Red Willow county land is by many underestimated. It is of much value as farming land. Be wise and do not undervalue Western Nebraska land. Eighteen sections of land in range 7, Nebraska, was once advertised for sale at \$1.00 an acre. Furnas county land has doubled and trebled in value within the past three years. All the above land should be sold by Christmas. Consider the terms, and with proper farming, it will pay for itself. Use the phone, or wire if you deem it necessary—it often beats the mail, if some other fellow is writing. I have 40 farms in Frontier county for sale at \$4.00 an acre up. Send for list.

TESTIMONIAL

I used L. K. for hog cholera and it was all right. It cured my hogs. I had three sick ones and they all got well and done fine. I also used it for chicken lice and mites and it is all you claim for it. It is the only medicine for hog cholera, I think. GUTLIER-JERRE.

Harrington, Neb., Dec. 11, 1902. I am using Liquid Koal and am well pleased with it. I am sure I saved my hogs with it last year, and am going to keep it in stock all the time as it is the best thing I ever had on the place for everything it is intended for. for young girls on the threshold of womanhood is invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need a tonic, building up their blood and cleansing.

Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties and as a regulator of the menstrual flows. Painful, obstructed and suppressed menstruation is permanently relieved and all diseases peculiar to her genital organs are cured by it. Regulator clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched conditions of the skin and cures sick headache at once.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.
