Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by all druggists.

The Lebanon people were badly disappointed in the program the Fourth at Danbury. The grove was only about 20 feet wide and right on the bank of the creek. They would allow no one to bring top buggies inside the inclosure or within 1/4 of a mile of the proceedings. In order to see the parade of the Maccabees many took seats in the grand stand that was intended for the spectators at the ball game. It seems that the grand stand was very poorly constructed for it went down and many were injured. Some of those from Lebanon receiving injuries and bruises were: A. P. Bodwell wrist broken, Mrs. A. P. Bodwell head hurt and other bruises, Mabel Eiker bruised about head and rendered unconscious, Flora Waugh rendered unconscious and badly bruised. One mother was struck on the head and she fell on her infant child and fainted away. The child was unhurt. Many others were hurt, in fact everyone that was in the grand stand was hurt more or less. Wm. Hindman barely escaped from being caught under the falling pile.

The ball game between Danbury and Lebanon for \$50 ended in a dispute in the last half of the fourth. The score stood 7 to 8 in favor of Danbury. The umpire gave general dissatisfaction. The crowd from Lebanon repeatedly asked in vain for just decisions. The first rank decision was made good by another rank

decision in Lebanon's favor but after that he went from bad to worse refusing to call the Danbury runners out on cases and not allowing the Lebanon manager or anybody else to say a word. Every time anybody would ask a reason for a decision he would pull out his watch and threaten to call the game. After calling the Lebanon pitcher a liar the pitcher slapped him in the face and left the ground whereupon there was a general stampede to the diamond. Ed Smith of McCook playing second for Danbury screamed out that if anybody from Lebanon was not satisfied with the turn of affairs he would give them entire satisfaction. About \$45 was placed under his nose at once and Lebanon's right fielder claimed not to be satisfied but Smith was wiser at once. We tried to see some way that the matter could be settled peacefully but failed, Danbury absolutely refused to put in another umpire, the umpire refused to change his decisions so the Lebanon team refused to play any longer against nine men and the umpire. The decisions were so rank that the resident minister called it an open steal and asked for another umpire. We appeal to the business men of Lebanon. We have a good grove, the best band for miles around and we never go to Danbury to play ball without they import a lot of men. Why not stay at home. Every town in a radius of 40 miles was represented at Danbury and it would have paid them to be here fair.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on kidney and liver ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower 25c; regular size, 75c. At all druggists.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Digesta Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. DeWitt & Co., CHICAGO, ILL.
