Say you saw it in THE TRIBUNE.

### A Boost For Sugar Beets.

At a special meeting of the McCook Commercial Club held on Wednesday evening, a communication from the Scottsbluff Commercial Club was read pertinent to the sugar beet growing industry and seeking assistance in an effort to ward off tariff action inimical to the industry and the maintenance of the present tariff on beet sugar.

Statements were made by A. Barnett about what sugar beet growing has and is doing for Eastern Colorado and by F. F. Everett of Scottsbluff upon Western Nebraska's brilliant prospects if the tariff remains.

The club members unanimously took the view that the industry means vast things to irrigable Western Nebraska and gave the movement for the maintenance of the present tariff a boost by passing a resolution which in substance has been adopted by the leading commercial clubs all over the state.
