meat-market. He offers his customers inly good meats-nothing rejected, travel-injured or too poor for the market, but sound, fat, good stuff every time. And you can get such meat at from 5 to 7 cents for beef and 7 cents for pork. There Was A Mistake In The Date. Frank Freelove had Paul Miller arrested and tried before Squire Berry, Saturday morning, charged with hunting on the Freelove premises without permission. It is just two years since the popular druggists Lon Cone & Bro, began business in McCook, and our people have watched with much interest the progress of the firm in building up one of the finest stocks of goods and one of the best businesses in Southwestern Nebraska and the firm is to be congratulated on its success. They have their holiday add in this issue and wish to call special attention to the free picture drawing which they have arranged for their

customers to take place on Christmas day. Ask them about it. Their line of pictures for Xmas is undoubtedly the best ever shown in McCook and prices defy competition, while their stock of books, and the prices they offer on them, is a surprise to both competitors and cus-

tomers. The firm has demonstrated beyond question that they are careful judicious buyers, and consequently are in position to sell right, which their constant improving business shows that they do. They deserve a portion, at least, of your patronage and their customers are assured of satisfaction.
