WHAT THE UPPER HOUSE WILL DO THIS WEEK.

# **EXECUTIVE SESSIONS LIKELY**

Democrats will Not Seek to Postpone vote on the Treaty-Consular Appropriation Measure in the Lower Branch.

WASHINGTON .- The senate this week will continue to discuss the Panama question. Speeches will be made Monday or Tuesday by Senator Fairbanks (rep.) and Senators Clarke (dem., Ark.), and Clay (dem.), all in support of the treaty. There also will be other speeches, but a temporary sessation may be expected later in the week, as there is a disposition on the part of democratic politicians to postpone further discussion on the question until response to resolutions of inquiry shall be received from the executive.

The democrats, however, have given assurance to the republican leaders that they will not seek delay merely for the purpose of postponing a vote on the treaty, which they will permit as soon as legitimate debate shall be exhausted. The present plan is to continue the discussion in open session, but if it becomes apparent that more can be accomplished by closing the doors, executive sessions will be ordered. It is now certain the solid vote of the republican side of the chamber for the treaty will be augmented by many democratic votes.

The suggestion was made in the democratic caucus Saturday that the entire democratic vote should be pledged in case assurance is given of concessions to Colombia, but it wac acted upon. The urgent deficiency appropriation bill will be reported during the week and will receive attention if the Panama question is sidetracked to meet the demands of the democrats for delay to digest the new information they hope to receive on the revolt. The canal question will be kept to the front as much as possible, even to the exclusion of appropriation bills.

The house this week will pass the diplomatic and consular appropriation bill, which was reported from the committee on foreign affairs last week. Mr. Hill, chairman of the committee, will call it up at the first favorable opportunity. District of Columbia

Consideration of the diplomatic bill will afford opportunity for a further wide range of discussion of such topics as members may desire to introduce.

The bill providing for the ratification of a treaty with the Sioux tribe of Indians on the Rosebud reservation, which reached the point of third reading Saturday, is pending and its consideration is a special continuing order so long as it does not interfere with appropriation bills or private calendar bills.

A number of bills of minor importance have found their way to the house calendar, some of which may be passed during the week, but such as threaten to participate extended debate must wait until more important legislation is out of the way.

#### SWINDLED THE GOVERNMENT.

Got Transportation for Indians and Sold It.

LOS ANGELES, Cal.-After having been sought all over the southwest by officers of the postoffice and interior departments, Peter Kokas, alias Pedo Calydarot, alias Jose T. Trujillo, was arrested here by the United States authorities. He is wanted on a charge of defrauding the superintendent and directors of the government Indian school at Lawrence, Kan., and the additional charge of using the mails for purposes of fraud, is against him

Early in December it is alleged that he wrote H. D. Paers, superintendent of the Haskell Indian school at Lawrence, stating that he had a large party of Indian boys who desired to enter school and asked that transportation be sent for them.

The transportation was sent, but when the supposed wards of the national government arrived it was found that all of them were Mexicans, to whom the transportation had been sold.

#### PERISHED ON THE DESERT.

Found.

SALT LAKE, Utah-The bodies of between twenty and thirty men who perished from thirst while attempting to cross the desert between Moapa and Los Vegas, Nev., have been found within a few weeks, according to advices received from the latter place. The men, it is believed, were mostly tramps who attempted to make the long journey on foot without sufficient supplies of food and water to carry

Many of the bodies found were without clothing, and it is believed that the victims had gone insane from thirst and had wandered about in a nude condition in search of water. Some of the victims are supposed to have drank water from "Dead Man's Well" which is located almost in the center of the desert. The water from this well, while temporarily alleviating thirst, is sure death to those who drink it.

The Democratic Caucus Resolution Regarding Adjustment of Affairs in Colombia.

WASHINGTON .- Mr. Hoar was in the senate Friday for the first time since the death of his wife a month

The democratic caucus resolution calling on the president to inform the senate whether all the papers in possession of the executive bearing upon answer has not yet been finally draft- the Panama revolution had been sent ed. It was therefore determined to to the senate was immediately taken defer its submission to the czar un- up, the especial question under consideration being the motion of Mr. Cul-Efforts are still being made to shape lom to add a clause relieving the presithis answer so as to prevent a rup- dent of the necessity of supplying the ture. This new delay is interpreted documents if considered incompatible

Mr. Cockrell contended that the senextreme efforts to bring the answer ate had no right to ask for information concerning a treaty while it was under negotiation, but it had the right to all possible information after the negotiation was completed and the treaty sent to the senate.

> Mr. McLaurin spoke in support of the resolution and in opposition to the amendment. Referring to the treaty with Panama Mr. McLaurin said that "the very first article of the treaty is a declaration of war against Colombia if Colombia sees proper to assert its authority in the face of the United States," and he argued that this being so the senate should have full information as to whether the United States had done anything in establishing the government of Panama that would justify us in taking the responsibility of provoking a possible war. The vote was then taken on the Cullom amendment inserting the discretionary clause, and the motion prevailed, 39 to 20, a party vote with the exception of Mr. McEnery, who voted with the republicans. The resolution was agreed to without division.

The resolution had no sooner been disposed of than the Bacon resolution looking to the adjustment of our differences with Colombia by arbitration was considered. Mr. Bacon did not contend that our right to recognize Panama should be arbitrated, but he Between Twenty and Thirty Bodies Are did hold that a question for arbitration was presented in the differences that have arisen over the dictation of the treaty of 1846.

Speaking of the proposition to tender the good offices of the United States in order to settle the controversy between Colombia and Panama, Mr .Bacon said that this mode of procedure would be inadequate because it would not take into account Colombia's differences with the United States. In this connection he reiterated that the Panama revolution was an accomplished tact and said he was further convinced that the canal would be built at Panama. This being true, he argued that "there is no more important duty than to remove whatever source of friction there may be."

It is further said that Russia will not answer until she feels reasonably assured that her answer will not have the effect of causing hostilities.

The officials here are gratified at an apparently authoritative statement that Japan does not intend to fortify the straits of Korea. They say it will remove one of the main obstacles, as the most recent negotiations showed that Russia was unalterably opposed to the creation of any condition in Korea which would lead to closing that outlet from the Sea of Japan.

A strong intimation has been made that the maritime nations of Europe and the United States would have taken up the question unless this declaration had been made.

REPLY TO JAPAN IS REFUSED ON MAIN POINTS.

Draft of Reply to China Has Not Yet Been Officially Presented, but Will Be Scon.

LONDON - The Daily Graphic claims to be able to affirm that Russia's draft of its reply has not yet been officially presented to Japan, but it has been communicated to M. Kurino, the Japanese minister at St. Petersburg, who has transmitted the contents to Tokio, whence it will be conveyed to the friendly powers.

The reply of Russia is firm, the Daily Graphic says, but it refuses to permit the reinsertion of the draft of the treaty of the two words guaranteeing the integrity and independence of China, which Japan insisted on in its last note. The clause proposed by Japan was that Russia and Japan should mutually agree to respect the "integrity and independence of China and Corea." Russia has now stricken out twice the words "China and Corea," and it is understood that this will close the negotiations.
