The anxiety of some of those eastern bankers and others for an elastic currency causes an expansive smile to suffuse the average western countenance. Postal savings banks, honest banking and less stock gambling by the Wall Street gentry will go a good deal farther toward restoring our upset financial condition than any balloon currency. Banking and gambling and exploitation don't mix. They never will. The west has less confidence in the Wall Street bunch now than ever before. Abas gamblers!

The Great Majestic Walking Cake

Like Truth, "Crushed to earth will rise again."

TUESDAY, NOV. 19

This wonderful cake will be baked in a MAJESTIC AIR-TIGHT OVEN at our store Tuesday morning, and at about 3:30 in the afternoon twenty-five ladies will stand on two planks twelve feet long placed on the cake, and crush it flat. It will then rise to its natural height about five minutes afterwards, then be cut and served to all present.

This is a fine layer cake six inches high, by 17x19 inches, jelly between each layer, and icing on top.
The principal ingredient to this cake is the fact that it is baked in an airtight oven. All MAJESTIC RANGE ovens are perfectly airtight.

Hot Coffee and Biscuits Served Every Day This Week

Also remember the factory will give you Absolutely Free one set of ware well worth \$7.50 with your order for a Majestic Range given during demonstration week. Come any day.
