Good Homes Cheap.

On August 1st by train No. 3, an excursion will leave McCook by way of Denver for a trip through the Laramie mountains, and incidentally to inspect the enormous irrigated system of the Wyoming Development Co. The trip is one which will more than repay one for the going, combining as it does, the ride over Sherman Hill, the highest point on the Union Pacific railroad, the matchless sight of snow-capped mountains in mid-summer and the drive of 70 miles over the Laramie plains and mountains, ending at Wheatland in the midst of the finest irrigated lands in the West. No charge is made for the 70-mile drive, the meals etc. The lands are selling on very reasonable terms. A person may buy 40, 80 or 100 acres or more or they may take the trip for the pleasure. If interested write C. L. LITTEL, Culbertson, Nebr.

A Phonograph

in your home would help to entertain yourself and friends evenings or on rainy days. These instruments are different from the majority of instruments because in these you have all instruments in one. You can have the music of bands or orchestras, solos, duets or concerted pieces. Vocal music or the latest selections of the vaudeville artists. Let us fit you out with an Edison phonograph outfit. Latest records constantly received.

JUNIOR NORMAL SCHOOL NOTES.

Rev. G. L. Goodell, of Holdrege, was a caller at the normal Monday morning. The total enrollment this week reaches 219. This is three more than at the corresponding time last year.

The additional enrollments Thursday included Effie Long, Alice Marquisee and Mrs. Frances Kerr, of Palisade.

Miss C. Estella Goodwin, of Benkelman, came down Thursday morning to pay an official visit to the normal.

I. S. Cutter, state representative for the publishing house of Ginn & Co., made a professional and friendly visit to the normal several days this week.

The model school garden conducted by Instructor Barr is proving a success in every way. Pictures taken by travelers to the other junior normal indicate its superiority.

No definite word has yet been received from Frank R. Roberson, and it is possible that his dates may be cancelled and a high grade musical organization secured in his place.

Robert McIntyre, the great word painter, will deliver his celebrated lecture on "Buttoned-up People" at the opera house, Friday night, Aug. 4. Dr. McIntyre is the pastor of a large church in Los Angeles, California, and is recognized as one of the veritable kings of the lecture platform. His coming here will be hailed with delight by lovers of noble oratory.

Instructor C. M. Barr and Sup't E. B. Sherman, who has been giving lectures on reading this week, are the special objects of congratulation at present. Mr. Barr received word that he had been chosen superintendent at Wahoo, while Mr. Sherman is promoted from Schuyler to the superintendency at Columbus. The two gentlemen were hosts to the faculty on Tuesday evening, at McMillen's soda fountain.

The additional enrollments this week include Victoria Finn, Wray, Colorado; Mary Sissler, Trenton; T. A. Endsley, Cleo Rector, McCook; Fannie Davis, Colfax, Iowa; Gertrude Rosenfelt, Grace E. Edwards, Cambridge; Florence Teeter, Wauneta; Alice Warren, Emma Gaarder, Culbertson; Iva Evans, Hayes Center; Hattie Green, Mrs. Mary A. Murdock, Frank S. Graves, Palisade; Florence Bole, Kathryn O'Donnell, Stratton; Laura G. Miller, Indianola.

Sup't E. B. Sherman, of Schuyler, has served this week as special lecturer and instructor in the subject of reading, continuing the work begun last week by Mr. McMurray. Mr. Sherman has devoted one period each forenoon to an exposition of the principles upon which good reading depends, while each afternoon he has conducted classes in the subject such as any teacher would be called upon to do. The work throughout has proved helpful and inspiring, all feeling that they have derived great good from his instruction.

The lecture by Professor A. McMurray, of Chicago, last Friday night, at the M. E. church, drew but a small audience, but its excellence deserved a much larger hearing. Mr. McMurray's subject was "The Better Personality", or as it proved, Charles Dickens, the novelist, as an educator. The speaker's delivery was faultless, and his thoughts as to what should constitute sound public school teaching were enriched by many illustrations and much humor. The readings from Nicholas Nickleby were well rendered and greatly enjoyed. Mr. McMurray's presence at the normal meant much to the profit and enjoyment of the week's work.

An excellent music program was rendered this morning at the chapel exercises. The following were the numbers:

The Summons Came Suddenly.

Jacob Graves Selby, a resident of Imperial, but who had been in McCook for a few weeks seeking relief from a serious ailment, died suddenly at the home of his mother Mrs. E. E. Selby, last Saturday morning, July 15th, 1905.

Deceased was born near Iowa City, Johnson county, Iowa, September 6th, 1867. Died July 15th, 1905, aged 37 years, 10 months, 9 days.

He became a member of the Christian church in West Liberty, Iowa, in 1893. On July 2, 1903, he was united in marriage with Miss Amy Morris of Imperial, Nebraska.

A wife, mother, four brothers and many friends mourn his death.

The popularity of the departed was amply attested, last Sunday afternoon, at the funeral service in the Christian church of McCook, when a large number of friends were present at the service conducted by Rev. L. F. Sanford at four o'clock.

Monday morning the remains were taken to Stratton, Nebraska, for interment. The relatives accompanied them and a large gathering of friends there were present to witness the last of earth. The body was laid away beside the remains of his father in the family burial grounds in that town.

AN EXPRESSION OF GRATITUDE.

The relatives of the deceased desire to thank the friends for their kindness during his illness and for their many expressions of sympathy in their hour of sorrow.

Spices That Are Worth Having.

People who buy spices for their cheapness invariably pay more for the spices than they are worth. Pure spices are stonger, go farther, are so much more delicate and appetizing, that they are worth double what we ask for them. When in need of spices let us supply you.

The Cossacks of the Caucasus.

The most exceptional cavalry of soldiers of Europe are the "Caucasian Cossacks" of the Russian army. Blindly obedient to their officers, indifferent to danger and death, inured to endurance of the greatest physical hardships and amazingly skillful in management of their tough, wiry steppe ponies—a breed closely akin to our mustangs—their representatives are among the most interesting personal exhibits in Campbell Bros. Shows. It is not easy to view their fantastic feats on horseback in the light of military training, but they are astonishing, any way. The Campbell Bros. Shows will exhibit at McCook, Aug. 2.

Samples of Grain For The Carnival.

W. T. Coleman, chairman of the committee on agricultural display, has sent out about a hundred letters to farmers, asking that they preserve samples of small grain for display and competition at the McCook Street Fair and Carnival, August 28th-September 2nd, and THE TRIBUNE hopes that there has been a ready and liberal response to these letters, and that a magnificent display may be made in the competition.
