Republican State Ticket.

For Supreme Judge—

HON. M. B. REESE

whose six years of honorable service on the supreme bench proved him a fearless and upright judge and whose life-long integrity commands the respect of citizens generally regardless of political belief.

For Railway Commissioner—

HON. H. T. CLARKE, JR.

the friend and appointee of Governor Sheldon, a leader in the last legislature and a man whose business qualifications pre-eminently fit him for the difficult work of the railway commission.

For Regents of the State University—

HON. C. B. ANDERSON

a man of high standing and large business experience which will prove invaluable in the conduct of the business affairs of the state university.

HON. GEORGE COUPLAND

a practical farmer whose earnest advocacy of the modern idea of applying advanced educational and scientific methods to agriculture should command for him the solid farmer vote.

The Republican State Platform.

Points with pride to the achievements of the Republican party under the splendid leadership of Theodore Roosevelt and insists that his successor shall be a man who will continue the Roosevelt policies, and suggests Secretary Taft as such a man.

Commends the present state officials for their care of the state institutions, maintaining the credit of the state, and reducing the state debt.

Commends the Nebraska delegation in congress.

Calls attention to the magnificent record of the last legislature which carried out the pledges of the Republican party, as follows:

- "1. A state-wide direct primary.
- "2. Abolition of the free pass evil.
- "3. Comprehensive powers for the state railway commission.
- "4. More equitable rates for transportation of passengers and freight.
- "5. Equal taxation of railroad property for city purposes.
- "6. Abolition of fellow servant law and full employer's liability.
- "7. A pure food and dairy law.
- "8. Rigid economy in appropriations.

Endorses the direct primary, and pledges such amendments as shall improve its workings.

Commends the good work of the state railway commission, in its efforts to secure better freight rates for the people of the state. Calls for the rigid enforcement of the anti-pass law.

Declares that in suits at law corporations should be deemed citizens of every state where they have filed articles of incorporation or exercised the rights of eminent domain.

Favors an enactment of the federal law forbidding the federal courts from issuing writs of injunction against state officers charged with the enforcement of state statutes.

Regards with high favor the nominees on the state ticket and invites voters who believe in official probity and efficiency to join in electing them.

A Word to Republicans.

Headquarters Republican County Central Committee:

Indianola, Neb., Oct. 8, '07.

To Republican voters of the county:

As there probably are many new voters in the county this fall who are personally acquainted with some of our candidates, I desire to say that I have been personally acquainted with all of them from two to twenty two years, and I do not believe that the voters have ever had an opportunity to vote for a more clean and competent set of candidates than we have on the ticket this fall. I think you will all agree with me when I say that I think that it is the duty of every Republican; let me change that and say that it is the duty of EVERY VOTER, to go to the polls and cast his vote; and the duty of every Republican to vote for the candidate his party has placed in nomination, if he is honorable, competent and clean. In all campaigns, the first duty of any party is to put good candidates in the field. After this is done it is the duty of EVERY CITIZEN to go to the polls and vote.

Don't let any one tell you any "fish stories" about our candidates, and lead you to vote for the other. In ninety cases out of one hundred, such stories are false, told solely for the purpose of deceiving you. Such plan of campaign is disreputable, out of date, and no honest person will engage in it in these modern times.

I urge upon all REPUBLICAN voters to go to the polls and vote the whole ticket through, as an assurance of securing good and efficient officers. In this connection, I am not saying the opposition candidates are not good people, and that I love them less, but that I love the Republican people more.

Yours very truly,

S. R. SMITH,

Chairman County Central Com.

A READER of the Cleveland (O.) Leader in a reply to a contest relative to Ohio's choice in the race for the presidential nomination, writes this alliterative "boost" for Secretary Taft:

POPULAR AND PROGRESSIVE.
William H. Taft.

Portly but portable,
Prodigious of purpose,
Picked for his peacemaking,
Popular proclivities,
Put with persistence,
Pliable panacea,
Pa to the Philippines,
Puissant in Panama,
Propounder of progress,
Prowess of prestige,
Proclaimed by the people,
Probable president.

There can be no doubt of Judge Taft's strong hold on the country. He has acquitted himself of much difficult and important business admirability. If nominated for the president next year he should prove one of the most attractive candidates his party has ever offered to the electorate. But the very nature of his achievements and the fact that he is a member of the national administration make him, not a favorite-son factor in the presidential fight, but a national figure.—Washington Star.

Most men who mingle with great crowds or participate in an event of many features are absolutely unable to describe in detail any one particular feature. It is then that they find their weekly newspaper most valuable. Just so it is with the readers of daily newspapers; they have not the time or the inclination to follow every phase of the week's events and so turn to a weekly newspaper for a concise and connected account of any event of more than local interest. This demand is easily supplied at small cost by The Weekly Inter Ocean, which can be obtained with this paper, one year, for \$1.25.
