## COMING AGAIN

Dr. E. T. ALLEN

The Eye, Ear and Nerve Surgeon of Denver.

THE magnificent reception tendered this eminent surgeon on his recent visit to McCook and the earnest request of so many patients, has induced him to stop on his return to his Sanitorium in Denver. But this will positively be his last visit to our City this year.

When he was here, he operated twice for cross-eyes, with perfect results. He opened a tear duct; treated four cases of deafness, refused to take one case of deafness because it was incurable; he had cases of discharging ears, catarrh, headache, tumors of the eye-ball, inflammation of eyes, chronic sore throats; he fitted numerous cases of astigmatism, near-sightedness, old-sight, and lack of balance of the eyes which causes nervous disorders, sleeplessness, chorea and even insanity.

Though he worked from early morning till late into the night, several who crowded his apartments of the Palmer House, were unable to see him and as so many urged him to return, he at last consented to do so, and will again be at
