Author and Lecturer.

Dr. John Merritte Driver lectures on a great variety of subjects, all indicative of his wide travels and extensive learning. "The Anglo Saxon and the future Rulership of the World," "Ultimate America," "Happy Days in the Sunny South,"—these titles, a few out of many, are sufficiently indicative of the breadth of territory and knowledge covered by his lectures. East and west, north and south, past and present, all are included in his numerous addresses.
And his books are no less vivid and intensely descriptive. "Samson and Shylock," "Nepenthe," "Songs of the Soul" and "Purple Peaks Remote" his most recent and probably his best book, all show the man of letters who has travelled and seen much, and has absorbed what he saw and learned only that he might give it out to others.

Clint Hamilton Lumber Co.

The Clint Hamilton Lumber Co., incorporated, has purchased 100 feet front, two lots, on the corner of the block just east of the National hotel, and will at once begin the work of providing an office and plant for handling lumber, building materials of all kinds and coal. The father Chas. W. Hamilton is president and son Clint Hamilton is secretary-treasurer of the company. Both gentlemen are new citizens among us, coming here from Garden City, Kansas.

The Profound of the Pudding.

Well you know it is not in chewing the string. This holds good in meats as well as in puddings. The B. & M. meat market guarantees you the best the market affords in the meat line—in any and all kinds of meats. They throw in liberal and courteous treatment and prompt delivery. You will find the market at the old stand, first door south of the Walsh block. We bespeak a liberal portion of your patronage during the new year.
DAVID MAGNER, Prop.

Profitable and Entertaining.

A splendid audience enjoyed Rev. Moran's lecture, Monday evening, in the opera house on "Success, the General Welfare." While in point of eloquence and logical arrangement the lecture may have fallen short of highest expectations of some, it was wholesome, earnest, with an ideal high and true, and the evening was profitable and entertaining withal.

REAL ESTATE AND COLLECTIONS.

If you wish to sell—list quick—

A. G. BUMP.
Many of the farmers of Red Willow county are readers of the Iowa Homestead, of Des Moines, Iowa, and believers in the gospel of scientific practical agriculture. To all these and many others it will be interesting to know that the Homestead increased its circulation in the year of 1905 from 60,000 to over 75,000 a gain of over 25 per cent. Of this vast number of farmers, over 50,000 are residents of Iowa, making it a powerful advertising medium to reach the agricultural interests of the Hawkeye state, while large numbers are citizens of Illinois, Nebraska, and neighboring states. The Homestead is edited by men who live on and operate their own farms, which gives their doctrines greater value than the writings of mere theorists. The foremost experts in agriculture, live stock breeding, horticulture, dairying and all the various branches of husbandry in the Middle West are contributors for the Homestead. The McCook Tribune would be glad to see the circulation of the Homestead still further increased in this vicinity and will take pleasure in forwarding your subscription on request.

A Popular Minister.
The minister and lecturer, Dr. John Merritte Driver, was ordained an elder in the Methodist Episcopal church in 1887, and served as pastor in various places in Illinois, Indiana, Minnesota, and Massachusetts from that time until 1902, when he was called to the famous People's Church of Chicago, where he remained until lately. Succeeding such men as Dr. H. W. Thomas and Frank Crane, he has been fully able to follow in his footsteps, and the audiences which thronged to hear him every Sunday morning were perhaps the largest drawn by any minister in that great city of Chicago. Recently, however, he has given up his church there in favor of the broader claims of the lyceum, and has since been devoting himself to the needs of the world at large.

Obituary.

After an illness of about four weeks, Rev. William Suess died at his home in Crete, Neb., January 20, 1906. Mr. Suess was born in Graben, Baden, Germany, August 28, 1841. He came to the United States in 1867, and located at Decorah, Iowa, where he was united in marriage to Kathrina Barth, April 27, 1868. He came to Nebraska and was ordained as a Congregational minister at Crete, Neb., in 1874, and located on his farm in Olive Branch precinct where he organized the Olive Branch church, remaining as their pastor until 1885, when he moved to McCook, Neb., and engaged in the missionary work of the German Congregational church. From here he moved to Herndon, Kansas, in 1889, and in 1895, returned to his home farm at Olive Branch and took charge of his former church at this place. Two years ago he moved to Crete, Neb., intending to retire from the active work in the ministry, but his love and ambition for the cause of Christ kept him a laborer in God's vineyard, until his father called him home to receive his reward.
A number of churches in Nebraska and Western Kansas have been built by the efforts of Mr. Suess and stand as monuments to his faithful work for his Master. Mr. Suess made many warm friends wherever he resided. He was a kind and loving companion and father and his children have only words of praise for their father who will be sadly missed by them. He leaves to mourn his loss, his loving companion Kathrina, two sons Louis of McCook, Neb., and William who is at home; five daughters, Louise Schwab and Lydia Drath of Herndon, Kans., Mary Thier and Maggie Messer of Kramer, Neb., and Hannah at home, one brother and one sister in Germany.
The funeral services were held in the German Congregational church at Crete, Neb., January 22, 1906, conducted by Rev. Hilkerbaumer of Friend, Neb., and Rev. Lich of Lincoln, and Rev. Stammer of Crete, assisted by the German choir of Friend, Neb., and the English quartette of Crete. He was laid to rest in Riverside cemetery.
Peace to his ashes.

Farming and stock-raising are each year rising to a higher stage of development in Red Willow county; and the year 1906 opens with a better outlook for the various interests of the farm than any of its predecessors. Old fogy methods are giving way to modern ways of doing things; and plowing, seeding, cultivation and harvesting are conducted on well-defined principles, insuring greater success. Breeders are improving their live stock and giving more intelligent care to its selection, feeding and marketing. The large circulation of The Homestead, of Des Moines, Iowa, among our progressive farmers, has been a help in bringing about this desirable change. Its able editorials, written by practical farmers who live on their own farms, its special contributions by experts, and its valuable departments render it almost indispensable to the farmer and stockman who desire to keep abreast of the times. We have made arrangements for clubbing this excellent farm journal with The McCook Tribune at a very reasonable rate; and will take pleasure in forwarding your subscriptions on request. Call and leave your order the next time you are in town.
