Machinist W. H. Anderson returned to work, Wednesday morning.

H. Leonard and W. H. Stroud are new helpers in the machinist shop, this week.

Engines 1968 and 1611 have been given new spark arresters, this week. The new apparatus is claimed to do the business effectually.

Engines 1105 and 307 from the Lincoln division have gone into the shop, this week, for an overhauling. No. 1108 from the Lincoln division is outside in the yard awaiting an opening.

Conductor L. M. Best has secured a location near Main avenue where he will erect large greenhouses and do a wholesale flower business; also grow some vegetables under glass. He has leased the Leland farm southeast of McCook and will put in a nursery next spring. Mr. Best has been in the employ of the Burlington almost fourteen years and is well known through southwestern Nebraska. He will retire from the company's service soon.

Married at Evangelical Parsonage.
Mr. Arlie P. Walters and Miss Belle Talbott were united in marriage at the Evangelical parsonage at Kearney, Neb., at 7:30 last evening by Rev. A. I. Ferch, in the presence of the parents of the bride. The groom is an industrious young man, working as fireman on the Burlington line west of McCook, Neb. The bride is a daughter of Mr. and Mrs. Wm. Talbott, living north of Gibbon and well known in this section. Mr. and Mrs. Talbott are the parents of Rev. C. C. Talbott, an old schoolmate of Rev. A. I. Ferch and now missionary in China. After the ceremony an appropriate supper was served at the parsonage.

The decorations were fitting and tasteful for the occasion and the little company of friends were cheerful and happy. The bride and groom are leaving, today, for McCook, Neb., where they will make their home. Their many friends wish them well as they enter upon their happy wedded life. A. I. Ferch. Kearney, Neb., Oct. 22, 1907.

A Reminder of Early Days.

A writer in the San Francisco Chronicle makes reference to what might be quite familiar to early settlers in this part of Nebraska. He speaking of methods used by Indians to communicate with each other he says:

Sometimes, however, these circles may not mean water at all, and then it is necessary to understand the intricacies of the Indian mind to understand just what he is driving at. I remember once when I was hunting on the Republican river I came across a circle of buffalo skulls, which attracted my attention because of their peculiar arrangement. Sixteen skulls were set in a semicircle with their noses pointing down the river. In the center of the circle was a skull on which were pointed thirty-six red lines. Near the skulls were two small sticks placed upright in the ground, and at the top of each stick were tied two bundles of hair.

A Pawnee Indian was with me and told me that thirty-six Pawnees had camped there. They had made a raid against a camp of Comanches containing sixteen tents or lodges and had taken four scalps. They were now returning home down the river. To the ordinary observer this arrangement of skulls and sticks would have given no more impression than the idea that some one had been amusing himself by playing with these buffalo skulls. To the Indian the arrangement was a complete story.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for McCook People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in McCook.

Mrs. A. G. Rider, living in the eastern part of McCook, Neb., says: "I have suffered for a number of years from kidney trouble. My back was very lame and sore and there was a dull, throbbing sensation directly over the left kidney. I was unable to lie on my left side without experiencing sharp twinges through this region. Shortly after I noticed the first symptom of kidney trouble, the kidney secretions became irregular, too frequent in action causing me to rise many times during the night and contained a sediment. As a result of not sleeping well, I became weak and run down, had little ambition and my household duties became a dread. I was advised to give Doan's Kidney Pills a trial by a person who had used them with good results. I used them for sometime according to directions and the result was a complete cure. I have felt like a different person since using Doan's Kidney Pills, which I procured at McConnell's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE "BUSINESS END" OF A STOVE IS THE FIREPOT

THE "ART GARLAND" FIREPOT "DOES THE BUSINESS."

IT'S THE easiest thing in the world to make a firepot **WRONG**—so easy that you'll find most all of them wrong—wrong construction—wrong principle. For 70 years there has been no improvement on the actual "BUSINESS END" of a stove until this two-piece revolving firepot was placed in

"GARLANDS"
LOOK AT IT!
NOTICE IT'S MADE IN TWO PIECES...
That's to allow the air to pass into the fire instead of all coming in at the bottom.
HOT FIRE WHERE YOU WANT IT...
At the outside edge instead of the middle, where you get little radiation from it.
THE LOWER PIECE REVOLVES...
Just put the crank on, give it a turn, and the firepot is as clean as a whistle.
NO POKING—NO FUSSING—NO MUSS—NO DUST—
WILL SAVE YOU A TON OF COAL EVERY YEAR YOU USE IT.
