THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.
 If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

Colds
 It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.
Chamberlain's Cough Remedy
 has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.
Price 25c, Large Size 50c.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.
 Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.
Royal is the greatest of bake-day helps.

A Present to Every Farmer's Boy and Girl

G. W. Predmore & Sons are so anxious that every farmer should know of Skow's Rotary Disc Sharpener and the wonderful work it is doing in their shop that they are willing to give a nice present to every boy or girl that will READ THIS AD TO THEIR FATHER and induce him to bring us a trial set to be sharpened. This wonderful disc sharpener in our shop is one of only 6 in Nebraska. Discs sharpened on this machine do better work and stay sharp twice as long as by the old hand method. The reason is that the disc, is rolled instead of pounded, made from three-eighths to five-eighths of an inch larger, the steel is made harder and the disc naturally cut, easier, while the old method of pounding warps the disc out of shape and makes it rough.

Cash Prices for Sharpening
 15c per 16-inch disc
 20c per 18-inch disc
 25c per 20-inch disc
