- STATE Supreme Judge CHARLES B. LETTON Regents V. G. LYFORD FRED H. ABBOTT COUNTY Treasurer BENJAMIN G. GOSSARD Clerk EDWIN J. WILCOX Judge JOSEPH C. MOORE Sheriff H. IRA PETERSON Superintendent FLORENCE B. QUICK Coroner DR. J. D. HARE Surveyor JAMES WILLIAMS Commissioner 1st District FRANK S. LORTON Commissioner 3rd District CLARENCE B. GRAY

It will be pretty difficult to head off Miss Quick.

Jasper cheerfully acknowledges that he has not yet fully recovered from his residence in Missouri.

RED CLOUD is considering the proposition of city ownership in the matter of the electric light plant. The popular trend is that way in the case of many public utilities and is eminently proper if such properties are bought and secured at a just valuation.

ONE fact has already been fixed to a certainty, as a result of the life insurance investigation in New York state, and that is that the old line companies have been and are charging abnormal, outrageous and excessive premiums. And incidentally we might say that the probabilities are that the fraternal and mutuals are not charging enough for solid and enduring results. The old liners ought to be brought down to a point where the officers, directors and grafters generally don't have to become thieves to get rid of the vast surplus funds which roll in so fast they cannot in honest methods dispose of it. The fraternal need to be notched up somewhat and reasonable surplus funds established to "make good" with in emergency or old age.

Existence of Wine Rooms. It is stated that wine rooms exist in at least part of the saloons of the city of McCook contrary to licenses under which they operate. And the question naturally arises why?

Fined \$25 With Costs Added. Ben Olcott, Jr., and Ray Lackey were fined \$25 and costs, close of last week, by Police Judge Berry for being drunk and disorderly, and remanded to the city bastille until the fines and costs are satisfied.

An Unusually Good Program. The bond social in the Methodist church, Tuesday evening, was characterized by an uncommonly good program, though the attendance was not so large as upon other similar occasions.

Mrs. W. B. Mills played a piano selection. Gladys Fuller and Rachel Berry sang a duet. Cora Garvey and Chester Brown gave a piano duet. Miss Effie Abbott, Grace Willetts and Ethel Morrissey were on for recitations. Nina Tomlinson played a piano selection. Mrs. W. H. Dungan sang a solo. The gentlemen served refreshments. A number of bonds being paid were cancelled. And the evening was enjoyable and profitable to promoters and public.

Judge Letton's Acceptance

Gentlemen of the Convention: I am not in any temper of mind at the present time, or have the power of voice to make a speech. I am not an orator at any time. I want to say that I thank you from the bottom of my heart for this nomination. I think no higher honor can be paid to a citizen of your state than to be nominated for the office of justice of the supreme court. That court carries with it the power of life and death, the disposition of the property of any man in the state, and it is the most responsible position that can be tendered or given to any man in the state. I appreciate the responsibility of this position. I want to say, too, that if elected, which I expect to be, I shall know neither rich or poor, neither corporation or individual, and that so far as in me lies, I will dispense justice with even hand to every man within the borders of the state. I am told that your committee on resolutions will report to this convention, declaring against the issuance of free transportation by the railroads in this state. I want to say to you that I am in hearty accord with that declaration. Further, I understand that they have endorsed our president, and I stand firmly with them on that proposition. Further, I understand they will report in favor of a direct primary. The closer you get to the people the better for the interests of all. I wish to thank the convention for this nomination; I want to thank my friends who made the magnificent fight upon this convention floor for me. I thank you all, gentlemen.

Democratic County Nominees.

The Democrats of Red Willow county met in Indianola, last Friday, October 13th, and placed in nomination the following candidates for the several county offices: County clerk—H. H. Pickens, McCook. County treasurer—F. W. Deffer, Indianola. Sheriff—Cecil E. Matthews, Bartley. County judge—Jacob Steinmetz, McCook. County Sup't—Flora B. Quick, Indianola. County surveyor—C. H. Meeker, McCook. Coroner—Dr. J. W. Arbogast, Bartley. Commissioner, 1st dis't—Samuel Ellis. Commissioner, 2nd dis't—C. J. Ryan, McCook. As the county central committee was chosen one year ago for a term of two years, the present committeemen hold over. Marion Plummer of Perry precinct is the chairman of the committee and Patrick Walsh of McCook, secretary.

An Encouraging Beginning.

The initial meeting of the band, Friday evening last, called out twenty-seven pieces, with a snare drummer and piccolo player as the ones now needed to form a splendid and efficient band organization. THE TRIBUNE is informed that Mr. Sutton, the director, is much pleased with the material on hand, last Friday and considers the outlook very encouraging for a new band of the old Nebraska Brigade band quality. John Gaarde has been arranging the music of the band, odd times this week, and at the practice, this evening, it is expected to be able to get down to work. Rehearsals will be held every Friday evening.

Public Sale, October 25.

Wilson Glover of Perry precinct announces a public sale at his farm, Wednesday, October 25th. The offerings consist of 150 head of cattle, 25 hogs, 5 horses, farm tools, and many other articles. Usual terms. Refreshments served at noon. A morning and an evening train will stop at Perry station on that day. H. H. Berry will call the sale and V. Franklin will clerk for the same. See bills for further particulars.

Fireguards Wanted.

It has been suggested to THE TRIBUNE that adequate fireguards should be provided by the authorities about the city. In view of the prairie fire of last fall, which came so near running into the city during a gale, it behooves the authorities to give this matter attention before the ground freezes. The expense would not be heavy and the sense of security would be very valuable and desirable.

Pythian District Convention.

At the session of the McCook lodge, K. of P., last Wednesday evening, it was determined to hold the district convention, Knights of Pythias, in McCook, Wednesday evening, November 8, and arrangements for the event were set in preparation. An afternoon and evening session will be held, all three degrees will be exemplified.

Ayer's Cherry Pectoral. Doctors first prescribed Ayer's Cherry Pectoral over 60 years ago. They use it today more than ever. They rely upon it for colds, coughs, bronchitis, consumption. They will tell you how it heals inflamed lungs. One Ayer's Pill at bedtime insures a natural action next morning.

To Bridge the Bijou at Corona. A heavy sixty-five foot span of a steel bridge, to be placed over a dry channel of Bijou creek near Corona, Col., where the Burlington lines cross that low bed of sand, passed through the Burlington yards a few days ago. The span occupied two big flat cars and was an object of much interest to those who saw it. It was bolted together in one big piece, just as it will be dropped into place on the piers prepared for it.—Journal.

Freight Handling Facilities Inadequate. It is claimed by those receiving and shipping much freight at this station that the facilities for handling freight at McCook are utterly inadequate, and that considerable delay and annoyance is inevitable under present conditions. It is proposed that the transportation committee of the McCook commercial club take up this matter with Sup't Eaton in an effort to secure enlarged facilities and quicker service.

Two Wednesday Evening Weddings. Rev. M. B. Carman of the Methodist church officiated at two weddings, Wednesday evening of this week, one in South McCook and the other out in Coleman precinct.

The first occurred at six o'clock in the evening, at the home of Mr. and Mrs. Fred Billings in South McCook, Edward Purdy and Bessie Harris, both of this city, being the contracting parties. They will make their home in west McCook. The second wedding took place out in Coleman precinct at eight o'clock, at the farm home of Henry Lepper, in the presence of a few relatives and friends, when Alma W. L. Lepper of that precinct and Clinton A. Schlegel of Culbertson were happily wedded. A three-course supper followed the ceremony. The young and estimable couple have the well-wishes of a host of friends in that neighborhood. C. W. Lepper of Edgar, father of the bride, came to attend the happy event. Mr. and Mrs. G. H. Watkins arrived home, last night, from their short wedding trip.

Republicans Name Precinct Candidates. At the Republican precinct primary held in Police Judge Berry's office, last Saturday evening, the following nominations were made for precinct officers: Justices of the Peace—H. H. Berry, J. S. LeHew. Constables—Thomas Burge, Charles Weintz. Road overseer—G. W. Dillon, district 8. Road overseer—J. S. Brittain, district 10. The attendance at the primary was very small, showing an absence of any interest in such matters by the voters of the city.

Thackeray is a humorist rather than a novelist, although romance is included in many of his books. "Philip" and "Pendennis" are love stories interspersed with humorous criticisms on everything; besides these he wrote: "The Virginians," "Esmond," "Paris Sketch Book," "Irish Sketch Book," "Barry Lyndon," "Burlington," and "Vanity Fair." The Burlingame on Ivanhoe is said to be the best one ever written. Those who have not read "Vanity Fair" and are not acquainted with "Becky Sharp" have missed one of the foundation stones of literature. It is one of the classics and belongs in the list with "Pilgrims Progress," "Robinson Crusoe" and the "Book of Snobs," "Yellowplush Papers" and "Four Georges" are full of humor of a most agreeable and subtle nature. WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y. THE REASON.—There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for purifying the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor. "About a year ago I had a very bad cough and feared it would run into consumption," writes Hon. Geo. W. Lynch, of 27 Mason Street, Worcester, Mass. "When a severe attack of coughing would come on vomiting would set in. Matter accumulated in nose and my tonsils were irritated. After reading of the wonderful cures resulting from Dr. Pierce's Golden Medical Discovery began to use it, with some doubts as to the good it would do me. I am frank to say, but after I had used one bottle I noticed quite a change for the better. Ordered five more bottles and before I had used them all the cure was complete. There is not now a trace of cough or cold in my system and my health is perfect." To gain knowledge of your own body—in sickness and health—send for the People's Common Sense Medical Adviser. Dr. Bushnell Says Money Was Offered. An effort is being made to bring Dr. C. Edward Bushnell of Paonia, Delta county, Col., back to Gosper county, Neb., there to support his wife. The physician is resisting extradition before Governor McDonald of Colorado, on sensational assertions of fact. "An attorney from Nebraska, whose name we do not at this moment know," said one of the attorneys engaged by the doctor, according to Denver News reports, "approached the doctor and said that for a consideration of \$1,500 to be given his wife the case would be dropped. When the doctor declined the offer the price was reduced to \$1,000 and the doctor still refused." According to the dispatches an attorney of Lincoln, who went through Paonia some time ago, saw Dr. Bushnell there and notified his wife. Efforts were then begun to bring him back to Nebraska to answer the charge of wife desertion. The attorneys for the doctor say that Bushnell left his wife on a mutual understanding. Since he has built up a practice at Paonia he has been sending money home, they say. They were given assurances from Governor McDonald that if they could prove that any Nebraska attorney had approached the doctor for a cash settlement he would not honor the requisition.—Lincoln Star.

Zealous in Land-Grabbing. WASHINGTON, Oct. 9.—A novel scheme of public land grabbing has come to light in the McCook land district of Nebraska. An enterprising father of a family, having himself acquired title to a piece of government land, conceived an original method of getting more of the land for the family. His scheme consisted in his having his older children adopt his younger, thus making them heads of families and eligible to make homestead entries. An eighteen-year-old boy adopted his twelve-year-old brother, and the younger boy in turn adopted his nine-year-old sister. In due course of time title of three pieces of government land was held in the family. The discovery of this novel and original scheme for homesteading has led the secretary of the interior to order a general investigation of homestead entries in Nebraska, Kansas and Oklahoma. It is expected that many cases of this kind will be unearthed in Kansas and Nebraska.—State Journal.
