Dodd's Kidney Pills build up Run-down People. They make healthy Kidneys and that means healthy people. What Mr. and Mrs. J. L. Duffey say:

Nora, Ind., Feb. 6th.—(Special)—That the sure way of building up run-down men and women is to put their kidneys in good working order is shown by the experience of Mr. and Mrs. Joseph L. Duffey of this place.

Both were weak and worn and dispirited. They used Dodd's Kidney Pills and to-day both enjoy the best of health.

Mr. Duffey says: "I was very weak and almost past going. I tried everything which people said was good but got no benefit till I tried Dodd's Kidney Pills. They helped me in every way and I am strong and well now."

Mrs. Duffey says: "I was so bad that if anybody would lay down a string I felt I could not step over it. Since taking Dodd's Kidney Pills I can run and jump fences."

WORK THIS WEEK

ELECTORAL VOTE WILL BE CANNVASED WEDNESDAY.

VOTE ON THE STATEHOOD BILL

All Amendments and Measure Itself to Be Disposed of at Once—Railroad Rate Legislation Has the Right of Way in House.

WASHINGTON—The senate has laid out an extended program for itself this week. According to this plan Monday and Tuesday will be given over almost entirely to the statehood bill. Wednesday the senate will proceed to the hall of representatives and assist in canvassing the electoral vote. On Monday the statehood bills will be displaced temporarily to permit the managers of the Swayne impeachment trial to present the replication of the house of representatives to Judge Swayne's answer in the proceedings against him, but it is not expected that they will consume much time.

The republican steering committee has decided that the pure food bill shall become the unfinished business after the disposal of the statehood bill, but it is not believed that much if any time will be found this week for its consideration.

The agricultural appropriation is now under consideration and will continue to be discussed as opportunity offers and it is expected that by the time it is out of the way the District of Columbia and the Indian bills will be ready for consideration. With the statehood bill out of the way, the policy will be to press the supply bills persistently and nothing but the Swayne trial will be permitted to stand in their way.

In accordance with the unanimous agreement reached the statehood bill and all amendments offered to it will be voted on before adjournment on Tuesday.

The contest over some of the amendments to the bill will be sharp and may continue the session into the night.

Railroad rate legislation is to have the right of way in the house of representatives during Monday and Tuesday and Wednesday. The rule making the bill giving the Interstate Commerce commission power to fix rates a special order during sessions which are to begin an hour earlier than usual on Tuesday and Wednesday will be the subject of lively debate on Monday. Opposition to the bill which has been agreed on by the republicans on the committee of interstate commerce will be voiced in the debate on this rule.

This opposition may come from the minority developed in the republican conference Friday, as well as from the democrats of the house. If the two should unite to defeat the rule those who have counted noses say this could be accomplished. Should the rule be adopted, as is the belief of the majority leaders, there will be no opportunity to amend the bill. The democrats will be given an opportunity to show their strength on the Davy bill to be offered as a substitute for the Esch-Townsend bill, when the time comes to vote on that measure at 4 o'clock Wednesday. The discussion will be interrupted on Wednesday to permit the two houses of congress to assemble in the hall of the house and count the electoral vote for president and vice president.

NEBRASKA MINISTER DIES.

Rev. C. E. Bentley Passes Away at Los Angeles.

LOS ANGELES, Cal.—Immediately after entering a room in a cheap lodging house with a young woman heavily veiled, Rev. C. E. Bentley of Lincoln, Neb., dropped dead in this city Sunday night. His companion attempted to restore him, but, seeing he was dying, fled. Detectives have been unable to find her. An autopsy revealed symptoms of heart trouble.

Rev. Bentley and his wife had been here four days. He was candidate for president on the silver prohibition ticket in 1896, and has been prominent in temperance work in Iowa and Nebraska.

The woman with whom he entered the lodging house and asked for a room was about 30 years old and handsome. Bentley's widow says her husband was innocent of wrong. She says he has been afflicted with heart disease for months. An inquest will be held and the widow will take the body to Lincoln for burial. The police do not suspect murder, but are scouring the city for trace of the woman.

WASHINGTON—The house committee on the judiciary, by a vote of 8 to 5, ordered a favorable report on the Clayton bill repealing the bankruptcy laws. A minority report will be made to the house by Mr. Powers (Mass.).

Repeat of Bankruptcy Laws.

Will Try to Adjust Rates.

CHICAGO—Traffic officials of the gulf roads will meet in St. Louis to decide how much lower the export rates on corn from Omaha to the gulf shall be than those to Atlantic ports. At a meeting of executive officers the eastern roads urged their western connections to reduce rates to prevent the gulf lines from having a differential or lower rate by more than three cents. It was decided that no further cuts should be made to the Atlantic ports until after the meeting at St. Louis.

MOSCOW—At a private meeting of the provincial nobility after a discussion of reform proposals, it was decided to vote for a modified form of an address to the government to the effect that the members of the nobility are eagerly awaiting a word from the emperor which would show that the bonds uniting the throne and the people are still unbroken and that the emperor would, when he deemed it advisable, summon representatives of the people to participate in the government.

THAT BEEF TRUST.

No Evasion of Decision Relative Thereto.

WASHINGTON—It can be said by authority that unless the corporations constituting the alleged "beef trust" shall heed the injunction made permanent by the decision of the supreme court of the United States, the government will institute proceedings against the individual members of the corporations to enforce the decision of the court.

The proceedings will be under the criminal law, if such can be instituted. The minds of the president and members of his cabinet are made up fully on the question. They have determined that the "beef trust" shall obey the law, and that the highest court in the land has upheld the hands of the administration, it is said they will permit no further "dilly-dallying" with the subject.

At Tuesday's cabinet meeting the president and Attorney General Moody shared in the congratulations of the members of the cabinet on the result of the "beef trust" cases before the supreme court.

The president, who made no attempt to conceal his satisfaction at the decision of the court, united with the members of the cabinet in congratulating the attorney general. The subject was considered briefly at the meeting, but no definite conclusion was reached as to what action, if any, the government would take in the future, except the general determination to enforce the law as it has been construed by the courts. The president and the members of the cabinet regard the decision of the supreme court as a signal triumph of law as they have viewed it and are prepared to carry it into effect absolutely.

All the members of the cabinet were present at the meeting except Secretaries Hay and Wilson, the former still being confined to his home by a severe cold.

Again, the president emphasized his interest in the arbitration treaties pending before the senate. He holds that the opponents of the treaties are proceeding on wrong premises in maintaining that they may be used by foreign countries as a basis for action against certain of the southern states in the collection of old claims.

Some departmental matters were considered at the meeting, the most important of which was the action of Postmaster General Wynne in notifying John G. Capers, republican national committee man of South Carolina, that postmasters in that state will be dismissed from the service if, in the future, they pay the expenses of delegates to political conventions. The action of the postmaster general was approved by the president and the cabinet. In principle the declaration of Mr. Wynne will apply to all other states where such methods are practiced.

FAILS TO FIT CASE.

House Bill on Railroad Rates Thought To Be Faulty.

WASHINGTON—Congressman Hinshaw called at the white house to confer with President Roosevelt on matters pertaining to the Fourth Nebraska district and also measures pending before the house relating to subjects of legislation of paramount public interest. Incidentally, the talk turned upon the bill which Mr. Townsend introduced in the house January 31, providing for additional powers to be vested in the interstate commerce commission. Mr. Hinshaw expressed the opinion that while the Townsend bill would meet the public demand for a better regulation of railroad rates, it does not go far enough, and since that bill will be considered by the house within a few days, Mr. Hinshaw desired to learn whether its provisions would be satisfactory to the administration. The president, however, did not express approval or disapproval of the Townsend bill, but Mr. Hinshaw left the white house with the impression that the president would like to the present session enact a law empowering the interstate commerce commission to fix rates, to prevent discrimination between shippers, to abolish private car lines, and to give the commission authority to enforce its decrees.

Mr. Hinshaw is of opinion that nothing short of such legislation would satisfy his constituents, but he is not at all sanguine that the senate would pass such a bill while it is not yet settled that the house will do so.

A Well Deserved Tribute.

The awarding of the Grand Prize to the Winchester Repeating Arms Co., New Haven, Conn., at the St. Louis Exposition, confers upon this company the highest mark of distinction attained by any manufacturer of guns or ammunition in the world. Although a great number of medals were given to this class of manufacturers, the only award of a Grand Prize was to the Winchester Repeating Arms Co. and given as it was in competition with the leading manufacturers of all countries, it testifies in a most decided way to the superiority of Winchester rifles, shotguns and ammunition over all other makes. The success attained by the Winchester Repeating Arms Co. at this exposition is simply in line with the honors received in the past. At the Paris Exposition, Winchester arms and ammunition received the Grand Prize; and wherever they have been exhibited they have always been given the highest possible prizes. This latest recognition of superiority to the natural result of thirty years of careful and successful endeavor in maintaining the high quality of Winchester rifles, shotguns and ammunition.
