 Quite a number of teachers from this part of the county attended teachers' meeting in Danbury, Saturday.

 W. M. Smith has bought 4 lots, north of W. McCarty, and he and Mrs. Smith were in, Saturday, looking them over.

coming from Chicago to care for Frank's children. Mrs. Hall, the children's grandmother, will stay until Miss Hoobler arrives. Mr. Hall left for home, first of the week.  
 So much of the wit is not worth the reading, but this made us laugh: "He—'What did your father say when you told him my love for you was like the rushing river?' She—'He said 'dam it!'"  
 Hattie Weatherwax is teaching in the Irving district and is using a new way of teaching geography. She has a sort of a box on legs filled with soil and the children draw their maps in the dirt; seeing is believing.  
 Jolly & Devoe have sold their interest in the hardware to E. S. Moore of Red Willow and possession will be given soon. The firm is Stevens & Moore; their wives are sisters. Mr. Moore's family will stay at the Willow until February or March.  
 Base ball has become such a craze in Lebanon that the small boys the size of Lawrence Stevens have organized a nine and Lawrence has a suit with quilted breeches and "Lebanon" on the shirt. Mrs. Stevens didn't have time to finish them until last week; rather late she says but it does Lawrence a lot of good.  
 The writer had 2 sows farrow 18 pigs, during the severe weather of last week, and by carrying them back and forth from pen to house until Sunday saved 15 of them. We were wishing with all our might for fair weather while our neighbor was wishing for cold weather to kill the grasshoppers that were eating off his wheat.  
 We met the wife of a county superintendent from Iowa, recently, and she told us THE TRIBUNE was being sent them by her mother in Bartley, and that they had wondered who the correspondent from Lebanon was—the items were so newsy. This professor wanted the writer to go ahead and study to be a teacher; we used to go to school to him.  
 Charles Dunton has decided it would take too long to build an adobe so he is building a tar paper shack such as is used in many places in Colorado. It is made by nailing plain boards up and down to the frame and covering them with tar paper, which is held in place with slats about a foot apart. The inside is lined with building paper. This makes a very warm house and will last for years if the hail doesn't strike it.  
 Early in the 80s a farmer dug a well on his farm near where Lebanon is now; the wife pulled the dirt out hand over hand with a windlass. Over ten years ago he decided to fill up the well and drill a new one, but before filling it up he planted a tree in it. The tree died back at first, being such a large one, but the writer was by the farm, last week, and the tree has made a good growth and we thought if all old wells were planted to trees when you fell in you could climb out again.

It contains no opiates and is safest for children and delicate persons. For sale by A. McConnell.

**Not A Sick Day Since.**  
 "I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles, and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at L. W. He stepped off the cars while they were still moving and was drawn under the wheels. He had one arm and both legs taken off. He was just returning from a visit home. His classmates raised \$10.00 to help pay the expenses and covered the casket with flowers.

 In the district court of Red Willow county, state of Nebraska.  
 On reading and filing the petition duly verified of W. S. Fitch, guardian of the person and estate of Edward L. Nettleton, insane, for license to sell real estate.  
 On reading and filing the petition duly verified of W. S. Fitch, guardian of the person and estate of Edward L. Nettleton, insane, for license to sell the following described real estate, to-wit: The south half of the southeast quarter and lot eight, in section twenty-nine, and lot five in section twenty-eight, all in township three, north, in range thirty, west of the 6th P. M., for the purpose of mortgaging the proceeds of the sale in interest-bearing securities or some productive property; and it appearing from said petition that said real estate is unimproved and that but little income can be obtained therefrom, and that it would be for the best interests of all persons interested in said estate that the same be sold and the proceeds thereof invested in interest-bearing securities or some productive property.  
 It is therefore ordered that the next of kin of said Edward L. Nettleton, insane, and all persons interested in said estate, appear before me at Chambers, at my office in the court house in the city of McCook, Red Willow county, Nebraska, on the 30th day of December, 1904, at nine o'clock a. m., to show cause, if any there be, why license should not be granted to the said W.  And it is further ordered that notice of this order and said hearing be given by publishing a copy of this order once each week for three successive weeks in THE MCCOOK TRIBUNE, dated this 11th day of November, 1904.

# PROVERBS

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

**We will send you the penny, i. e., a sample free.**

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Red Willow county land is by many underestimated. It is of much value as farming land. Be wise and do not undervalue Western Nebraska land. Eighteen sections of land in range 7, Nebraska, was once advertised for sale at \$1.00 an acre. Furnas county land has doubled and trebled in value within the past three years. All the above land should be sold by Christmas. Consider the terms, and with proper farming, it will pay for itself. Use the phone, or wire if you deem it necessary - it often beats the mail, if some other fellow is writing.

I have 40 farms in Frontier county for sale at \$4.00 an acre up. Send for list.
