

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Sent for list of testimonials.

Lived on Milk and Sugar.

Emile Brazeau, who recently died at Montreal, while a child was medically placed upon a milk and sugar diet, and this he continued unchanged to his death, presumably from choice. His daily rations were three pints of milk and one pound of sugar. Although solid food was thus a thing unknown to him he is said to have been physically robust and suffered from no illness until the attack of croup which ultimately proved fatal.

Venom Collecting as a Business.

For a risky and exciting and profitable mode of earning a livelihood, a new Australian industry can be confidently recommended. It is the collection of snake venom, a substance that, like radium, is valued by the grain a pound of it is said to be worth \$25,000. It is in active demand by chemists. It is obtained from three species—the death adder, the brown adder and the tiger snake. The reptiles must be caught uninjured, and it goes without saying that the industry "demands considerable knowledge and skill in capture." Tiger snakes are the best, for they carry most venom. Snakes are still numerous in the Australian bush.

A Wonderful Discovery.

Broadland, S. D., March 28.—Quite a sensation has been created here by the publication of the story of G. W. Gray who, after a special treatment for three months was prostrate and helpless and given up to die with Bright's Disease. Bright's Disease has always been considered incurable, but evidently from the story told by Mr. Gray, there is a remedy which will cure it even in the most advanced stages. This is what he says:

"I was helpless as a little babe. My wife and I searched everything and read everything we could find about Bright's Disease, hoping that I would be able to find a remedy. After many failures my wife insisted that I should try Dodd's Kidney Pills. I praise God for the day when I decided to do so for this remedy met every phase of my case and in a short time I was able to get out of bed and after a few weeks' treatment I was a strong, well man. Dodd's Kidney Pills saved my life."

A remedy that will cure Bright's Disease will cure any lesser Kidney Disease. Dodd's Kidney Pills are certainly the most wonderful discovery which modern medical research has given to the world.

NEBRASKA STATE NEWS

NEWS IN BRIEF.

A barn belonging to Clyde Hayhurst, who lives three miles southeast of Shelby, was burned. A fire Kentucky jack lost its life in the flames.

The Sixth Nebraska district convention unanimously renominated Congressman Moses P. Kinkaid and named W. P. Miles and E. C. Harris as delegates to the national convention.

Polk county has lost by death another of its oldest citizens, Jacob H. Jones, jr. He was eighty-two years and he was a soldier of the civil war, belonging to Company G, of the 61st Ohio Infantry.

Fire near Filley destroyed the large barn of J. W. Wright with all its contents, including thirty tons of hay and grain. Nine head of horses and mules perished in the flames. Loss, \$3,000, partially covered by insurance.

Mr. and Mrs. William Houseworth celebrated their golden wedding anniversary at the home of their daughter, Mrs. C. B. Murphy, in Plattsmouth. They have resided in Nebraska for nineteen years and in Plattsmouth eight years.

Two weeks ago William O'Dell, a farmer who lives three miles west of Leigh, shipped a carload of cattle and a team of horses to South Omaha. He has not returned to his family up to this time, and it is reported here that he does not intend to.

The North and East Omaha Improvement association of Omaha has filed articles of incorporation. The capital stock is \$25,000. The association will work for the improvement and betterment of those parts of the city included in the corporation title.

Must Nebraska pay taxes on greenbacks? This is a question that Attorney General Prout must answer at the request of the state board of equalization. Several members of the board think that the greenbacks are not taxable. The greenbacks are the treasury notes of 1863. They are part of the public debt.

Mr. and Mrs. H. P. Hansen brought their little daughter to Grand Island in from the country for surgical attendance, the little one having been severely lacerated by a hog, and she narrowly escaped a most horrible death. She was playing about her father's farm and watching a pen of little pigs when she fell in and was attacked.

The farmers of Hitchcock and Hayes counties, Nebraska, have taken up the co-operative proposition, and will sell and ship their grain and livestock direct to market in the future without the intervention of a middle man. The Palisade Grain and Livestock company of Palisade has filed articles of incorporation. The capital stock is \$10,000.

The supreme court has decided that extra pay contracts for county officials are illegal. In the case of Wilson against Otoe county a former ruling is reversed and the legality of the contract denied. Wilson was county attorney and the commissioners promised to pay him for extra litigation. The agreement was illegal, declares the court.

Quartermaster John P. Johanson, late of the United States navy, is in Oakland on a visit with his cousin, Mrs. Alex Hammarstrum. He has been in the naval service ten years, and served on the cruiser Marblehead in the Spanish-American war when that craft was sent with a crew of volunteers to cut the Spanish cable at Cienfuegos.

Another damage case went against the Missouri Pacific Railroad company at Papillion in district court. William Jones brought suit against the company for damages to his crops, resulting from an overflow of water caused by the grade of that road banking the water. The case was tried before Judge Sutton, who rendered a decision giving Jones a verdict worth \$375.

D. C. McKillip, a prominent lawyer of Seward, the first lawyer in Seward county, died last week.

The Standard Cattle company has leased upwards of 1,000 acres of land around Amos and Leavitt to twenty-four tenants, taking a lien on their crops. In past years, up to 1903, the company farmed it own land, but it prefers to let the tenants raise the crops themselves and buy from them whatever the land produces.

John Haurigan of Fremont had a narrow escape from drowning in the Platte river a few days ago. He was out hunting with Frank Rhoades and broke through a piece of slush ice where the water was deep and the current swift. Fortunately, his gun rested on two pieces of solid ice or he would have been swept out of sight.

In the case of the state versus Geo. Boslough, at York, charged with gambling, the attorneys for the defense attempted to have the case dismissed on the ground that Attorney-General Prout had given his opinion in the same kind of a case that the law governing such cases was invalid. Judge Good held that the law was valid and the case will be tried.

After an extended trip throughout the United States, W. J. Bryan concluded one of the longest lecture tours he has ever made, and returned to Lincoln. During his absence Mr. Bryan visited cities in the far north and also in the east. He encountered almost every brand of climate.

The other day while a Union Pacific freight train was passing through Portal at full speed a man rolled out of a box car and striking the ground, bounced down a steep embankment into a pond containing three feet of water. He was dragged out and found to be unhurt.

DIP MANUFACTURER'S ANGRY

Object to the Wording of the Governor's Cattle Proclamation.

LINCOLN—By the issuance of his proclamation compelling cattlemen to dip their cattle in a sulphur and lime dip Governor Mickey called down the wrath of the dope manufacturers upon his head. Since the publication of the proclamation a number of representatives of houses that manufacture sure cures for lice, mange and such diseases have called upon the governor to protest. And, incidentally, it is said the proclamation is very displeasing to the railroads for the reason that Veterinarian Thomas advised users of the dip to buy the sulphur and lime and mix their own dip, and thus save express or freight on numerous barrels of water to a very little dope.

Governor Mickey called upon Attorney General Prout for advice as to whether the proclamation could be modified, and was informed that to modify the proclamation would nullify it; therefore it stands, and lime and sulphur will be the official dip.

SELECTS A NEBRASKA MAN.

D. E. Thompson Surprised Operator with Appointment.

LINCOLN—William D. Pittman, formerly of Lincoln, now night agent for the Burlington at DeWeese, Neb., will go to Brazil with D. E. Thompson, the United States minister, and will occupy the position of legation secretary. Mr. Pittman was called to Lincoln and was offered the place by Mr. Thompson. The young man was surprised and pleased, and, of course, accepted. The position is one any young man might be glad to secure.

Pittman was employed by the Western Union Telegraph company in Lincoln until December, 1902. Later he became a messenger and a short time ago went to DeWeese for the Burlington. He will leave for New York in a few days where he will meet Mr. and Mrs. Thompson and sail with them for Brazil, April 5.

TAKE CONNOLLY FOR MURDER.

Wealthy Ranchman of Sioux County Accused of Killing Neighbor.

SCOTTS BLUFF—Sheriff Campbell has arrested James Connolly for the murder of H. H. Miller which occurred at the Connolly ranch about twenty miles north of here. Connolly had sent word to the sheriff of Sioux county that if he was wanted he could be found at his home at this place. Later Sheriff Campbell received a message from Sioux county to place Connolly under arrest. Accompanied by his deputy and Constable Surmsey, he went to the Connolly home and arrested him and took him to Gering.

Much interest is shown in this murder as both parties were old ranchers in this part of the state and were wealthy. Details of the shooting, which resulted in the death of Miller, cannot be secured.

Miles Will Case Again.

LINCOLN—The appellees in the Miles will case have filed an additional brief. It is argued that there is no relief for the appellants, who complain of an adverse ruling in the district court, because the application for a new trial should have been made in the county court.

To Start Model Farm.

LINCOLN—Arnold Martin of Dubois will start an experimental farm at College View. He claims to be able to raise as much on twenty acres as is the general yield on 160 acres. By a system devised by himself he claims he can raise three crops in one season on the same ground.

Man and Wife Arrested.

RAVENNA—After several days of wait and a pursuit of over forty miles Deputy Sheriff Walter Sammons of Kearney succeeded in returning to Ravenna Herman Boltz and Minnie Boltz, his wife. The former is charged with assault with intent to kill by striking at Frank Cackora with a hoe, preceding this physical demonstration with the threat, "I will kill you," according to the testimony of the complaining witness and an eye witness. The latter is charged with plain assault.

Track Walker Olson Killed.

OMAHA—Hans Olson, a track walker for the Burlington road was run down and killed Monday evening on the track near the foot of Jones street, by Burlington switch engine No. 338. Olson was on his way to his supper when struck. He was cut to pieces. He leaves a wife and three children.

Boy Killed by Cornsheller.

EDGAR—A little boy, Karl Strecht, three and a half years of age, son of Henry Strecht, residing in the south part of town, was instantly killed by being run over by a corn sheller wagon.

Japan After Guard Officers.

A number of officers of the National guard of the state have received letters from an agent of the Japanese government or some one interested in the success of Japan in its present war, to join the Japanese army. The offer is that the recipient will receive a rank higher by one grade than he at present holds and his salary will be \$1,200 a year. Company B at Stanton is the first to report receipt of the offers. Adjutant General Culver believes it unlikely that any member of the guard will accept.

NO APPETITE—EMACIATED—NERVOUS.

Many Women During the Spring Months Suffer From Extreme Lassitude, Loss of Appetite and Nervousness—What They Need Is

Pe-ru-na, the Great Tonic

Miss Bertha M. Rush, 5435 Kincardine Street, Pittsburg, Pa., Superintendent Junior Society of Methodist Protestant Church, and leading Soprano of the choir writes: "Words cannot describe my thankfulness to you for Peruna. I was a sufferer from systemic catarrh for years and was in a very much run-down condition. I was extremely nervous and had the most foolish fears over nothing. I was thin and emaciated."

"My physician advised me to leave this climate, but as it was not convenient to do so at this time, I took the advice of a friend to use a bottle of Peruna. I took it faithfully and when the first bottle was gone I felt so much better that I bought six more and took them faithfully, after which I looked like a new woman."

"I gained in flesh, my appetite returned and all my old symptoms had disappeared. I am more than thankful to Peruna."—Miss Bertha M. Rush.

I AM TIRED.

Everybody is Tired—Spring Weather Does It—Every One Should Be Cautious.

Depression of the nervous system at the approach of spring is the cause.

General lassitude, dull, heavy sensations, continual tired feeling, with irregular appetite, and sometimes loss of sleep. Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and produces regular sleep.

That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quietly disappears when Peruna is taken. Thousands are daily testifying to its priceless benefit.

Mrs. H. Kassatt, 1309 West 13th street, Des Moines, Ia., writes: "I am happy to give my endorsement for your valuable medicine, Peruna, as I consider it a valuable medicine to take when the system is run down from overwork. About two years ago I felt that I must take a long rest as I had been unable to work for over a month and could not sleep at night and was in a very nervous, high strung condition. I decided to try what Peruna would do to build up my strength, and am pleased to say that I began to improve very shortly, and in less than two months I was able to take up my work, and felt better than I have for years. I take it now twice a year and find that it keeps me in perfect health." Mrs. Kassatt was for over ten years the manager of a plant furnishing ladies' wear and employing hundreds of women.
