Land Office Ruling.

NORTH PLATTE, Neb., June 16.—A new ruling of the land department has been made in the Kinkaid homestead law that knocks out a good many fellows who tried to be smart and get ahead of every body else soon after the law was first enacted. The law granting section homesteads passed in congress April 28, 1904, and took effect sixty days thereafter. Before any entries could be made under such act, many persons filed quarter section homesteads under the old law and located their claims in strings of four forty acre tracts in the center of the section desired for the purpose of keeping others out of such section, and after entries were open under the Kinkaid act they applied for and were permitted by the local officers to make another entry embracing the balance of the section. The commissioner of the general land office now holds that such second entries are void and these people find themselves with only 160 acres instead of 640.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free.

Be sure that the picture in the form of a label is the wrapper of every bottle of Emulsion you buy.

State Fair News.

At a meeting of the board of managers on June 10th, President Mellor notified the board that he had appointed S. C. Bassett secretary, to fill the vacancy occasioned by the death of Hon. Robert W. Furnas, also that W. C. Caley of Creighton, Knox county, had been appointed a member of the state board to fill vacancy.

Contracts have been signed for exhibition races during the fair with the owner of the "Guidless Wonder, Cate," a horse that without driver trots against time and has a record of 2:04 1/4 on a mile track and 2:09 on a half mile track; also the trotting steer, "San Antonio Pete." This steer has a half mile record of 2:30.

The fish exhibit by the State Fish commission will again be an interesting feature at the State Fair, \$250.00 having been appropriated to pay the expenses of making such exhibit.

The secretary's office of the State Board of Agriculture has been removed from Brownville to Lincoln and now occupies rooms on the first floor in the capital building where all interested, and especially those in the state fair and matters pertaining to agriculture will be most cordially welcome.

The loss of one so experienced and efficient as the late secretary, Hon. Robert W. Furnas, is irreparable both to the state and Board of Agriculture, and a serious handicap in the making of the coming State Fair, but the State Fair management will spare neither time nor effort to carry out the plans arranged by the late secretary, and to this end invite the action and hearty co-operation of all well wishers of the fair.

State fair dates are September 1st to 8th.

For premium lists or other information address S. C. Bassett, Secretary, Lincoln, Nebraska.

Have Them Printed at Home.

There is no necessity for any McCook merchant to send out of the city for his sales books. THE TRIBUNE has facilities for doing such work just as cheaply and as well as the city houses. Try your home printing houses for your printing of all kinds. Keep your money at home. Help build up your home printing offices. They will improve, enlarge and become equipped in every way, and more useful to the community as the businessmen of McCook patronize them instead of other city printing offices. Try it for a year and see how much better service the newspapers will be able to give you in every way. Build up McCook's establishments. Employ McCook's labor. Try it and you will see the advantages to all concerned. Stand up for McCook—and her printing offices.

Observed Pythian Memorial Day.

McCook lodge No. 42 observed Pythian Memorial day, last Sunday afternoon, in their customary, impressive manner. Meeting at the castle hall shortly before three o'clock in the afternoon, at the appointed time, 3 o'clock, the members marched to the Methodist church, about forty in number, in organization, where they listened to an address by Rev. M. B. Carman, of a worthy and appropriate sort, setting forth the history, growth and aims of the order, and the purpose of the day observed.

Several hymns and a solo by Prof. C. H. Miller of the Junior Normal concluded the exercises in the church, after which the knights proceeded to the several cemeteries of the city and decorated the graves of deceased members of the order, coupled with ritualistic exercises of tender and expressive kind. Their duty well performed in all regards the knights returned to their castle hall and disbanded.

A company of friends and neighbors assisted Ralph Randel, last Saturday evening, in the celebrating of his entrance into the estate of manhood—his 21st birthday. It was a memorable occasion for Ralph and an enjoyable one for all his guests. Refreshments and a good social time made up the evening's pleasure.

Children's day was finely observed by the East McCook Sunday-school, last Sunday afternoon, the little church being crowded to overflowing. There was a good program of recitations, music, etc. The decorations were very pretty and attractive,—yuccas, greens etc., furnishing the materials. It was all in all a very creditable observance of the day.

The neighbors in East McCook, Monday night, gave Brakeman and Mrs. John Humphreys a surprise party in anticipation of their departure for Alliance to make their home in that town. It was the genuine article. Refreshments were carried along and served in the Humphreys home, and a fine social time was had—notwithstanding it is generally regretted they have moved from this part of this city. They left on Wednesday night for Alliance, out of which point he is now running on the Burlington.

A fine game of baseball was that recently played between the Pumpkinhill team of Coon Creek and the Whitefaces on the Shadeland Park diamond. The Pumpkinhill boys are careful workers and "play ball". The diamond on the Shadeland Park ranch is one of the best in Red Willow county and you always get a fair deal there. The Pumpkinhill boys needn't feel at all cut up over their defeat, either, as it is the first game they have lost, this season; and they have great confidence they will win the return game to be played soon on their home diamond. Score:

Whitefaces.....2 0 1 0 0 7 0 0—10
Pumpkinhill.....0 0 0 0 2 0 0 2—4

has perfected arrangements for holding one of the greatest celebrations in her history—about \$1,000 going into the plan to provide amusements for guests on that day.

Music by Cambridge Band

Oration by Hon. J. S. Hoagland

Fireworks, Base Ball, Races

Street Parade, Barbecue, Etc.

Neither money, pains or time will be spared to make this a real treat to all who may come. There will be something doing all the day long. Plan to be with us.

The people of Bartley and vicinity highly appreciated the honorable exception of THE TRIBUNE and the majority of the Commercial Club of McCook urging the city council to be fair with the Bartley Telephone Co. and allow them to run a line to the court house. We can not see with what justice or fairness Mr. Hall, manager of the Nebraska Telephone Co., should object—we are not endeavoring to infringe upon their rights in any way whatever. The town trustees granted and are protecting the rights of the Nebraska Telephone Company in the village of Bartley and it appears a reciprocation of favors would be nothing more than fair. It appears the City Council of McCook are in league with the Nebraska Telephone Co. to treat Bartley in a manner void of honor or justice. The people of Bartley and vicinity are pleased and view with pride the magnificence which is the capital of our county. They are proud of our court house located there and willingly pay their taxes necessary to build it and keep it in good repair—and feel that they should not be deprived of connecting a telephone line with the court house and deplore the petty jealousy exhibited by the city council and Nebraska telephone company.

BOX ELDER.

Charley Bolles is now enjoying his vacation with the folks at home.

Rev. A. G. Kerr reports a very good time at the Epworth League convention at Cambridge, last week.

Quite a storm of wind and hail visited this locality last Tuesday night, no particular damage has been reported as yet.

Mrs. Ben Mather of Aurora who has been visiting her parents at Culbertson is now visiting her brother W. F. Satchell and wife.

The Epworth League and Sunday school at this place are both growing in interest and a splendid meeting is reported for last Sunday evening with Virgil Gordon as leader. Miss Graves is the leader for next Sunday evening.

BANKSVILLE.

Clyde Hartman was at Traer, Kan., to take a view of the town.

Peter Wesch is up and around again since his spell of sickness.

T. A. Rowland drove out this way with an insurance agent this week.

All crops are growing fine in response to the plentiful supply of moisture. Joseph Rowland, wife and daughter Clara were Sunday visitors at Banksville.

Albert Weeks was driving a young horse Sunday the first it had been in harness.

All they ask is a fair and reasonable trial of their means of cure.

Shearer, of Mount Hope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before.
