TWENTY-SIXTH YEAR

MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, OCTOBER 18, 1907

NUMBER 21

Opened For Business, Monday.

The new McCook National Bank opened for business, Monday morning. The bank furniture is the handsomest in the city, being specially made for their quarters in the old Farmers and Merchants bank building, and fitting the demands of the bank to a dot. They are using the fine vault built in the building originally for the old bank, and to this equipment they have added the very latest and best in burglar-proof safe,—the famous Manganese steel safe, together with all the essentials of correct and quick dispatch of business in counting machine, typewriter, etc. Cashier C. J. O'Brien is in charge, with Acting Cashier W. S. Collett, an experienced banker, directing affairs, and Miss Mary Fitzgerald, of Lincoln, as stenographer.

The McCook National Bank starts out in business under the idea that McCook's expanding commercial life warrants another financial institution of first class, and they have a capital of \$50,000 to start with and are making plans to conduct a bank according to the high demand they believe is here. The stockholders and directors are men of standing and financial ability and will no doubt give McCook another bank of the highest standing and credit.

The Family Syringe

should be one that can stand plenty of use or remain elastic and pliable for a long time when laid away. The average rubber goods of today contain so little pure rubber that one must exercise particular care in selecting. You should purchase syringes here and be sure of getting something that will give long and satisfactory service. We handle only the lines made by reliable manufacturers. You can find here fountain and bulb syringes in splendid variety and at prices ranging from \$1.00 up.

L. W. MCCONNELL, Druggist.

Opened For Business, Oct 14th.

Believing that the growth of McCook and the development of the country justified the organization of another bank, we take pleasure in announcing that the McCook National Bank, with a paid up Capital Stock of \$50,000, opened its doors to the public October 14, '07, in the old Farmers and Merchants Bank building at 216 Main avenue.

This building has a good vault and we have the latest improved Manganese Steel Burglar Proof Safe, together with new fixtures and equipment, and most respectfully solicit a share of your business.

The McCook National Bank is a home institution, the stock of which is owned by McCook men who have lived here almost since McCook appeared on the map and we have been prominently identified with nearly every enterprise during its existence. Our accumulations have been acquired by judicious investments and confidence in the future of McCook and Red Willow county and the stockholders are now the possessors of property both real and personal sufficient to justify highest claims of financial responsibility.

It will be our constant aim to give our best efforts in the upbuilding of our town and the development of the country surrounding. With this assurance we cordially ask your support and co-operation.

The policy of the Bank will be as liberal as is consistent with sound banking, keeping an eye on securing the interests of our depositors.

Very truly yours,
MCCOOK NATIONAL BANK,
P. Walsh, President.

Reason for Delay.

"The delay in delivery of special request envelopes to patrons of this office," said Postmaster Kimmell, "is caused by a change in government contract for this work, and from the further fact that the last congress ordered everything in freightable lots withdrawn from the mails during the period of weighing (July 1, 1907, to January 1, 1908). Under this order these envelopes were shipped by freight which has proved impracticable and has been abandoned, and they are now being sent by registered mail as heretofore and orders will be filled promptly in the future. When you realize that the contractors must turn out four millions of stamped envelopes and newspaper wrappers daily some little delay in orders can be excused. I would, however, urgently request all regular users of stamped envelopes to place their orders three or four weeks earlier than usual to avoid inconvenience to themselves. All requisition from this time on will be filled without unnecessary delay."

Cattle Sale.

Public sale of Short-Horn cattle at Cambridge, Neb., October 23, 1907. A. C. Shallenberger and Thomas Andrews will sell forty-two head consisting of twelve bulls and thirty cows and heifers drawn from their well known herds which have won more than fifty premiums at the leading fairs and stock shows in 1907. Visitors entertained and an opportunity offered to buy great breeding cattle by such famous sires as Diamond Rex, Bar None and Whitehall Marshall without reserve.—10-11-2ts.*

A Good Buggy or Spring Wagon

is a source of great satisfaction to the owner. We have them in the Yellie and John Deere makes which are fully guaranteed by the manufacturers and ourselves, and we are here all the time to make good. We buy these buggies in carload lots, thus saving enough in freight to make our profit. Can we not fit you out now with one of these splendid rigs? McCook Hardware Co.

Good Horse Blankets are Cheaper

than feed, and you can keep your horses with less if you will blanket them instead of letting them stand in the cold winds without. We have the best blankets ever shown in town, in the 5-A and Northern Ohio, and now is the time to buy and get the good of them. At the McCook Hardware Co.

Do You Know
