A Sound Argument

The one that blows without anything to blow about wastes time and energy. The excellence of our goods and delivery service warrant us for blowing. Always the best—always the greatest variety—always the highest quality.

RED WILLOW.

Mrs. Chris Jensen has returned from her visit to friends in Illinois. Everett Moore and family of Lebanon are visiting friends in this locality. James Jensen has returned to Red Willow county to live, after farming several years in Illinois. The Mather farm has been sold to James McClung; consideration four thousand dollars. The Hartman farm west of Indianola has been sold to Mat Colling for six thousand dollars. R. E. Hatcher has completed a large substantial granary of several thousand bushels capacity. The road leading north from the old Buck farm is in bad condition and has been much of the time the past summer. A very good road could be located and maintained one mile east on the half section line to intersect the road running to Red Willow, recently located. Mr. and Mrs. Patrick McNeal were pleasantly surprised on Wednesday evening of last week, by about forty neighbors of this vicinity and Indianola, it being their twenty-fifth wedding anniversary. The evening was pleasantly spent in social chat, games and music. A luncheon of cake, coffee and fruit was served. They received as a reminder of the occasion one dozen silver knives and forks, half dozen spoons, a butter knife, a sugarshell; one-half dozen knives and forks coming from their sons John and Archie.

RED WILLOW.

Mrs. Taylor has been quite sick. Mr. Hatcher threshed for Mr. Mullin, this week. F. C. Smith was called to Lincoln by the death of her sister. John Longnecker's water melons are still given around to all who come and sent to all who don't come. Mr. and Mrs. Everett Moore and children of Lebanon were visitors at the old home. The former returned on Monday but Mrs. Moore and the children returned later. Mrs. Evers and children from Danbury visited Mrs. F. C. Smith, the last of the week, and called on friends. The children enjoyed the country as only town people can. They made a raft and floated on the waters of historic Red Willow and enjoyed it very much.

INDIANOLA.

Mr. Streff of Orleans is here for a short time. R. E. Smith went over to Danbury, Sunday afternoon. Mr. Adams of Trenton was an Indianola visitor, Tuesday. "East Lynne" was given at Short's opera house, Friday evening. John Dolan living south of Indianola is building an addition to his home. W. Herman went down to Omaha, Wednesday, to attend the Ak Sar Ben. Wm. Gotschall and wife of Missouri Ridge were in town, Tuesday, on business. A lot of land buyers in Indianola and a lot of farms changing hands these times. Miss Julia Finch of Bartley is in town this week, guest of her uncle, Szedneg Toogood. Mrs. Edith A. McCarrick went to Trenton, Saturday on No. 5, to visit relatives. W. H. Smith and the boys are keeping bachelor's hall, this week. Mrs. W. H. is away on a visit. Wm. McCallum is having his house out on his farm remodeled. Young Stotterd is doing the work. There was a dance at the old Masonic hall, Friday night, also one at the opera hall after the show, Saturday night. Miss Grace E. Smith returned to McCook, Saturday evening, after a week's visit with relatives and friends in this city. Tim Haley accompanied his wife as far as McCook, Saturday night, when she took the train for her father's home in Ohio. Mrs. W. H. Smith went to Trenton, Saturday last, and visited with relatives until Tuesday, when she returned home on No. 12.

Will Fitch who has been very sick with typhoid fever is slowly recovering and with proper care will soon be able to be out again. Fred Burt's child who was reported as being very sick, last week, is much better at this writing and hopes are entertained of its recovery. Miss Verna Brown who has been the guest of her uncle and aunt Mr. and Mrs. W. H. Smith went over to Danbury, Sunday, to visit relatives. Mrs. Curey from near Benkalan arrived, Wednesday evening, with her three children and will live in the Lamborn property on the hill north of town. Mrs. Tim Haley and son were passengers on No. 6, Saturday night, through this place on her way to Ohio to be in attendance at the bedside of her father, who is dangerously ill. Mr. and Mrs. J. R. Balding and little son spent Sunday with Mr. Balding's father living north of Trenton. Mr. Balding came home, Monday, but Mrs. Balding stayed to visit awhile with friends. Indianola's calm unruffled surface was disturbed, last Friday night, by a few hoodlums who thought to paint the town. Their little scheme failed to work however and some arrests were made, also compromises with promises to do better.

COLEMAN.

M. H. Cole sold two of his horses. Harry Wales sold his team and bought another. Harry Cole is digging and hauling off potatoes. W. M. Sharp's mother has returned to her Ohio home. John N. Smith drove to McCook, last Saturday, with his carriage. Miss Minta Rozell will teach school, this winter, over in Frontier county. M. H. Cole returned from Iowa, last Saturday, where he visited a short time. Roy Coleman, bought a big disc drill. He and his brother Frank, intend sowing 200 acres of fall wheat. W. M. Rozell has bought a brand new carriage of the latest style. It is a daisy. The family has worked hard and are deserving of the very best there is going. They have a fine home, well built and finely finished.

BARTLEY.

Jo Burton is on the sick list this week. Bartley—business and building booming. Foster G. Stilgehouer was a business visitor in McCook, Saturday evening. Mrs. Dr. Brown returned this week from a month's visit with friends in Iowa. Agent Purvis and wife were losers of nearly every thing they owned by the depot burning. G. W. Jones has added a general assortment of groceries to his hardware and furniture store. Mrs. W. T. Wood of South McAlester, Ind. Ter., is here visiting her father Dr. Brown and family. Dr. Arbogast reports a pretty baby girl just arrived at the home of Mr. and Mrs. Hiram McCord. Mr. and Mrs. Will Robins and family of Benkelman are here on a visit with the parents of Mr. Robins. Rev. Kirby has returned from conference at Minden. He has been assigned to this charge for another year. Miss Dunlop was seriously hurt, Tuesday, by a falling stovepipe while assisting in setting up a heating stove. A temporary building was put here, Tuesday evening, for operator and express business of the B. & M. R. R. S. W. Stilgehouer of Danbury was an over-Sunday visitor with his son Foster and family, returning home, Monday. Journey Cammack fell from a load of hay, Tuesday, and was badly injured. Dr. Arbogast was called and rendered necessary aid. The new seats for the M. E. church are here and will be in place by Sunday morning which will add much to the comfort of attendance. Mrs. J. A. Malimborg is adding to the improvements of his home beside a new barn a large double corn crib, a summer kitchen and coal house. Mr. and Mrs. Sam Wilkington are rejoicing over the arrival at their home of a fine boy. Handsome of course for it looks just like his daddy. As John Cammack was driving down a hill, Thursday night of last week, one horse stepped into a deep washout in the road and falling in was killed. Miss Florence Clement has been employed in the intermediate department of our school to fill the vacancy caused by the poor health of Miss Lillie Burton. C. Marksmiller and wife of Shelbyville, Ill. visited here a few days with Mr. and Mrs. F. G. Stilgehouer. Mrs. Marksmiller is an aunt of F. G. Stilgehouer. Medical men say the ladies should change hands frequently holding their drop skirts. The continued use of the same hand causes spinal curvature and slump shoulder. The arrest of Pat Crow in Butte, Montana, Tuesday, proves that men of nerve and determination could arrest him and covers the police of Omaha with a mantle of shame for neglect of duty. A pleasant party was held at the home of Mr. and Mrs. Harry Payne, Monday evening, in honor of their 4th wedding anniversary. Games and a feast of good things were enjoyed by all present. Harry L. Brown made the sale of the Irving farm southeast of Bartley, this week to Henry Kanhausa for \$7,000. Mr. Kanhausa sold his farm north of Bartley and thought of moving to Oregon or Oklahoma, but after some inquiry concluded Red Willow county was good enough for him and will now remain in Nebraska. The burning of our depot last week is a great loss and inconvenience to the people of Bartley and vicinity and we hope the company will build another as soon as they can and while we are waiting they should make a platform for passengers to get of and on the cars: as it is now there is great danger of injury to the traveling public.

DANBURY.

Jere Noe is moving his house. D. P. Clouse is having a lay off. Henry Hellison has moved to town. Howard Ruby has moved into the Stone property. J. L. Sims shipped two car loads of hogs, Tuesday night. Rev. Hall preached his first sermon in the Congregational church, Sunday. Rollo DeMay is going back to Chicago to attend a dental college, this winter. Mrs. L. Cann and daughter Mrs. Palmer arrived from Canada, Sunday night. M. L. Gardner will preach in the M. E. church the coming year. J. J. Murr goes to Upland. Mr. and Mrs. Maxmiller who had been visiting at the home of the Stilgehouers returned to their home in Shelbyville, Ill. Mistakes Made at the Mint. John Erhard of Philadelphia has a coin dated 1891, which has a head on either side, showing that mistakes are made even at the mint. Every finished coin passes through the hands of a great many experts, and there is little chance of an imperfect piece escaping this scrutiny. There are said to be many of them in circulation, however. No particular value is attached to the coins outside of their rarity as curiosities.

THE SAVING HABIT

Should be encouraged in all possible ways. Like good morals and manners, the instruction should begin in the home. As early habits mold the future character, so do those who early acquire the saving habit, lay the foundation for future success. Many a boy has saved enough from his small earnings to give him a liberal education or to make a start in business of his own. Persistent saving opens the way to countless possibilities in success, and many a young man owes his start in life to his having opened a savings account and adhered to a strong determination to add to regularly and systematically the first deposit made. We invite your savings accounts.
