Leased Old Race Track.

A number of those of McCook who are interested in fine and fast horses have leased the ground embraced in the old race track east of the city, and it is hoped to be able to get the grounds and track in shape to have some races in connection with the Fourth of July celebration. Arrangements are now being made to provide purses for a few racing events which will add materially to the attendance and amusement of the day. The idea is being encouraged by the Fourth of July committee of the McCook Commercial club and will doubtless receive substantial assistance in making up the purses.

Notice, Teachers and Prospective Teachers

The first and second weeks of the McCook Junior Normal school, June 5 to 17, inclusive, will be the institute weeks for Red Willow county. One week is the limit on compulsory attendance at institute, so I am designating the second week as the one for compulsory attendance. Let me urge you though, to be present the first week also, to get your work planned, yourself comfortably located and all preliminary arrangements made so that the second or institute week may be given wholly to school work. Excuse from institute attendance will be granted only after previous consultation with the superintendent, and then only for good and sufficient reasons. This is the annual business meeting of the teachers and it is for the best interests of the schools and of all concerned that each teacher be present. So come, and let us make this the best institute yet held in this county.

ONE BIG MAN COMING

Big in thought, big in experience, big in his ability to instruct and entertain

REV. SAM P. JONES

Still retains his hold on the American people and remains one of the most popular lecture attractions in the country. He is always in great demand, but through an early invitation a friend, he stops off here between trains to deliver one of his most pleasing lectures, on his way to the Boulder, (Colorado) Chautauqua, where he spends two days. The fame of this man as an original speaker, evangelist and man has caused such wide spread talk and criticism, and his good deeds and charities are recorded by so many men and women, that he stands in a unique place of his own. There is only one Sam Jones and he will be here

FRIDAY, JULY 21, 1905

This lecture will be given in the commodious and comfortable auditorium of the new M. E. church under the auspices of the E. L. and Y. P. of the L. A. Tickets will be on sale after June 12th at L. W. McConnell's drug store or by members of the society.

Successful Firemen's Dance.

The dance held in the opera house, Tuesday evening, by the city volunteer firemen, was an enjoyable success in every detail. The attendance was all the hall would comfortably accommodate and the crowd was congenial and gay.

The K. of P. orchestra of seven pieces provided the music, which was of their best vintage.

An item of refreshment was the big punch-bowl presided over by Dollie Pennell and Ethel Morrissey. And there was comfort in the operation of the two electric fans used.

The fire laddies cleared about forty dollars, besides having a big time and showing their numerous guests the same article.

Chief Scott and the boys are to be congratulated upon the outcome of this social venture.

McCONNELL, druggist.

Of the thirty bishops of the Methodist church, there is none greater than Bishop Berry. He will lecture in the Methodist church here about July 3rd.

OPENING OF JUNIOR NORMAL SCHOOL

The McCook junior normal school began its third summer session under very favorable auspices Monday morning at the East ward building. The first day was devoted to enrolling, organizing, and assignment of work, so that on Tuesday the classes were running in regular order. The total enrollment today aggregates 106, which is three more than were in the school the first week last year, while in 1903 it was but 97. This steady but sure increase is indicative of the growth of the junior normal school idea.

Of the instructor corps Mr. C. H. Miller, of Lincoln, and Miss Eva O'Sullivan, of South Omaha, are already well known to McCook people. Besides having charge of the music Mr. Miller teaches two grammar classes, one class in composition and one in arithmetic. Miss O'Sullivan conducts the instruction in botany, physics, physical geography, and political geography. Supt. C. M. Barr, of Neligh, will prove an active co-worker in the school. He teaches agriculture, U. S. history, reading, and literature. Supt. H. F. Hooper is from Clarks, and he will interest the teachers in algebra, geometry, arithmetic, and civics. Miss Nellie M. Schlee, of Lincoln, has charge of the model rural school, which is probably the most unique as well as the most helpful feature of the junior normal. Supt. Thomas has charge of the pedagogy and school management classes.

NOTES

Miss Flora B. Quick, superintendent of Red Willow county, is a regular attendant.

Next week will be the regular week for institute for all Red Willow county teachers.

The chapel hour comes at 11:20 in the forenoon now, instead of at 10 o'clock, as in former years.

Supt. Jas. O'Connell, who will take charge of five classes in the normal after the first of July, was a visitor Monday.

A fine additional entertainment will be given by Dean Henry L. Southwick, a reading from Richlieu, June 21, under normal auspices.

Cooke is the first entertainer in the course, and comes June 16. One instructor has heard him twelve times and says he is superb, in fact the best of the four.

Joint Memorial Day.

The Modern Woodmen, Royal Neighbors, Workmen and Degree of Honor will jointly observe Memorial Day, Sunday, in the Methodist church. Committees from the orders will meet at their halls at 9:30 in the morning and march from there to the cemeteries to decorate the graves of departed members and families of members. The orders will meet at their halls and go to the Methodist church at 2:45 in the afternoon to participate in the regular program of the day, at three o'clock.

Attempted Murder and Attempted Suicide.

The item of news of greatest moment and interest occurring in Red Willow county, this week, is the attempted murder of Martha Colling by Clarence Gill and his subsequent attempted suicide.

The Colling farm was the scene of the incident and Monday afternoon late the date. The Charlie Colling farm, it will be remembered, is located about two miles south of Indianola.

Insane jealousy is the motive prompting the deeds. Martha Colling was shot in both wrists, one of the balls being subsequently removed, but the other was not traced at once. Neither is regarded as serious. Gill shot himself in the head above the right ear, producing only a scalp wound, the flattened ball being easily removed from under the scalp.

After the shooting, Gill forced the girl to get into the buggy and they started for the home of his parents at Kanona, Kansas, about 35 miles southeast of Indianola, to which place officers traced them the same night, and where Gill was at once placed under arrest.

At Kanona, both received some surgical attendance.

Tuesday, the girl and young man were both brought to Indianola, where on being arraigned for a preliminary hearing, Gill waived the examination and he was sent to the county jail in McCook to appear before the next term of district court, charged with crimes of assault with intent to murder and with assault with intent to wound. He was placed in the county jail, Tuesday evening.

Gill is about 25 years of age, and Martha Colling is about 16 years old. Gill has been a hired man on the Colling farm, this season, and is, it is stated, much in love with the girl. Insane jealousy of the girl, is said to have been the prompting to the dastardly deed. Miss Colling is the daughter of Mrs. Mary Colling, widow of Charles Colling. Mrs. Colling was in McCook receiving medical attention at the time of the deed, and was driven to her home, the same evening.

POT LUCK WITH A POET

EDMUND VANCE COOKE
Poet-Philosopher-Humorist

PERA HOUSE, FRIDAY, JUNE 16, 1905
8:30 o'clock

Unwise it is to boast my friend, if grim defeat has found you;
Unnecessary is the boast if glad success has crowned you.
—Edmund Vance Cooke in Lippincott's.

Nevertheless, people demand the opinions of papers, so here are a few: "Mr. Cooke is poet, author and impersonator. His impersonations are fine. Each individual stood out and became an interesting character."—Chattanooga Times.

"His program abounds with vivid flashes of wit and sparks of merriment. Now and again he touches a strain of tenderest sentiment. There is in him something of Riley, something of Field, nor is there lacking the keenness of Twain, yet unlike any any of them, he is, the original Cooke cordial and genial poet, entertainer and philosopher."—Beloit (Wis.) Free Press.

Cooke is the first number in the McCook Junior Normal School Entertainment Course. He will give a happy evening with poetry, philosophy and humor, and is guaranteed to please.
Reserved seats on sale at McConnell's, Tuesday, June 13, at noon, 50 cents.
