Branches: Minneapolis, Minnesota.

Glendive, Montana.

Lewiston, Idaho.

York, Nebraska.

Oklahoma, Oklahoma.

Liquid Koal Used as a Lice Killer

When diluted with water in the proportion of one part Liquid Koal to fifty parts water it is the best Lice Killer on the market. It is not expensive to use because it forms a perfect emulsion with water when mixed in this proportion.

Worms in Hogs

The hog is more infected with intestinal worms than any other domestic animal. These worms are created by impure accumulations along the intestinal track and generally produced by poorly digested food. The nature of the hog and his manner of eating renders him more susceptible of intestinal worms than any other animal. Under the present domesticated conditions he is not allowed the use of his natural instincts to obtain the necessary element that would destroy these intestinal parasites. Being shut up in a pen, he is not allowed to follow the dictates of his nature. The hog that is wormy can neither grow nor thrive, for the reason that the worms destroy all the effects of the nutrition furnished in the feed. Liquid Koal put in the drinking water in the proportion of one quart to a barrel and given them twice a week will destroy all intestinal worms and keep them free from their formation and multiplication. It strengthens the appetite and tones up the system.

Something You Ought to Know

A parasite is an organism which, during its life, lives within or on the surface of an animal for the purpose of existence, and from which it receives its nutrition and nourishment. The state or condition in which the animal is kept either hastens or retards the multiplication of them. They are injurious in at least three ways:

- 1.—As direct agents of loss from animal economy.
- 2.—As carriers of other forms of parasites.
- 3.—As carriers of the micro-organisms of infectious diseases.

Liquid Koal

LIQUID KOAL is a black, oily liquid. Liquid Koal is a liquid soap and will form a perfect emulsion with water.

LIQUID KOAL is endorsed by the leading veterinaries of the United States and by many of the State Agricultural Colleges and many of the Experimental Stations which are conducted by the government.

Science

teaches that no medicine ever healed a wound; that nature performs the healing process and medicine can only assist nature in doing her work, not only in healing wounds but also in throwing off diseases.

Those versed in medicine are aware that three-fourths of the money spent for medicine is virtually thrown away, either because of the improper use or the purchase of an improper article. But in purchasing Liquid Koal from any of our dealers you take no chances. If for any reason it does not treat successfully the following list of diseases, just go back to the dealer and get the price you paid; there will be no questions asked. We stand the loss and it costs the dealer nothing.

Following is a list of the diseases that Liquid Koal cures:

Hog Cholera	Lung Worm	Swine Plague
Intestinal Worms	Cow Cholera	Tuberculosis
Anthrax	Black Leg	Abortion in Cows
Corn Stalk Disease	Colic	Glanders
Distemper	Pink Eye	Influenza
Foot Rot	Tape Worm	Lung Fever
Texas Fever	Poll Evil	Chicken Cholera
Roup	Thrush	Lock Jaw
Blind Staggers	Catarrh	Farcy
Mange	Bots	Scours
Nasal Gleet	Inflammation of Bowles	Scratches

LIQUID KOAL acts as an appetizer and vitalizer.

Two Things to Remember

- Use LIQUID KOAL to destroy parasites on the outside.
- Use LIQUID KOAL to destroy parasites on the inside.

\$500.00

deposited in the "Union Bank" at Sheldon, Iowa, to be paid anyone finding any of the testimonials we publish from time to time are not genuine.

Hog Cholera

is a free germ disease, the germ being first found in the alimentary canal, and as long as it is kept in that organ it is comparatively harmless. When, however, it penetrates to lungs, liver and other organs, it causes fermentation, inflammation and destruction of live tissues furnishing food upon which it thrives and multiplies with rapidity, in some cases a generation an hour, causing death to the animal before the owner has discovered that it was diseased.

Thus, through reasoning, two facts stand out clearly: First, that hog cholera can not be treated successfully unless treatment is commenced before the germ has reached the period of rapid multiplication. Second, that a germicide must be administered, and therein lies the whole secret. As we pass through the list of various germicides, we are compelled, one after another, to reject them, either because of inefficacy or inadaptability, until we reach LIQUID KOAL.

And why choose LIQUID KOAL? Because it is the only known germicide that will pass through the stomach to the intestines and from there to the blood, permeating the entire system, and still retain its germicide properties.

It is a compound embracing every practical germicide, antiseptic and disinfectant property found in coal, treated chemically, with an alkaline base, until every objectional feature is eliminated, being non-poisonous and harmless to animal economy.

It contains creosol and quaiacol. It is these hydro-carbon compounds found in smoke that cure a ham, destroying by their germicidal properties all germ life.

The reader may ask, if these properties come from coal, why not use coal? The answer is, because coal yields those properties only by distillation at about 350 degrees of heat and it is reasonable to assume that a hog's stomach could not generate that amount of heat without becoming roast pork, seasoned with fried germs.

We would also call the reader's attention to the fact that the gastric juice of the stomach being an acid, an alkali is required as a neutralizer when the acid too strongly predominates, as in the case of hog cholera. In addition it would be expensive, as the owner of the animal would be purchasing six dollars worth of coal to obtain one dollar's worth of Liquid Koal.

LIQUID KOAL is in general use by veterinary surgeons throughout the whole country, embodying a wider range of use than any other preparation known to science.

NOTICE OF REFEREE'S SALE.

Notice is hereby given that under and by virtue of an order of the District Court of Jefferson County, Nebraska, made and entered on the 28th day of August, 1906, in a case pending in said court wherein Gertrude Speenburg is plaintiff and Joseph W. Rider, Mattie Rider, Mollie Harburt, Louis A. Harburt, Albert Ryan, Peter K. Ryan, David F. Rider, Claudia Rider, Florence Farmer, Elmer Farmer, John Rider, Ida Rider, Leodidas D. Speenburg, L. D. Speenburg, administrator De Bonis Non of the estate of Michael C. C. Rider, deceased, adults, and Landis Clapper, Fleda Clapper and Chester Clapper, minors, were defendants for the partition of the real estate hereinafter described together with other real estate, the undersigned referees duly appointed by said court having taken the oath and given the bond required by law and by the order of the court, will on Tuesday the 9th day of October, 1906, at the front door of the court house in McCook, Nebraska, at one o'clock p. m. of said day, sell to the highest bidder for cash the following described real estate to-wit: The southwest quarter of section 13, township 3, north, and the south half of the southeast quarter of section 12 and the northwest quarter of section 13, township 4, north, all in range 30, west of the Sixth principal meridian in Red Willow county, Nebraska.—9-7-06

FRANK E. FINCHER,
HENRY BOWER,
ISAAC S. GARDNER,
Referees.

C. H. DENNEY,
Attorney for Plaintiff.

Notice is hereby given that by virtue of a chattel mortgage made on the 15th day of August, 1903, by Ed Houlihan & H. Plausard & Co., upon the following described property, to-wit: One No. 244 Cross Compound Tractor Engine, manufactured by Reeves & Co.; one No. 251 Compound Separator, manufactured by Reeves & Co.; one No. 294 Farmers Friend Wind Stack, manufactured by Reeves & Co.; one No. 13762 Parsons Feeder, one No. 4405 Peoria Weigher, one Tank, Pump and Hose, one hundred and fifty feet seven-inch, four-ply Gaud Belt. Said Reeves & Co. will sell said property for cash to the highest bidder at public auction on the 29th day of September, 1906, at the city of McCook, Nebraska, on lots one (1) and two (2), block twenty-two (22) of the original plat of said city at two (2) o'clock p. m. of said day.

Said mortgage was filed in the office of the County Clerk of Red Willow county, Nebraska, on the 15th day of August, 1903. There is now due on said mortgage and the notes thereby secured the sum of one thousand, five hundred and forty-five and 81/100 (\$1545.81) dollars, said mortgagee has elected to declare the whole debt secured by said mortgage due, as by its terms and the terms of the notes secured thereby provide. No proceedings at law has been had for the collection of said debt or any part thereof.

Dated this 4th day of September, 1906.—9-7-06
REEVES & Co.,
Mortgagee.

ORDER OF HEARING,

State of Nebraska, ss.
Red Willow County, ss.

At the County Court, held at the County Court Room, in and for said county, September 19 A. D. 1906. Present, J. C. Moore, county judge.

In the matter of the estate of Andrew J. Benson, insane.

On reading and filing the petition of John Benson, praying that he may be appointed guardian of Andrew J. Benson, an insane person. Ordered, that October 6, 1906, at nine o'clock a. m., is assigned for hearing said petition, when all persons interested in said matter may appear at a county court to be held in and for said county, and show cause why the prayer of petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the McCook Tribune, a weekly newspaper printed in said county, for three successive weeks, prior to said day of hearing. (A true copy.)—7-21-3t

(SEAL) J. C. MOORE, County Judge.

Important Notice.

All persons are hereby notified and warned that TRAVESS in any form on the following described lands in Red Willow county will be prosecuted to the FULL EXTENT OF THE LAW:
W $\frac{1}{2}$ NW $\frac{1}{4}$ 9, W $\frac{1}{2}$ SW $\frac{1}{4}$ 4-4-30. Somers land.
E $\frac{1}{2}$ NE $\frac{1}{4}$ 9, E $\frac{1}{2}$ SE $\frac{1}{4}$ 4-4-30. Oilphant land.
E $\frac{1}{2}$ NW $\frac{1}{4}$ 8-1-29. Cregar land.
D. S. Farnham, owner, Newton Centre, Mass.

LIBRARY NOTES.

We are ready to loan boxes of books to the teachers who want them.

Some very good articles may be found in the September and October magazines at the McCook Public Library.

"An Engineer of World-wide Successes," by French Strother. The career of Mr. Lindon W. Bates, whose inventions have been used to lift Russian Provinces from poverty and to make Galveston secure from floods—His plan for a lock-canal at Panama—The story of an American success.

"A Negro's Life Story," by W. H. Holtzclaw. From the humblest beginnings to the headship of a helpful and important institution—A frank narrative of the overcoming of extraordinary difficulties—An insight into life in the black belt.

"Japan's New Position," by Mary Crawford Fraser. Attacking its task of waking the whole far east to progress—The country's faith in its mission—Its battle with Oriental intrigue and with European and American Suspicion—The "Japanesing" of China and Korea.

Library hours: mornings, 10:30 to 12:00 o'clock; afternoons, from 1:30 to 6:00 o'clock; evenings, from 7:00 to 9:00 o'clock; Sunday, 2:00 to 5:00 o'clock p. m.

LIBRARIAN.

RED WILLOW.

L. B. Korn is visiting his daughter in Kansas.

Frank Moore has completed a large addition to his house.

Chris. Jensen has moved into his new residence.

Geo. Burt, wife and sister and John Helms and the McNeals took dinner at the Sexson house, last week.

Art Hoaglins have returned from a four weeks' visit in Indiana.

John Helm will build a large barn and breed fine stock in the future.

A large acreage of winter wheat will be sown in this locality this season.

C. A. Hedges, John Helm and Oliver Hotze will feed cattle the coming winter.

The farm known as the Baxter farm west of Indianola is reported sold at forty-eight hundred dollars.

Major C. F. Spearman of Mt. Pleasant, Iowa, brother of Mrs. E. A. Sexson, is visiting at Crawford, Neb., before returning to his home in Iowa.

E. A. and Mrs. Sexson made a brief visit to Furnas county, last week, Major Spearman accompanying them. The Major thinks Red Willow county fine, especially the Republican Valley.
