"Vest pocket delegations" are usually obnoxious to independent men of spirit. They are never so distasteful to some as when they are not on the delegations. Nevertheless they ought not so to be chosen. But they always are. THE TRIBUNE sees no indication for a hope even that they soon will be otherwise elected.

J. W. CHAFFET, state inspector of high schools for the Nebraska university, has been elected principal of the Peru state normal school, succeeding W. A. Clark. The inspector is well qualified in every respect and his selection will doubtless clarify a rather muddled state, which has obtained in that educational institution for some time.

Small grain is growing rapidly. The corn is nearly all planted and most of it is up and growing well. The stand is satisfactory. The beets that were not planted too deep are doing nicely. Some were planted so deep they could not come up, and the labor and seed are lost. Beet growing is profitable in this locality, but the work must be done right and at the right time to make a success of the business.

Miss May Neel died on Sunday, May 22nd, of diabetes, and was buried Tuesday morning. Thus has death again come into our midst and with ruthless hand taken away from us one universally respected and beloved. A fond mother and father and two brothers are left to mourn her untimely death.

Good Spirits.
Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial bottles, 25c; regular size, 75c. L. W. McConnell.

Ladies and Children
who cannot stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by L. W. McConnell.
