TWENTY-FIFTH YEAR

MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, AUGUST 10, 1906

NUMBER 11

Meeting Favors Closing Street.
The McCook Commercial club was called in session, Monday evening to take action on the matter of the Burlington's application to the city council to close Manhattan street south of the railroad. Sup't Eaton for the company was present and made a statement of the company's wishes. Of the forty members and citizens present several expressed themselves, almost without exception in favor of the company's desire. Mr. Kelley made a motion that it is the sentiment of the McCook Commercial club that the city council take favorable action on the company's petition, and that the street be closed as prayed for. Mr. Sutton gave a second, and the motion prevailed by a vote of 34 to 6. Those opposed to the proposed closing of the street were practically unrepresented and without spokesmen, for reasons best known to them, perhaps. The matter will come up before the meeting of the council, Monday evening next, for action.

Won All Three of 'Em.
The "Q" base ball team was victor in three games, Friday-Sunday. The first and second games, Friday and Saturday, were with Bartley. The first game was their's by a score of 8 to 2. The second one came their way to the tune of 3 to 2. Sunday afternoon Danbury went against the locals, but were defeated by 4 to 3. This was a close game for the seven innings which were agreed upon. But one score was made during the seven innings, one by the "Q" in the first. It was afterwards agreed to play out the nine innings. The final score was 4 to 3.

A Humiliating Spectacle.
It is indeed a humiliating spectacle to see citizens who claim to be law-abiding and who in the main respect law and the rights of others boldly going out into the country these days with guns and dogs, killing game prohibited by the laws of Nebraska. We say it is humiliating to any citizen who has a higher ideal of law than that its sting and disgrace is being found out, not in the fracturing of the law itself.

A Series of Splendid Rains.
This section of the state has been treated to a series and succession of splendid rains, since last Saturday. In all about four inches of rain have fallen, and the value thereof is only to be calculated in big figures. The area covered is large also.

The Finest Ever.
THE TRIBUNE recently received a shipment of the finest type writer paper ever brought to town. We also have the cheaper grades. But if you like something splendid, just try a box of Strathmore.

Helps For The Hands.
You need them just as much as you need tooth powder and tooth brushes. You'll find just the kind of manicure tools you need in this extensive stock of ours. L. W. MCCONNELL, Druggist.

Beat the Drouth Enemy
by using a Deering corn binder, and save your fodder which in fact is worth one third of a corn crop.

Washed the Main Sewer.
The heavy rains of early in the week damaged the sewer trench some by washing and caving, but the cost of restoring was not heavy.

Boost The Hospital Proposition.

The hospital committee have had their first meeting. They appointed their sub-committees and formulated their plan of action. They are to build an hospital at the estimated cost of from ten to twelve thousand dollars, furnish it and lease it to competent parties for a term of years. The money is to be raised on the stock plan—shares to be \$25 each.

When the hospital shall have been built, and leased, the committee will turn it over to a board of trustees elected from and by the stockholders. A subscription for stock is now in circulation. It now waits for the enterprise of McCook, and vicinity to say whether we will have an up-to-date hospital or not. We all know the need and long felt want of a modern hospital. The trained nurse will be there to give skillful care and kind words, surgical operations can be performed much more satisfactorily, the people at home will be much relieved of care, trouble, inconvenience, and much unnecessary expense, lying-in cases can be treated in the most up-to-date and approved manner. Happiness and joy will then reign in the home where otherwise pain, trouble and sorrow would be supreme. It will be the greatest and best advertisement McCook ever put out. There is now no hospital between Lincoln and Denver. Let us all buy stock and make this hospital something more than a dream.

An Old Citizen Passes Away.

Darius Kendall, one of the earliest and oldest citizens of McCook, passed away, about four o'clock, Thursday morning, after being in failing health for a long time.

Arrangements are being made for the funeral and burial, Saturday afternoon at 2 o'clock.
The aged wife has the sympathy of all in her bereavement and loneliness.
[DARIUS KENDALL was born December 22, 1820, in New York state. Died in McCook, Neb., August 9, 1906. Was united in marriage with Lovina Collins in 1847, and one son was born to them. Moved from New York to Wisconsin, from there to McCook in 1884, and has lived here ever since and been in business.]

Notice To Box Renters.
The courtesy of opening lock and combination boxes has been so misused in many instances and has become a nuisance and imposition of such proportions that it has become absolutely necessary to withdraw the courtesy, except under the most urgent necessity. Renters are therefore hereby given notice that they must be prepared to open their own lock and combination boxes in the future as required by the laws and regulations of the post-office department.

Ate "Daisy" Fly Killer.
Tuesday afternoon, a window fell at the home of S. E. Blue in East McCook, breaking open a tin box containing "Daisy" fly killer. A little child in the family, unknown to the rest of the family, got and ate some of the poison. Fortunately the little one ate an overdose, which doubtless saved its life—at least the physician so declared.
