## We Don't Deserve the Name.

The Bartley Inter Ocean goes after McCook, apropos of the recent declination of the city council to allow the Bartley Telephone Co., independent, to run a line into the court house, in rather too harsh terms and with too much generality. In the first place the businessmen and citizens of McCook are not opposed to the admission of the Bartley line, notwithstanding the council is, in rather too harsh terms and with too much generality. All you have to do is to wind it, put on record and start the machine and you can have a concert of your own selection. You may own one of these machines by the payment of \$1.00 a week for a short time. Come in and hear the latest songs. McCONNELL, Druggist.

Principal J. A. Crowl of Imperial enrolled this week.

Misses Emma and Mayme Keller of Culbertson visited at the normal, Tuesday.

Sup't Jas. O'Connell was down from Trenton, last Friday, to look over the work.

The total enrollment to date is 170. At the end of the third week a year ago it was but 141.

Seats for Roberson may be reserved Monday at McConnell's. None will be sold until Wednesday.

Miss Nellie E. Dick, superintendent of Chase county, was down from Imperial, Tuesday, to inspect the work of the normal.

Supt. G. H. Pickett came down from Hayes Center, Thursday, to visit the Hayes county teachers in attendance at the normal.

E. D. Lehmen of Gibbon is interviewing the teachers at the normal, this week regarding supplies and materials for next year's work.

Miss Flora B. Quick, county superintendent of Red Willow county, conducted teachers' examination at the East ward school, Saturday.

Although the chapel hour unavoidably comes at an inconvenient morning hour, visitors are cordially urged to attend and enjoy the good things provided for the teachers. Special talks and the Friday music program are attractive.

State Superintendent J. L. McBrien was able to be in McCook, Friday, between the arrival of No. 5 and the departure of No. 6—just long enough to introduce Mr. Cooke and to greet a few friends.

Instructor H. F. Hooper is this week in Milwaukee, Wisconsin, where he has gone as one of Nebraska's representatives at the big Woodman convention in assembly there. He is expected back in time for work, next Monday. Mr. W. E. Heffebower is conducting his classes meanwhile.

A particularly helpful feature of the work, this summer, is the music under the leadership of Mr. Miller. More is being made of it than last year. The afternoon drill class has trebled in size, and in addition a large number stay each day and receive personal instruction in voice culture.

The teachers of Red Willow county held a meeting last Thursday afternoon and elected association officers for the ensuing year. Mr. F. W. Deffer, of Indianola, was their choice for president, Mr. George Fletcher, of Danbury, for vice-president, and Miss Anna Hannan, of Danbury, for secretary-treasurer.

The Nebraska Public Library Commission, last week, sent out from Lincoln for the use of the teachers three different collections of books, a regular traveling library, a set of professional and special books, and a model rural school library. Any of these books may be drawn out by the general public and all interested are urged to inspect them.

State Superintendent J. L. McBrien came out from Lincoln, Tuesday night, to make his first official visit at the normal. He spent the entire day, Wednesday, in an inspection of the work, and expressed himself as being well satisfied with the work of the school. He spoke to the teachers at the chapel hour, by whom he was enthusiastically and cordially received.

The first music program of the summer was rendered at the chapel hour Friday morning. Besides the songs and chorus work by the school, there was a piano duet by Misses Emma Perry and Lillie Campbell and a violin solo by Mr. Roswell Cutler. Mr. C. H. Miller sang "King of the Winds" by David, and for an encore gave "Drink to Me Only With Thine Eyes" by Mozart.

Edmund Vance Cooke gave a pleasing address to the teachers, Friday afternoon, on "The Decadence of Poetry", in which he sought to bring out the different qualities of poetic feeling that were in human beings. He also justified the so-called newspaper poet. Replete with numerous stories his talk was enjoyed, even though he did not quite measure up to what was expected from him.

Dean Henry L. Southwick addressed the students, Wednesday afternoon, on the general subject of oratory and expression, and for an hour held the interested attention of all. To make good readers is the work of every teacher, and Mr. Southwick rendered appreciated service to that end. His remarks took a reminiscent turn, also, when it was a delight to come in almost personal contact with the men who have made New England famous in letters. Dean Southwick's was an inspiring visit.

## SAM JONES

addressed a large audience at the Central church, last evening. His remarks were in the irresistible and unapproachable style of which Sam Jones is the only exponent. He had his audience in tears at one moment and the next instant all present were roaring with laughter at the happy bit or funny story. It is the same at all times and places where Sam Jones is the speaker. All who have heard him recognize the symptoms.—Rochester, (N. Y.), Democrat and Chronicle.

## SAM JONES

at METHODIST CHURCH, JULY 21, 1905 Tickets at McConnell's, 50 cents. Seats in auditorium reserved.

The third in the series of entertainments will be F. R. Roberson, Thursday night, June 29, in a splendidly illustrated lecture on Russia. Roberson has been in McCook three times already and everyone here will be glad to welcome him again. No stereopticon views could be finer than his, and when it is considered that he has returned only this month from the scenes of the tremendous political and social discontent in various parts of the Russian empire, new and added interest will be aroused in what he may say.

The next number in the entertainment course occurs next Thursday night, June 29, at the opera house, when Frank R. Roberson, who has just reached New York from Russia, will give his beautifully illustrated lecture on the war in the far east between Russia and Japan. When Mr. Roberson was in McCook, last winter, it will be remembered that he represented the struggle as hopeless for the Japs, and now, after a series of brilliant victories, it will be interesting to note how far his views have undergone a change. It will be a timely lecture, brilliantly illuminated with the finest stereopticon views.

## The Dean Was Delightful.

The recital by Dean Southwick of Emerson school of oratory, Boston, in the opera house, Wednesday evening, was a delightful treat. The dean associates with his splendid ability the graces of a most attractive personality, and captures his audience at the scoring line. That the dean is capable of doing the humorous was well shown in the opening, minor part of his program, when a number of mirth-provoking and other wise selections were given—the boat race was especially pleasing.

Rut the serious delight of the evening was his recital of Bulwer-Lytton's romantic and poetic drama, "Richelieu, The Cardinal-King." Here the artist has full sway for his cleverness; and he was not disappointing.

THE TRIBUNE is not enamored of the average entertainer, elocutionist or reciter, but it would love to be "bored" by the delightful dean just as often as he can come this way.

## A Bath is Good, Isn't It?

In any season a bath is good and refreshing but this is particularly so these hot days. We have a great many handy little things to make it more enjoyable. Sponges, brushes, soaps, atomizers, bathosweet and many other things we have for your comfort and convenience. McCONNELL, Druggist.

## J. Edmund Vance Cooke.

The opening entertainment of the Junior Normal course, last Friday evening, in the opera house, drew a well filled house of appreciative members of the normal school and citizens of McCook.

J. Edmund Vance Cooke occupied the platform. He appears as an author, a poet, an impersonator, and as each and all gives a good account of himself. He presents a varied program with lighting changes, so that he who would get all must follow quickly and wide awake. Sparks of wit and flashes of merriment not excessive are toned by touches of tenderest sentiment, and with the whole is an admixture of understandable and wholesome philosophy, until you have an hour and a half of genial, worthwhile, instructive, stimulating entertainment that leaves no bad taste or remembrance.

## Painfully and Severely Injured.

A. W. Utter is laid up with quite severe and painful injuries caused by falling out of farm wagon and his tool chest falling onto him. He was engaged in loading his work bench and tool chest onto Michael Houlihan's farm wagon, preparatory to doing some work on the outhouse dwelling out on the farm. He got too far back on the load, which became unbalanced. He fell backward and the load fell onto him. The doctor reports no bones broken, but injuries which will keep him abed for some time.

There is renewed talk of moving for a city scales. They are more satisfactory than private scales, and would in time be a source of profit to the city as well. The city council would doubtless move in this matter were it placed before them in proper form.

The virility of the "Awl-O's" club is attributed by some crusty old bachelors to the alleged "matrimonial bureau" said to be a secret auxiliary of the club. This is indignantly denied by the girls.

May Have Bearing on Possible Revolution in Russia.

McCOOK, NEBRASKA, 23, 1905.—The junior normal school is pleased to announce that Frank R. Roberson, the eminent world traveler, will present the latest phases of the situation in the far east in an illustrated lecture at the opera house, THURSDAY EVENING, JUNE 29, 1905.

Mr. Roberson is an authoritative observer who only, last week, landed in New York from an extensive trip abroad. He has often pleased McCook audiences, and he will do so again in a far happier way than ever before. His pictures are marvelous, clearly thrown on a large canvas by an expert operator. Public interest in the Japanese-Russian war will be increased by the remarks of one who has just returned from the front. Season tickets reserved at McConnell's, Tuesday, June 27, 7:30 a. m.
