

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You
a Fresh Cold, With Frequent Hacking
Cough? Sensation of Soreness
in the Chest or Back?

Don't let your cold run into chronic bronchitis or pneumonia. The very best tonic alterative and body-builder at this time is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, and it contains that rare combination of roots and herbs that will allay a cough (brings it out, as it were), restores the circulation, assists the appetite and digestion, and consequently restores tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce is nature's own restorer. It tones up the organism and stimulates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures gastric troubles of the stomach and at the same time the blood-vessels are given a stimulation

which throws off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Maloney, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients, but also as the only medicine for stomach, liver and blood disorders, which absolutely contains no alcohol.

It Stands Alone as the best alternative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has hundreds of thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's own cure for almost all chronic diseases because the earth supplies the ingredients, which are as follows:

- Golden Seal (*Hydrastis Canadensis*).
 - Queen's root (*Stillingia Sycoticon*).
 - Stone root (*Collinsonia Canadensis*).
 - Cherrybark (*Prunus Virginiana*).
 - Bloodroot (*Sanguinaria Canadensis*).
 - Mandrake (*Podophyllum Peltatum*).
- Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pleasant Pellets cures constipation.

DELIGHTS OF A MOTHER.

Proof That Owner of Small Boy Never Lacks Excitement.

The bell rang, and Mrs. Johnson opened the door to a rough looking man with a whip in one hand and a boy's cap in the other.

"Got a little boy?" he asked, and when she assented, he went on:

"This his cap?"

"It looks like it," said the mother, beginning to feel alarmed at the man's tone.

"Well, ma'am, I'm awful sorry; I just don't know how to tell you—that's the truth."

She braced herself against the door and faltered:

"Tell me the worst! Is he dead?"

"It wasn't eggactly my fault; you see the little chap run right square under—"

She pushed past him, crying back frantically:

"Where is he? Where is my poor, murdered boy?"

At the gate she met some fifteen lads in a bunch, and then she was sure they were bringing in the mangled body. How she had strength to go among them she never knew; but suddenly one atom detached itself from the swarm and leaped toward her. It was hatless, but it was her William—alive, at least.

"Mother," he shouted, "a man's run clean, plum over the basket of eggs you sent me to get. I told him I bet you'd make him sorry! Every last one of the blooming lot is smashed!"

Unknown Graves.
Blue hangs the morning haze on Lookout Mountain.
Still flows the winding river to the sea—
Long years have shed ameliorative sun—
Since hung the battle's cloud on crest and lea.

Here lie the unclaimed dead of that grim carnage,
Unwept, and without mark at foot or head.
Except the great white post that bears this legend:
"Here sleep, in broken ranks, the unknown dead."

Here lies, mayhap, a youth from sunny southernland,
Who was a father's pride and mother's joy;
How slowly dragged the years, ere they departed,
Vainly watching for the coming of their boy.

Here, too, is one from out the northern border,
Unto whom the homing furlough never came;
Fond hearts had mourned, yet hoped through many seasons—
For upon the list of "missing" was his name.

For them no organ peals, nor measured dirges,
No agonizing sobs nor friendly tears;
They died apart from home and friends and kindred,
And sleep the unknown sleep through passing years.

What matter what the cause for which they battled?
What matter now which army won the day?
Their earthly recompense for manly struggle
Is found within this ridge of mother clay.

Flow on to ocean home, O gentle river!
Rise high above the mists, bold Lookout head!
Kind Nature, spread a coat of springtime verdure
'O'er all those lonely graves of unknown dead.

Shoemakers Once Were Well Paid.
Thirty years ago, when all shoes were made by hand, the shoemaker earned a fair salary of from \$12 to \$16 per week. Every shoe shop had from five to ten shoemakers working. Shoes and boots cost from \$8 to \$15, and they received much more repairing than do the shoes of to-day. Now girls are working in the factories and hundreds of good shoemakers are looking for something to eat. Over half of the shoemakers, who formerly worked in the shops are working at other lines of business, and making more money.

A journeyman cobbler seldom makes more than \$8 or \$9 per week. One may wonder why it is that the cobbler nearly always finds a mean, dirty hole to crawl into and to call it a repair shop. The fact is, he cannot afford to pay much rent. In the average shoe shop in the good seasons—spring and summer—he can do \$4 worth of repairing a day, and not more than \$6 if he works in the night time. Four dollars per day and six days a week make \$24 per week.

Love of Patriotism Instilled.
As an organization, the members of the G. A. R. keep alive the interest in national anniversaries, such as Memorial day, Flag day, etc. The presence of the veterans in the schools on such occasions keeps before the rising generations a love of country and instills in their minds patriotism and a love of the flag for which they gave so much. A living history is more inspiring at all times than a printed one.

The Woman's Relief Corps, which would not exist if there were no Grand Army of the Republic, and which is composed of loyal women, are proud of the fact that they are enabled to bring relief to the sick, disabled and worn-out veterans, and have a share in caring for the inmates of the soldiers' homes.

A Fish Story.
In the days of the previous generation many were the singular names bestowed by their parents on the children of Cape Cod and the nearby section. At Nantucket dwelt a family named Fish, seafaring people. One of the sons had been dubbed "Preserved," in his early childhood, and now commands a fishing vessel. On one of his voyages his bark was spoken at sea.

"What is the name of your bark?"
"Flying Fish."
"What is your captain's name?"
"Preserved Fish."
"What did you say?"
"Preserved Fish."
"D—n it, I didn't ask the name of your cargo."
Explanations ensued.

Snow in the Tropics.
Snow, even in the tropics, never melts, but remains continuously all the year round above a height of 16,000 feet; in colder climes the "snow line" is much lower than this.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing. Mrs. J. G. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:—
"I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Dear Mrs. Pinkham:—
"I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, menstrual and ovarian troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."
Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."
Dr. J. E. Waggoner, of Chicago, Ill., says: "I can most heartily recommend your Castoria to the public as a remedy for children's complaints. I have tried it and found it of great value."
Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."
Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."
Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."
Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."
Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."
Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."
Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
