A Dollar in Your Pocket

and more coming Saturday night—the chances are you will spend the dollar; probably for something you do not need, possibly for something you would be better off without. If that dollar was in the bank you would keep it and add to it until you had enough to make an investment so you could make more money.

Many of the larger bank accounts were started in a very small way and gradually builded to their present size.

Why not start an account with us and build up to where you can live on the interest of your investment? It's worth while trying—making a start helps—start today.

D. N. Cobb returned home, Monday night.

P. F. Slossen is a new carpenter in the shops.

Will Rolfe is night clerk in the roundhouse.

F. J. Rolfe is back in the shops at the head of the carpenter force.

Engine 646 was taken out, today, for a breaking-in, after a general overhauling.

Conductor G. E. Denton has Conductor Hegenberger's run during his absence in Omaha.

Engineer William Deere is home from running down on a Kansas branch, the past week.

Engine 1062 went out of the backshop, Wednesday, and is receiving finishing touches in the roundhouse.

Bruce Berry has gone into the train service and is now braking for Conductor George Willetts on passenger.

Gary Dole has resigned his position and J. Marshall Trammell is now night foreman of the roundhouse.

Ed Roach was called out of town, Monday night on No. 3, by news of the serious illness of his wife.

Earl Notley tried the day force, Tuesday, and is now laid up with a mashed foot—a bar of iron falling on the member.

The company is now laying track to the new water plant. The pipe is being laid, and the work generally is progressing favorably.

The overhauled postal combination car on the Imperial line went into service Monday morning. It has been at Plattsmouth for about three weeks.

The depot at Indianola is undergoing some repairs. The building is being raised about two feet and a brick foundation will be placed under it.

On account of scarcity of switch engines the No. 320 has been made ready for switching work, notwithstanding it is on the list for a general overhauling.

Engine 148, which was stripped in the Roggen wreck, is standing on a sidetrack near the backshop awaiting its turn for a general overhauling. It's a sad wreck.

The special rates, this week, have made passenger traffic very heavy, the principal trains running in sections—there were three sections on No. 3, Tuesday night.

The movement of settlers into this part of Nebraska and adjacent Kansas is very heavy now. Every admissible freight train is carrying a number of cars, every day.

The Brotherhood of Locomotive Engineers has its invitations out for their second annual ball for March 18th. It will be held in the Bixler opera house. The K. of P. orchestra will provide the music.

Fireman Gus Soderburg is home from Grand Island on account of illness of his father, expecting to be here two or three weeks. He is employed on the Union Pacific, running out of Grand Island.

Engineer Charles Shepherd of Sheridan and five unknown Austrian laborers were killed at Pedro, Wyoming, last Thursday night. The work train took the siding and the switch was not closed. A following freight train ran into the work train.

J. G. Schobel left on 2, Wednesday morning, for Chicago on business connected with the proposed new wage schedule for trainmen. This is the fourth time he has been summoned to headquarters to assist in cracking this troublesome nut.

Every business house—save one—in the village of Ragan, Harlan county, on the Burlington's K. C. & O. line, was destroyed by fire, Monday. The Burlington depot, being some distance from the business section, escaped. Loss is placed at about \$40,000.

Herman Hegenberger for the C. O. C. and Worth Humphreys for the B. of R. T. went to Omaha, Wednesday night, to take part in a conference with the company over the new wage schedule proposed. The orders ask a fifteen per cent advance and the company offers a ten per cent advance. Or more accurately, ten per cent advance to freight men and \$10 and \$5 per month to passenger conductors and brakemen respectively.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. Nellie May, of 308 Pennsylvania ave., Joplin, Mo., says: "I know from my own experience that Doan's Kidney Pills are a reliable kidney remedy. I was bothered for six or eight weeks with a constant dull heavy aching in the small of my back. I was tired all the time, lacked ambition and in the morning always felt worse. Having reason to believe these symptoms were caused from the kidneys I got a box of Doan's Kidney Pills. They proved to be the very remedy I required, and under the treatment the backache, languor and other symptoms disappeared."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
