PINE TREE BREAD.

KAMCHATKANS USE THE INNER BARK OF PINE TREES.

Macerate It in Water and Bake Good, Wholesome Bread—The Pine Keeps the Blood Pure and The Body Healthy.

In Kamchatka the people live in earth-covered pits. Mr. Kennan compares the sound of their language to that of water running out of a narrow-mouth jug. Their bread is made from the inner bark of the Pine Tree, macerated in water and baked without flour. They are a hardy race, the Pine keeping the blood pure and the various organs of the body in a healthy condition. Consumption is unknown among them.

A noted specialist in throat and lung trouble, who established a camp for consumptives in the Pine Woods of Maine, and whose remarkable cures here have attracted great attention from the medical world, says that one-half ounce of the Pure Virgin Oil of Pine, mixed with two ounces of Glycerine and one-half pint of good Whisky and used in teaspoonful doses, will heal and strengthen the lungs, break up a cold in twenty-four hours, and cure any cough that is curable. The ingredients can be secured from any prescription druggist at small cost.

Inquiry at the prescription department of a leading local druggist elicited the information that the Pure Virgin Oil of Pine is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper, showing the name—Virgin Oil of Pine (Pure) guaranteed under the Food and Drug act, June 30, 1906. Prepared only by the Leach Chemical Co., Cincinnati, O.—plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are being put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired results.

ONE WAY OUT OF DIFFICULTY.

Match Twins with Twins, Was the Fond Mother's Idea.

A little woman entered a drug store and asked the proprietor if he had "another picture."

"What kind of a picture do you mean?" the druggist asked.

"One like this," said the woman, holding up an attractive advertising print.

"I may have one or two of them left," the proprietor said, "but I haven't many of them."

The woman said she only wanted one, and her tone indicated that she was anxious for that one. She explained that the one she had with her had been given to one of her children. Another child, she stated, was sick, and was crying for a picture such as his brother had.

"That's a bad way to bring up your children," ventured a woman customer in the store. "Do you try to give a child everything he cries for just because his brother is more fortunate?"

"But," said the mother of the children, "you don't know. The children are twins and what one has the other wants."

"Suppose," objected the moralist, "when your children get older, they fall in love with the same girl, what will they do?"

But the mother was ready. She promptly replied:

"Find twins and fall in love with them."

Gold Coinage of the World.

United States is coining annually about \$300,000,000 in gold; Great Britain, nearly \$60,000,000; Australasia, a little more than Great Britain; France, about \$35,000,000; Germany, about \$25,000,000, and Japan, more than \$30,000,000.

DREADED TO EAT.

A Quaker Couple's Experience.

How many persons dread to eat their meals, although actually hungry nearly all the time!

Nature never intended this should be so, for we are given a thing called appetite that should guide us as to what the system needs at any time and can digest.

But we get in a hurry, swallow our food very much as we shovel coal into the furnace, and our sense of appetite becomes unnatural and perverted. Then we eat the wrong kind of food or eat too much, and there you are—indigestion and its accompanying miseries.

A Phila. lady said, the other day: "My husband and I have been sick and nervous for 15 or 20 years from drinking coffee—feverish, indigestion, totally unfit, a good part of the time, for work or pleasure. We actually dreaded to eat our meals."

"We tried doctors and patent medicines that counted up into hundreds of dollars, with little if any benefit."

"Accidentally, a small package of Postum came into my hands. I made some according to directions, with surprising results. We both liked it and have not used any coffee since."

"The dull feeling after meals has left us and we feel better every way. We are so well satisfied with Postum that we recommend it to our friends who have been made sick and nervous and miserable by coffee." Name given by Postum Co., Battle Creek, Mich. Lord Iveagh has one of the most curious hobbies in the world. It is the collection of old silver potato rings, which are large silver sockets in the form of rings, into which the wooden bowl used for potatoes used to be fitted. They are much prized by bric-a-brac hunters.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

Ardent Words of Truth

"I Was Given Up"

writes Mrs. Eva Bashore, of Wapakoneta, O., "by ten (10) doctors, and the only hope they offered was an operation, for an abscess of four (4) months growth, measuring about six inches long, on my ovary. I weighed only 90 pounds and was so weak I could hardly walk across the floor. The trouble began by my taking cold at my period, which stopped the flow. I doctored for nearly a year without obtaining relief, until, as I dreaded an operation, I began to take

WINE OF CARDUI

Woman's Relief

"I only used eight (8) bottles of Cardui. Now I am well, have gained 35 pounds and work every day. Wine of Cardui saved my life. I cannot say enough for it and will recommend it whenever I can." Nothing could be more certain than the fact that you need Cardui if you suffer from any of the disorders peculiar to the female sex. It is purely vegetable, strictly medicinal, harmless, non-intoxicating, and perfectly reliable. Cardui regulates irregular functions, relieves unnecessary female pain, restores strength and invigorates the system. Over a million women have been benefited by its use. Try it.
