Conundrum: What is the difference between a lot of women at a carpet rag sewing and a lot of men gathered together on a stormy day? Answer: The women take their needles and thimbles and work while they talk about everybody not present; the men stick their hands as far down in their pockets as they can, puff tobacco smoke and spit tobacco juice, and talk about everybody not present, and swear to everything they say.

Indifferent

horses are the result of indifferent feed. The horse is entitled to a fair share of feed that is not only nourishing but "tasty" as well. Musty hay, oats or other provender isn't likely to produce the best results.

Our Feed is Firstclass

in every respect. The grain, etc., has been cut at the right time, preserved in right way and stored where it is safe from any contamination.

THE McCOOK MILLING COMPANY
