THE same as all up-to-date, metropolitan stores have. We have just received the bills for the largest stock of Fall Goods ever brought to Southwestern Nebraska, without any exceptions, and the first invoice is expected to arrive about July 28. Our space is limited and we must make room for this big new stock. The goods we are offering you in this sale are what is left of our Summer Stock of Men's, Women's and Children's Oxfords, Slippers and Tan Shoes. There is not an out-of-date pair in the lot and never before in the history of shoe selling in this locality has there been such an opportunity as this to secure shoes at the prices which are going to control this mammoth sale. These are the same make of shoes you have been buying of us for years, and are standard makes by such firms as Florsheim, Men's Oxfords and Tans, Peters, Green-Wheeler's ladies' shoes, and the Racine Shoe Co. Look at the prices on some of the Bargains at this Sale:

John C. Allen a Candidate.

In passing upon the several probabilities for the nomination to congress to succeed the late Congressman B. F. Marsh of Illinois, the Monmouth Daily Review of July 3rd has the following to say about the candidacy of John C. Allen, once a prominent business man of our city, later secretary of state of Nebraska, and for several years past a prominent business man of Monmouth, Illinois: "Another name that is strongly mentioned for the nomination is that of John C. Allen. Since coming to Monmouth several years ago, Mr. Allen has shown his fealty to the Republican party and demonstrated the fact that his acts carry with the man influence not to be overlooked. He is recognized as a close student of public affairs, and has been eminently successful commercially. For a number of terms he has been at the head of the Monmouth board of education as its president."

Indiana's Gold and Silver.

Excitement of the wildest character prevails in Warwick county, Indiana, over the discovery of gold and silver near Lynnville. The land where the ore has been found is of the poorest, but owners are paying up back taxes in the hope of realizing handsomely. Hotels and restaurants are crowded with strangers and many more are arriving daily.

Subsidies to Support Art.

The government of Bavaria has voted a considerable sum for the maintenance of art institutions throughout the kingdom during the coming year. The allowances for the purchase of paintings and their preservation is particularly liberal. The various art institutes in Munich receive handsome subsidies and the Germanic museum in Nuremberg gets an increased allowance. Various other institutions have been voted large amounts for repairs and maintenance. These art allowances in all reach \$1,081,163 marks (\$739,741).—Emil Hensel, in Chicago Record.

Corn Rotting in Fields.

Corn is so plentiful in the vicinity of Chelsea, I. T., that the farmers are letting it rot in the fields. Twenty cents a bushel is all they can get for it and they do not think that price pays for harvesting.

JUNIOR NORMAL SCHOOL NOTES.

C. M. Braclain, head of the department of history in the Omaha high school, was a normal visitor, Tuesday afternoon.

Mr. Hooper's class in civil government is exemplifying the elaborate system of the political machinery of the country by holding a series of nominating conventions.

The present is a most desirable and opportune time to enroll in the junior normal school work. New classes in a number of subjects are being formed while the special drills in reading are invaluable to the inexperienced and the experienced teacher as well.

The Slayton Jubilee Singers gave a thirty minute special program before the normal school teachers in the assembly room at the high school Wednesday afternoon. This was altogether in addition to their complete evening's program. Their courtesy was appreciated, as their music was also enjoyed.

In school law Mr. O'Connell has aroused considerable enthusiasm among the members of his class by going into the practical details of forming and dividing school districts, circulating the necessary petitions, writing out and posting the notices, etc. Much profitable personal work has already been the result.

The new enrollments this week include the following: Mrs. Tressie McGuire, Edison; Gail Mead, Champion; Cleo Meeker, Imperial; Anna Lutz, Kittie Lutz, Myrtle Bishop, Benkelman; Mary Baker, Trenton; Fern Acheson, McCook; Elizabeth Marker, Red Cloud; Otto Walker, Merle Williams, Wauneta; Claudia Hatcher, Indianola.

Supt. E. B. Sherman, of Schuyler, a well-known institute instructor, will become a member of the normal's instructional force Monday morning next for a week's engagement. His specialty is reading, and besides conducting classes in that subject, he will give lectures both forenoon and afternoon to the teachers. He will also deliver an evening lecture during the week.

Miss Nellie M. Schlee concluded her work at the normal school with the close of last week, and on Saturday morning departed for her home at Tecumseh.

Miss Elizabeth Marker, of Red Cloud, county superintendent of Webster county, has been in attendance upon and a visitor at the normal since Thursday of last week.

There was no special music at the Normal this morning, because of the other attractions provided, but a program will be rendered next Friday, when visitors from the city will be cordially welcomed.

A new program went into effect on Monday morning of this week. Aside from making provision for new classes, the changes are minor ones. The principal one places the chapel hour back at ten o'clock, when these exercises were formerly held.

Supt. James O'Connell came down from Trenton at the beginning of the week and on Monday assumed charge of five new classes. He is already developing strong work with the teachers in mental arithmetic, physiology, orthography, school law and bookkeeping.

Miss Olive M. Blunt, of Jacksonville, Illinois, a returned missionary from Japan, entertained the teachers Monday morning with a talk on geography and customs of that far-away land. Her pleasant manner and quaint address won her much approval from her listeners.

From a personal letter from Mr. Frank R. Roberson it is learned that he still expects to make his western trip and lecture before the junior normal schools, though he indicates that the condition of Mrs. Roberson is growing slowly but surely worse. Some hope, apparently unfounded, was entertained by his friends that her recovery would be possible.

The superintendent of Gosper county, who last week wrote to the McCook junior normal school for a teacher who could qualify as being "a married man of middle age" has had his wants supplied, and now he applies again, this time for a teacher of at least three years, experience to conduct a nine months' school for \$40 per month. Applicants may write N. White, R. F. D. No. 1, Edison, Nebraska.

The normal instructors met with Mr. and Mrs. Thomas last Friday evening to bid Miss Schlee farewell on the eve of her departure for Tecumseh. Mrs. Miller, Miss Jessie Miller, Mrs. Mills, Miss Quick, and Miss Marker, of Red Cloud, were in the company, as was also Mr. E. C. Bishop, deputy state superintendent, of Lincoln, who happened to be in town that evening between trains. Visiting and music enjoyably and quickly passed the hours. Light refreshments were served.

Prof. A. McMurray, a former Nebraska school man, but now connected with the Ott school of expression of Chicago, has been with the normal teachers the past week in the capacity of special lecturer. Each forenoon, he has presented, in a series, an address upon the general subject, "Reading, and How to Teach It," while in the afternoons he has given one period each day to interpretive recitals from Eugene Field, Rudyard Kipling, Nixon Waterman, Henry Van Dyke, and James Whitcomb Riley. All of Mr. McMurray's work has been practical, painstaking and helpful, and the teachers who heard him have been benefited in a large way. To-night Mr. McMurray will deliver a popular lecture on the subject, "The Better Personality," to which all teachers and holders of season tickets to the entertainment course will be admitted free.

Miss Nellie E. Dick, superintendent of Chase county, was down from Wauneta, Tuesday, remaining over for the concert. She was accompanied by a friend, Miss Miller, of Indiana.

The following music program was rendered last Friday morning at the chapel exercises:

- Chant....."The Old Folks at Home."
