

"ORDER CHOPS"

It's English, You Know

Our mutton chops are all built on the substantial English pattern. If you want French chops we cut them that way, but you get

Fine Mutton or Lamb

—the sweet, toothsome kind in either event. You never had any stringy chops from us, did you? Call, telephone or send the baby. Your order will have equally good attention.

D. C. MARSH

L. W. McConnell does not hesitate to recommend Kodol Dyspepsia Cure to his friends and customers. Indigestion causes more ill health than anything else. It deranges the stomach, and brings on all manner of disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion, dyspepsia and all stomach disorders. Kodol is not only a perfect digestant but a tissue building tonic as well. Renewed health, perfect strength and increased vitality follow its use.

Hump Back

SCOTT'S EMULSION won't make a hump back straight, neither will it make a short leg long, but it feeds soft bone and heals diseased bone and is among the few genuine means of recovery in rickets and bone consumption.

Send for free sample. SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. 50c. and \$1.00; all druggists.

LEBANON.

Mrs. John Porter has a sister-in-law and family from Denver visiting her. Al Bodwell is home after a very pleasant visit at Fort Collins and vicinity. E. C. Clark and wife are the proud parents of a nine pound boy, born June 15th. Van Wiggins and son Fred shipped three cars of fat cattle to Kansas City, Monday. The frequent rains of the last week have greatly interfered with the alfalfa stacking. L. E. Wier lost a valuable livery horse with colic after a drive to Wilsonville, one day last week. H. E. Waugh is in Omaha buying machinery. Before he returns he will visit his parents at Maquoketa, Iowa. Mr. and Mrs. Mitchell Young of Danbury attended the children's day exercises in the Presbyterian church, last Sunday. Earl Bishop's horse was struck by lightning in the severe storm of last week and Earl was shocked so as to be unconscious several hours. Alfred Eifert and niece Dora Eifert of Colorado Springs, after visiting here with friends and relatives, took the train, Saturday, for Fairmont, Neb. The farmers have decidedly stamped out, this year, from wheat to corn. Neither hardware man has sold any binders so far, but together they have sold 85 cultivators, many of them 2-row machines. Ben Rector of McCook was visiting with L. F. Nichols, a few days last week. Ben used to fire the engine for Frank and has many friends here. He went from here to Danbury to contract some carpenter work. Miss Edith, daughter of Frank Wagins of Houston, Tex., returned, Saturday, from a visit to E. W. Hill's ranch in the western part of the state. Since the death of her mother Edith lives with L. N. Wiggins on the Sappa. The children's day exercises given in the Presbyterian church, Sunday, June 19th, called out a large congregation, and they were not disappointed. The songs were well rendered, the prayer by Rev. Scofield touching, and the house decorated with flowers and filled with the music of two caged canaries. Mrs. A. C. Bartholomew with Misses Susan and Clara Horton drove over to Walter M. Pennington's in Missouri Ridge precinct, last Friday. Miss May Bartholomew, teacher in district No. 69, road home with them in the evening. Miss Bartholomew's school will close on June 23, when the pupils will render an appropriate program. Harden Smith and Annie Evans were married in Norton, Kansas, June 8. Harden is a successful young man, a plasterer by occupation, and Miss Evans was a school teacher in Decatur county, Kansas. They are at home in the Turner property. At present Harden is plastering the new hotel and will go to the William McCarty building next.

Mr. White of Harlan county, Nebraska, drove up and spent a few days with L. R. Jolly, last week. They were boys together in Missouri and their thoughts very naturally went back to boyhood days. They spoke of the time they got the long woolled sheep to keep them up in the water while they learned to swim—and how they were too much for the sheep and it drowned; how they hunted together, and could find nothing else so shot their neighbor's goose. Oaking to the death of his father, Martin Johnson was not permitted to attend the Epworth League convention at Minden. M. C. Stevens went in his stead. Others attending were: Mrs. Hoskins, Miss Emma Hoobler and Ed Morris. Mr. Stevens reports a good attendance at the convention. While in Minden he visited with his brother. The latter had sold his farm near Minden for \$50 per acre. Is not decided yet where he will locate. He would be pleased to have him locate near Lebanon. The correspondence from Coleman precinct reminds of what Uncle "Hen" Yingling told the writer about their early experiences in the west just over the line in Kansas. There were eight in the family. When they arrived in 1880 the prairie was too dry to plow sod. They moved into an 8 x 10 dugout—that is they moved in what they could and left the stove outside. Aunt Kate used to cry most of the time to go back east where rent was half the crop,—but they stayed and they raised the boys. Two years ago they moved to Lebanon. Last year, though old in years, Aunt Kate tended her cabbage patch, absolutely refusing to allow anyone else hoe for her. She sold \$20 worth of cabbage, giving away fully that much,—and they had plenty left.

MARION.

School meeting will be held at Shiloh schoolhouse, Monday, June 27. J. C. Lafferty is having some surveying done; he expects to build some hog fence. We wish our young people would respect Sunday and come home from the dance a little earlier. We were in hopes that our little village would not mar its name, but from the wickedness that meets our eyes daily we fear it would rank among the first in size. **Mad Young Again.** "One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25 cents at L. W. McConnell's drug store.

Johnson and wife are expected from Plattsburgh to spend the Fourth. Mrs. Charles Colling of Indianola visited with her sister Mrs. Nathan Tubbs, last week. A deaconess from Omaha will speak at the church Sunday morning in the interest of the M. E. hospital at that place. The crops are looking fine, some fields of corn are quite weedy, but the farmers by hard work are getting them cleaned out. Scale books. Typewriter papers. THE TRIBUNE.

THE HUMAN LOTTERY

"Ah, if only I were beautiful how happy life would be." Many a forlorn maid has said this as she looked into the mirror. It is the one possession in the lottery of human life which woman would not refuse.

BRADFIELD'S Female Regulator

for young girls on the threshold of womanhood is invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need a tonic, building up and their blood cleansed. Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties and as a regulator of the menstrual flows. Painful, obstructed and suppressed menstruation is permanently relieved and all diseases peculiar to her genital organs are cured by it. Regulator clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched conditions of the skin and cures sick headache at once. Of druggists at \$1.00 per bottle. "Perfect Health for Women" can be had free by sending us your address. THE BRADFIELD REGULATOR CO., ATLANTA, GA.

A Cure for Piles.

"I had a bad case of piles," says G. F. Carter of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by L. W. McConnell.

We hope it will continue. Ed Shogrange shipped a car load of cattle and one of hogs this week. He is one of the leading stock growers of this section. Messrs. Theobald and Athey have moved from their roost over the post-office to their comfortable home near the mill. Georgia Catlett, Nellie Daniels and Sam Walkington are Y. P. S. C. E. delegates to the convention at Alma, this week. Farmers are having a battle with the weeds. The corn looks well and is growing fast and all it takes to be in first class condition is cultivation. Charles Cammock took his last load of furniture from the back door of the store that so much would not be said about it. Well we won't mention it but just say getting the furniture was the proper thing to do for he and May Blackson were united in marriage this week and we wish them prosperity and happiness also much enjoyment of the new furniture. Do Not Be Imposed Upon. Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Cherry season is upon us and the crop is immense. The peach crop will be good also unless something happens, in fact everything is just booming and old Nebraska is blooming like the rose. John Longnecker had the misfortune to lose 15 head of cattle last week by lightning. The cattle were grouped along close by the wire fence which is supposed to have been the cause of the great fatality among them. The Congregational people held their children's day exercises Sunday. The church was crowded and a great many had to forego the pleasure of witnessing the entertainment as there was not even standing room in the church.
