

The McCook Tribune.

TWENTY-FIFTH YEAR

MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, JUNE 29, 1906

NUMBER 5

About the Middle River Bridge Road.
The committee from the McCook Commercial club appointed by President Barnett to confer with Superintendent Eaton about the middle river bridge road sought to be ordered vacated by the Burlington company had a meeting with the superintendent on Monday of this week, following shortly after the return of the superintendent from the east and conference with higher officials.

After a brief conversation with a member of the committee, THE TRIBUNE believes it can safely say to the people of McCook and to the dwellers in South McCook as well as those south of the river, that there is little new to report.

A few facts, old facts, may be repeated, as the superintendent reiterated them: The tracks will be laid across the road. (THE TRIBUNE of course understands they will seek permission from the lawful authorities before using public property in this manner.) A viaduct will be built over the tracks at the foot of McDowell street and a foot viaduct over the tracks at the foot of Main avenue. The company will also give permission to the county authorities to open a road along the west side of the driving park, at the crossing just south of the east side of Willow Grove addition.

Some new facts are: The company will not excavate a subway or construct a viaduct over the tracks at the present road south of Manhattan street, which they seek through the city council to have vacated.

So the people know just where they are at.

THE TRIBUNE believes that with the exception of a few specially interested citizens the people of McCook and vicinity don't want that road vacated. It is now up to them to take the proper legal measure to protect their rights of almost a quarter of a century.

Old Business, New Proprietor.
The Martin & Crowley restaurant on lower Main avenue has been purchased by L. Soderburg, who recently moved to McCook from Red Cloud. Mr. Soderburg is an experienced hotel and restaurant man, having spent years in the business. He has placed the restaurant in first-class condition and equipped it thoroughly for business, which with his knowledge and practical experience he will handle promptly and to the satisfaction of his trade. A short order or a square meal will be served at all hours, and Mr. Soderburg promises you every effort to give you prompt service and the best the market affords. Remember at the old Martin & Crowley restaurant, lower Main.

Roberson Opens the Season Successfully

Frank Roberson, whether he gives a new or old lecture, seems to have one quality undiminished—that of pleasing and entertaining his audience. Such was the case, Monday evening, when he opened the junior normal school course with "Norway." He gave this lecture when last here, and that offered, Monday evening, did not differ materially from that of his last appearance; there were a few new pictures and slight verbal variation, but in the main you could easily anticipate pictures, anecdotes, personal touches and all.

Nevertheless, he pleased, and might do the same next year, with the beauties of the "Northland."

The opera house was crowded.

Conductor Bronson Answers the Call.

After making a heroic fight for the past seven months, Conductor Charles W. Bronson answered the final call, Tuesday morning, about half past eleven o'clock, and passed on into the spirit land.

For the past twenty years he has been running on passenger out of this city and had come to be one of the most popular and best known knights of the punch on the McCook division.

He was born in Rush, Penna., July 25th, 1863, but at an early date became a westerner and in early manhood identified with the railroad service.

Bright's disease proved as usual beyond the help of medical science, and cerebral hemorrhage was the end.

The bereaved wife, mother and sisters and brothers have the deepest and tenderest sympathy in this great sorrow.

The funeral services will be held in the Methodist church, Saturday morning, at ten o'clock, Rev. E. R. Earle conducting the same assisted by Rev. M. B. Carman.

C. W. Bronson was in the Burlington employ over twenty years, entering the service of the company at Red Cloud, Nebraska, on April 1st, 1885. He was quickly promoted to conductor, receiving the promotion in April of 1886 after running out of McCook for many years he was transferred to the Wymore division in March, 1903, but was returned to the McCook division October 31st, 1903, and served the company, with the exception of the months of his illness, up to the time of his death. He was one of the best-known and most popular passenger conductors in the Burlington service on the McCook division. Bronson lodge, B. of R. T., No. 487, was named in his honor.

Deceased was an ardent Mason, and a member of all the local bodies. From a member of Charity lodge, A. F. & A. M., Red Cloud, he became a member of King Cyrus chapter No. 35, St. John Commandery No. 16, O. C. O. No. 16, R. & S. M. He was E. C. of St. John in 1898 and 1901; Generalissimo in 1897 and 1899; J. W. in 1905. He became a charter member of Eureka chapter, O. E. S., June 6, 1894. Services at the grave were in charge of the Masons.

[CHARLES W. BRONSON was born in Susquehanna county, Penna., July 25, 1863. The family moved to Illinois in 1879, and to Nebraska in 1878. Was united in marriage with Mrs. Marie Munday on the 19th of October, 1904, who survives him. His mother, Mrs. Ellen N. Bronson of Minden, and four sisters, Mrs. King and Miss Jennie Bronson of Minden, Mrs. DeHaven of Oregon, and Mrs. Whitters of Pueblo, Colo., are all expected to be in attendance upon the funeral tomorrow morning. The father died in 1882.]
