South Side Sugar Beet Growers.

The sugar beet growers of the South Side met in the Fitch school house, last Saturday evening, to discuss the question of forming a contract with the Standard Beet Sugar Co. for the ensuing season.

There was expressed considerable dissatisfaction at the treatment accorded them by the factory, last season, and the conclusion was that they would raise no more beets unless they could secure a square deal.

The contract is under revision and consideration by a committee composed of W. S. Morlan, W. G. Dutton, W. E. Bowers and S. R. Smith of Indianola, who will offer same for final approval or action at the meeting to be held on next Saturday evening at the same place.

The officers of the association are: W. S. Fitch, president; John Burtless, vice president; Roy Dutton, secretary; J. A. Schmitz, treasurer.

You will find the market at the old stand, first door south of the Walsh block. We bespeak a liberal portion of your patronage during the new year.

Superb and Masterful.

The lecture in the opera house, Monday evening by Dr. John Merritte Driver on "America With an Outlook to the East," was masterful in thought and superb in delivery; indeed the doctor easily set the pace in his class in this city. His prophecy was naturally and enthusiastically optimistic as to the prominent place America is to occupy in the settlement of the grave Far East question, and some of his views and forecasts were startling, formed by a personal and intimate knowledge of conditions and peoples and the trend of affairs. The doctor is a widely-traveled man and a rare and independent observer. Add to these a great personality and a marvelous genius for word painting and you have the essentials for the splendor of the great lecture the doctor delivers.

"Cash Value Assessment."

County assessors must assess property on the basis of its actual cash or market value this year, or be called on the carpet for a reprimand by the state board of assessment and equalization. A meeting of the board was held in the office of Governor Mickey this afternoon. At the meeting rules for the assessment of 1906 were formulated. They will be sent out by Secretary Bennett to the ninety county assessors of the state. The secretary was ordered to instruct the assessor that the board will insist on an assessment on the true cash or market valuation of all property and will accept no other method. Failure to strictly observe the rule will result in charges being preferred and the assessors ousted from office.

"The board will insist on a full valuation this year as provided by the revenue law," said State Treasurer Mortenson in discussing the matter. No favors will be shown any one. There have been intimations that considerable property has been concealed from taxation. If an attempt to do so is made this year, we will find it out. By a strict observance of the revenue law the burden of taxation will be equitably distributed and none will suffer."—Lincoln Star.

Wanted to Move the Body.

A brother of Bernard Nevans, who was killed by a train at Stratton, January 14th, was in the city, recently, trying unsuccessfully to arrange for the shipment of the remains to Denver, for burial. Nevans was killed while the brother was asleep along the track at Stratton. He and his brother were bumming from Lincoln to Denver when the tragedy occurred. One brother being killed while the other was asleep near him, the living not knowing of his brother's death until he awoke and commenced a search for him.

Numerous Fatalities Among Horses.

Deaths among horses in this locality are numerous. The disease is a strange one. The horses go blind in one eye, become wild and unmanageable and soon expire. The aggregate loss will be large and in some cases the individual loss severe. The cause is stated to be the eating of some poisonous grass, plant or something of that sort, and is not attributed to the cornstalks.

Anti-Saloon League Meeting.

The Anti-Saloon League held a mass meeting in the Congregational church, Wednesday evening of this week, with a fair attendance and no little interest.

There was a short program of a literary-music character: A vocal solo by Mrs. A. P. Bonnot, reading by Miss Lona Phelps, a paper by County Judge J. C. Moore, short addresses by Revs. Earle, Loughran, Mr. Lindemann, Dr. and Mrs. Welles, appropriate to the occasion.

The constitution of the league was read and signers called for. Thirty-four persons responded.

The keynote of the gathering was, enforcement of the laws of Nebraska on the liquor question, and the consensus of expression and opinion was that the laws are but slackly enforced in this city.

It is the high purpose of the league to secure a stricter enforcement of the liquor laws and of the social purity laws of the state.

And in this desirable movement they will have the aid and sympathy of all good citizens.

The league will meet in the Congregational church, Tuesday evening of the coming week, for the purpose of electing permanent officers and to transact such other business as may come before them at that time.

The Wednesday evening meeting was presided over by Dr. Welles, Rev. Carman delivering the opening prayer and Rev. Hawkes the benediction.

Special School Board Meeting.

The members of the city school board were in special session, last evening, the special item of business being consideration of the question of the proposed new school building.

It appears to be necessary to provide additional facilities—from seven to eleven new rooms are needed—and the board is taking the matter under serious advisement.

The people of McCook will do wisely and well to consider this matter and to become posted upon the facts of the case, as a proposition seems to be imminent for the voting of bonds for a new school building.

The school board will hold another meeting in a week or ten days to further consider the matter.
