Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by A. McMillen.

If taken this month, keeps you well all summer. It makes the little ones eat, sleep and grow. A spring tonic for the whole family. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets.
L. W. McConnell.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free.

Because of the picture in the form of a label on the wrapper of every bottle of Emulsion you buy.

"After all, there is nothing like DR. PRICE'S CREAM BAKING POWDER I have used it with satisfaction for nearly forty years."

Death of an Early Settler.

The appended account of the recent death of one of the earliest settlers of this part of Red Willow county is copied from the College Corner (Ohio) News of March 2, 1905:
The above is a likeness of Union county's former treasurer, who died at his home in Liberty, Ind., on February 15th, at 11:30 p. m. He had been in public service since he attained his majority as teacher, treasurer, trustee and expert accountant. As the present auditor, Mr. Clinton Gardner, remarked on the day of his funeral "he could ill be spared." Education in his case had attained its highest object,—that of complete citizenship. His friends were numbered by the hundred, and the auditor of the Liberty M. E. church was not sufficiently large to accommodate the sorrowing for one of the best men that Union county ever produced. His age was 52 years. The cause of death was throat trouble which developed into pulmonary disease. Mr. Eaton had known for eight years that his ailment would terminate fatally, but was supremely patient, and in a cheerful way continued to discharge his duties, seldom referring to his condition. He made a full and complete settlement of his business as township trustee only a few days before taking his bed. In every official capacity he was accurate, efficient and popular. His private life was without a blemish. His church preference was for the United Brethren, but he was thoroughly interested in the progress of every religious effort. He was an energetic Sunday school worker, serving as either teacher or superintendent as long as his health would permit. The life of G. W. Scott Eaton was an inspiration to the citizenship of this section. His sorrowing wife and two interesting children—a son and daughter—have the sympathy of all in their loss of a loving husband, and a kind indulgent father.

How does "the balance of trade" stand in Red Willow county? Are we not sending out more money than we are receiving from beyond our country lines? If so, are we getting rich as fast as we might, by following a wiser policy? We believe that if a hundred of our most competent farmers, stockmen, gardeners, etc., would go into the mail order business and sell their live stock, poultry, etc., all over the country, Red Willow county would in a few years be piling up money in its banks and this would enable us to develop manufactures, another source of wealth. We looked at a copy of The Homestead, of Des Moines, Iowa, the other day, and saw the advertisements of scores of farmers in distant places who are getting rich by selling their products by mail. The Homestead is the leading advertising medium in the West for lands, live stock, etc. If any readers of THE TRIBUNE would like to embark on one of these profitable lines, we should be glad to place them in touch with this valuable farm paper.

Seed Corn Bulletin.

The Burlington has prepared a pamphlet intended to assist farmers in the selection of seed corn. The bulletin is from the pen of C. P. Hartley of the U. S. Department of Agriculture and may be depended upon to contain the latest scientific information obtainable on the subject. Call on George S. Scott, agent, McCook, Neb., for copies.

COLEMAN.

Joe Sanders has sold his farm and in a month will wish he hadn't.
J. B. Smith bought Ed Osbaugh's farm, and Mr. Osbaugh has moved to Colorado.
F. Hackencamp, D. J. Osburn, and Mr. Kimberling each took fat hogs to McCook, Monday.
Mrs. Rawe, who has been here several weeks, visiting her daughter, Mrs. Griffiths, has returned to her home in Dodgeville, Wis.
B. F. Wilson practices expansion and has added another eighty to his farm, making 400 acres in this farm and he has another one.
Miss Minta Rozell closed her school in district 74 on last Friday week, with appropriate exercises. She had a program of 34 numbers. She treated her scholars to a lot of fine oranges.
At the close of Sunday school, a week ago last Sunday, at the Coleman school house Wm. Sharp gave a very interesting talk on the willingness of some people to do their full part in the Sunday school, class meeting, prayer meeting, Epworth League work, at the organ, in singing, in testimony, in fact always ready to do their part in any way that would advance Christ's kingdom on earth. There was one that never faltered, never shook their head when asked to lead in song, preside at the organ, teach a class, or lead at the Epworth League. He unwrapped a package and held a large beautiful album in his hands; and walking over presented it to Miss Emma Corner. She was taken completely by surprise, and so affected that she just cried and the tears flowed freely; in fact there was hardly a dry eye in the house. Miss Emma came here with her parents the 23rd day of June, 1884. She was then just a wee little tot. She has grown to womanhood here, and knows no other place as a home but this. In a few days she bids a last long farewell to childhood's happy associations, to the old home where she spent so many happy days and years, and goes with her parents to their new home a few miles west of Culbertson, on the Frenchman. The album was a present to her from Uncle Billy Coleman.
There was a social at D. Griffiths, one week ago last Saturday evening, in honor of Miss Eva Rawe of Dodgeville, Wis. Miss Eva came here last summer and by her kind, unselfish ways, won the best wishes of all she met, who hope she may return in the near future, and she will find a warm welcome awaiting her. She taught a very successful six-months term of school at the Coleman school house. She treated her pupils to a liberal supply of fine oranges the last day of school. The closing exercises were held in the evening and following is the program:
Opening address—Harry Long
A School Teacher's Reflections—Etel Sharp
Song—Precious Days—School
Recitation—His Compensation—Milton Sharp
Song—The School Bell—School
Recitation—A Little Girl—Blanche Long
Solo—Three Hands—Joseph Eckhard
Solo—Little Black Me. Affair—De Griffiths

The Pioneer Hardware Store

A Present to Every Farmer's Boy and Girl
G. W. Predmore & Sons are so anxious that every farmer should know of Skow's Rotary Disc Sharpener and the wonderful work it is doing in their shop that they are willing to give a nice present to every boy or girl that will READ THIS AD TO THEIR FATHER and induce him to bring us a trial set to be sharpened. This wonderful disc sharpener in our shop is one of only 6 in Nebraska. Discs sharpened on this machine do better work and stay sharp twice as long as by the old hand method. The reason is that the disc is rolled instead of pounded, made from three-eighths to five-eighths of an inch larger, the steel is made harder and the disc naturally cut, easier, while the old method of pounding warps the disc out of shape and makes it rough.
15c per 16-inch disc
20c per 18-inch disc
25c per 20-inch disc
