

All Cooks Look Alike

to a hungry man, but not so the steak, chop or piece of roast that is handed out to him. If it's tough and stringy, no one can blame a hungry man for saying things about the butcher, the cook and the meat that wouldn't look nice in print.

When the Man Is Hungry

then, indeed, does quality count highly. And if he has to rely on tidbits and fancy dishes to tempt his appetite, he will fully appreciate the meat we send out to our customers.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Our townsman Phil Gliem is in the race for representative. We have known Mr. Gliem for 18 years intimately. He is endowed with more than ordinary ability, is a cultured gentleman, thoroughly posted on all live issues of the day—and some dead ones. As a polemic he is worthy of the steel of any man in the county. If you think this overdrawn tackle him on capital or labor, the monetary or expansion questions. If nominated and elected Rosewater need not look around a poker dice to find him.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by L. W. McConnell.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.
