**Can Live Without Spleen.**  
That a human being can live without a spleen has been thoroughly established. At one time it was supposed that the spleen produced the red blood corpuscles of the white ones, or charged the one into the other; but since it is known that the bone-marrow has something to do with the production of corpuscles, and that spleenless men can live in perfect health, more operations are being performed for the removal of this organ.

## Health of American Women

A Subject Much Discussed at Women's Clubs—The Future of a Country Depends on the Health of Its Women.

At the New York State Assembly of Mothers, a prominent New York doctor told the 500 women present that healthy American women were so rare as to be almost extinct.

This seems to be a sweeping statement of the condition of American women. Yet how many do you know who are perfectly well and do not have some trouble arising from a derangement of the female organism which manifests itself in headaches, backaches, nervousness, that bearing-down feeling, painful or irregular menstruation, leucorrhoea, displacement of the uterus, ovarian trouble, indigestion or sleeplessness? There is a tried and true remedy for all these ailments, Lydia E. Pinkham's Vegetable Compound. It restores more American women to health than all other remedies in the world. It regulates, strengthens and cures diseases of the female organism as nothing else can. For thirty years it has been curing the worst forms of female complaints.

Such testimony as the following should be convincing:  
Mrs. T. C. Willadsen, of Manning, Ia., writes:

"Dear Mrs. Pinkham:—  
"I can truly say that you have saved my life and I cannot express my gratitude to you in words. For two years I spent lots of money in doctoring, without any benefit for menstrual irregularities and I had given up all hopes of ever being well again, but I was persuaded to try Lydia E. Pinkham's Vegetable Compound and three bottles have restored me to perfect health. Had it not been for you I would have been in my grave to-day."  
Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Miss Mattie Henry, Vice-President of Danville Art Club, 429 Green St., Danville, Va., writes:  
"Dear Mrs. Pinkham:—Many years' suffering with female weakness, inflammation and a broken down system made me more anxious to die than to live, but Lydia E. Pinkham's Vegetable Compound has restored my health and I am so grateful for it that I want every suffering woman to know what Lydia E. Pinkham's Vegetable Compound will do for her."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. No other medicine in the world has received such unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine for you need the best.

A light heart, a cheerful countenance, and all the charms of grace and beauty are dependent upon proper action of the bodily organs. You cannot look well unless you feel well.  
Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

## YOU'RE NEEDED

The section traversed by the Missouri, Kansas & Texas Ry. is very comprehensive. From St. Louis, Hannibal or Kansas City to Galveston or San Antonio is a stretch of over one thousand miles of territory, capable of sustaining a population many times that of the present. A thousand industries, soil of various degrees of fertility, a wonderful produce of plants and crops, oil, gas and minerals are to be found. Peopled by eager, pushing, wide-awake citizens who believe in the future of the Southwest and see the virtue of encouraging enterprises of every description and of getting more and better facilities, the opportunity is apparent.

The Southwest is really in need of nothing save people. More men are needed—you're needed. There are vast areas of unimproved land—land not yielding the crops of which it is capable. The same thing in a different way is true of the towns. Few lines of business are adequately represented. There are openings for mills and manufacturing plants, small stores, banks, newspapers and lumber yards. The oil and gas fields of Kansas, Indian Territory and Oklahoma are practically new and offer wonderful opportunities for development along commercial lines.

THE OPPORTUNITY IS NOW.

The M. K. & T. has no lands for sale, we are simply interested in the upbuilding of the country. We believe in the Southwest, and know that with its present needs and opportunities, the prospects are brighter and the future more hopeful than in the older and more densely populated States. We want you to investigate conditions and satisfy yourself of the truthfulness of this.

On February 21st and March 7th and 21st, the M. K. & T. Ry. will sell excursion tickets from St. Louis, Hannibal and Kansas City to Indian Territory, Oklahoma and Central and Eastern Texas, at
