Millionaires' Poor Stomachs.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Read what others say—Kearney County Nursery, G. A. Strand, Prop. Grover of choice nursery stock. Minden, Neb., Dec. 5, 1902. National Medical Co., York, Neb. About two weeks ago many of the farmers around here lost very heavily by hog cholera. I do not wish to write you a long, flattering statement about your medicine, but will say that I bought a quart can of Liquid Koal and the improvement was so marked that I bought a gallon can and used it with the result that my hogs all recovered and I did not lose one. My herd of over 200 are in fine condition and you may put me down as a constant user of Liquid Koal. G. A. STRAND. He who hesitates goes back.
