THE BIG PACKERS

THEY MUST STOP TAMPERING WITH WITNESSES.

WHAT DISTRICT ATTORNEY SAYS

More Attempts to Influence Testimony Manifested—Fifteen Witnesses Examined During the Day, Among Them an Omaha Man.

CHICAGO—Conspiracy indictments are threatened against heads of the big meat packing concerns unless alleged tampering with witnesses who have been summoned to testify before the federal grand jury is discontinued at once. With two witnesses on the stand yesterday who, it is asserted, admitted that they had been approached with a suggestion that their testimony be mild, the jury, it is declared, is getting ready to take drastic measures. "We will shut off interference with witnesses," said Assistant Attorney General Pagin, "even if we have to resort to proceedings under the conspiracy statute to do so."

Belief was general that Mr. Pagin has already laid out plans for new indictments. Fifteen witnesses were heard, three women being among those who testified. The women were said to be stenographers employed by the National Packing company.

One of the witnesses before the jury was Charles E. Meade of Boston, formerly connected with Swift & Company's car lines. Mr. Meade said that he had not been in that business for three years. The witness said that since his retirement Swift and Company had disposed of their interests in the car line business.

L. S. Curtis of T. E. Baker & Co. of Boston, and Frank Dimpon of Omaha were other witnesses before the jury. Mr. Dimpon explained the meat business from the viewpoint of the medium through which the customer obtains meat.

The fifteen secret service men who have been frequenting the corridors in the building where the grand jury is in session were not to be seen yesterday. District Attorney Morrison was said to have ordered that waiting witnesses instead of spending their time in the vicinity of the jury room are to be concealed in down town hotels until called before the jury. In this way the witnesses will be more readily prevented from learning the identity of the secret service men watching for possible irregularity.

Ten men arrived in the jury room in the afternoon and reported to the government officials. It is said that the ten are employed by railroads in Michigan.

TO CRUSH LOAN SHARKS.

Illinois Legislature Is Taking Some Drastic Measures.

SPRINGFIELD, Ill.—By unanimous vote, a sweeping anti-loan shark bill was ordered to third reading by the upper house of the Illinois legislature. The bill provides that there can be no legal assignment of wages unless both husband and wife join in the transaction, and three days' notice is given the employer.

Attorney General Stead, a number of eminent lawyers and the Merchants' club of Chicago are backing the bill. Senator Dickson, who introduced the measure, said in addressing the senate: "Homes are wrecked and men who once get into the clutches of loan sharks are driven to suicide. There is a crying need for this measure."

CATTLE GROWERS WILL HELP

EL PASO, Tex.—The following statement with reference to the resolution of Texas cattle men to give all possible evidence in the campaign against the "beef trust" was issued by President W. W. Turney of the Interstate Cattle Growers' association: "Ninety-nine per cent of the cattle growers of the country believe there is an illegal combination having for its end the stifling of competition and the controlling of 98 per cent of the cattle shipped to the six great slaughtering markets—Chicago, Kansas City, St. Louis, Fort Worth, Omaha and Los Angeles—and they are ready to help the government and will help it all they can to break up this monster. It can be done and the cattle men will help."

Ellwood recently instituted a suit for the recovery of principal and interest on bonds, which were issued in 1890, for the ostensible purpose of refunding the outstanding bonds of the city, but which were, in reality, issued for the purpose of carrying on the fight for the state capital of South Dakota.

JAPS NEW PLANS.

Will Likely Turn Their Attention to Vladivostok.

ST. PETERSBURG—The impression prevails in some circles that the Japanese, having removed the possibility of the main army in Manchuria assuming the initiative, will now turn their attention to the next objective of the war—Vladivostok—is strengthened by the Associated Press dispatch from Gunshu pass announcing the withdrawal of the Japanese from the immediate front of the Russian army for a distance of thirty-five miles south. It is realized of course that this may be merely a bluff to cover flanking operations, but it is not improbable that the Japanese having cleared southern Manchuria of Russian troops and secured a position from whence expulsion would be a long and difficult process, may be satisfied to hold the Tie Pass line without further extension of communications.

While the voice of the emperor's advisers is for peace, if honorable terms are obtainable, the government, as is the part of wisdom, is going forward with all provisions for the continuance of the war. Preparations are reported to be making for the mobilization of five corps. It has been understood that the guards would be retained at St. Petersburg, but some of the officers of this crack organization believe their services have been requisitioned and are making preparations to that end.

There has been a recrudescence of reports of a change in the attitude of the war office. It was stated Monday night in a usually well informed source that Lieutenant General Sakharoff will leave very shortly and will be succeeded by General Ridiger, now chief of the chancellery of the war office. It is also reported that General Polivanoff will be appointed chief of the general staff. Both Polivanoff and Ridiger are of the younger school of generals, and have high repute as theoreticians and administrators. General Ridiger is the author of a number of text books on tactics.

The government is advised that Chinese bandits are appearing in great numbers along the Siberian railroad and causing interference with the train service.

The Japanese have apparently withdrawn from the region to the south of the Russian front. Cossack patrols who have been making extensive reconnaissance southward found no Japanese within thirty-five miles. General Linevitch is dispatching scouting parties east and west to guard against a possible turning movement.

PRIZE LANDED FOR OMAHA

Formal Order Issued Making it Rural Mail Division Headquarters.

With this order was an announcement that Postmaster General Cortelyou had appointed Charles E. Llewellyn of Nebraska a division superintendent and assigned him to take charge of the new headquarters. The change will take place April 17, when the three clerks who have composed the force under the supervision of Postoffice Inspector J. R. Harrison will be transferred to the force that will be appointed for the work under Superintendent Llewellyn. The district of which Omaha will be the headquarters will remain as at present, consisting of the states of Kansas, Nebraska and Oklahoma and the Indian Territories.

GOOD NEWS FOR POSTMASTERS.

All in Fourth Class in Nebraska Can Retain Their Jobs.

WASHINGTON—All fourth class postmasters of Nebraska may rest fully assured that their services will be retained for another term of four years, providing they are proficient and do not violate the president's order respecting office holding. Pernicious political activity will not be countenanced by the administration. Postmaster General Cortelyou stated that the same rule should operate toward all presidential postmasters in the state. This new policy is likely to create a great deal of dissatisfaction among the Nebraska congressmen, since the naming of postmasters is about all the federal patronage they have to dispense.

Ogden Armour's most confidential employe and the active head of one of the largest packing companies in the world, was arrested on a bench warrant by a United States deputy marshal and brought to the grand jury room.

RIOT AT WARSAW

FOUR PERSONS KILLED AND FORTY WOUNDED.

SEVERAL OF LATTER WILL DIE

Crowd Carrying Red Flags Attack Patrol of Troops and Police.—Proclamation Distributed Warning People to Stay Away from Public Buildings.

WARSAW—A serious conflict occurred at 7:30 o'clock Sunday evening in Dzikka street, where a Jewish socialist society known as the Bund had organized a demonstration. Troops which came to disperse the gathering fired into the crowd, killing four persons and wounding forty others.

Other disturbances are reported to have occurred. The street had been patrolled throughout the day. Conditions here are causing much easiness and nervousness. Hand printed proclamations have been found in the streets, warning the public against walking near public buildings and other places, as bombs would be thrown in these quarters. Several parents whose children are attending school in defiance of the school strike have been warned by letter to withdraw their children, as the school buildings will be blown up. Representatives of the party of violence (it is not quite clear whether they are revolutionaries or socialists) are visiting private persons and levying contributions for "ammunition." They produce lists of names with the amounts to be collected from each and request the contributor to sign his name opposite these assessments, which range from \$2.50 to \$2.50. When Governor Maximovitch arrived here ten days ago to assume his duties he ordered that the Cossack detachment awaiting him at the station be retired, saying he did not want an escort. Driving through the city today, however, the governor general's carriage was surrounded by twenty Cossacks.

The editors of the Polish newspapers were summoned to the castle yesterday. Governor General Maximovitch received each of them separately in the most friendly manner, and talked with them on various subjects, especially on the question of the censorship. He invited them to come to him in case of any difficulty.

The trouble in Dzikka street began when, under the pretext of holding a memorial meeting for a late Jewish socialist leader, a crowd of more than 1,000, mostly Jews, carrying red flags, marched into Dzikka street and was met by a mixed police and military patrol of twenty men. The police declare the socialists fired revolvers at them, the leaders inciting the mob to attack the patrol, which thereupon fired several volleys into the crowd. Four men were killed and forty were wounded.

NEWSPAPERS ARE NOW QUIET

Believed They Have Been Given a Tip by Government.

ST. PETERSBURG—The newspapers are so significantly silent about the peace reports from abroad that it leads to the inference that they have been warned by the government of the inadvisability of airing their views at this time.

These papers which have been favoring peace say, nothing, while the small section of the press which has been insisting on a continuation of the war contents itself with the reproduction of articles from foreign newspapers, showing that peace now means the abandonment forever of Russia's position on the Pacific.

No Community of Interests.

She claimed to have been suddenly cured by prayer as the result of a revival.

MAGOON TO BE GOVERNOR.

Lincoln Man Selected as Canal Zone Executive.

WASHINGTON—Judge Charles E. Magoon of Lincoln, Neb., who is the law officer of the bureau of insular affairs, war department, will be the new governor and minister of the Panama canal zone, as was announced several days ago. Plans for the reorganization of the commission are rapidly being perfected by the president and Secretary Taft. Announcement of the retirement of the present members of the commission and the appointment of their successors is expected to be made within the next day or two.

Although the president has been advised that under the law there must be seven commissioners, it is possible that he may not name all of them at once.

Judge Charles E. Morgan will be designated to act as the governor of the canal zone, in place of General Davis. He will also assume the duties as United States minister plenipotentiary to Panama, now being performed by Hon. John Barrett.

There will be a number of brief stops en route, where the president will make addresses. PARIS—The civil tribunal of the Seine formally announced its decision in the case of Carrie Swain, the American actress, against Frank Gardner, the American sportsman, in which the actress claimed to be Mr. Gardner's wife. The decision was on a line with the recent announcement of the conclusions made by the attorney general. The decision also rejects the defendant's counter claim for damages on the ground that he had not established the plaintiff's bad faith.

A dispatch from General Linevitch, dated March 30, says: "There is no change in the situation. The enemy is displaying activity east of the railroad."

"Heavy snow fell during the night." A telegram from Gunshu Pass says General Linevitch has forbidden the inhabitants of Harbin, with the exception of the women and children, to leave that place without special permits, fearing that the town may be denuded of workmen.

GUNSHU PASS—Reconnaissances disclose especial activity on the part of the Japanese on the west near the Mongolian frontier. It is reported that an anti-foreign propaganda is conducted among the Chinese, who are stirred up to a renewal of the Boxer disturbances. The Hun Yuan min societies of Mukden and Kirin and the Tsai Li society, which is strong in Tsitsihar and northern Manchuria, are said to be working to spread this agitation among the Manchurian population and Japanese success is doing much to augment the movement. The state department will probably take up the matter with the American embassy in London.
