## DECIDE YOURSELF.

The Opportunity Is Here. Backed by McCook Testimony.  
Don't take our word for it.  
Don't depend on a stranger's statement.  
Read McCook endorsement.  
Read the statement of McCook citizens.  
And decide for yourself.  
Here is one case of it.  
Peter Foxen, living north of Court House, McCook, Neb., says: "I cannot begin to tell what torture I endured from kidney trouble. I had a dull aching through my loins and kidneys that seemed to be with me constantly. I was unable to bend without taking hold of something and then sharp twinges would pass through my loins. I was unable to rest well at night, as I was forced to be constantly changing my position. The secretions from my kidneys were irregular and the passages much too frequent. I consulted physicians but did not receive more than temporary relief. I then used some highly advertised remedies and they also failed to help me. I then heard of Doan's Kidney Pills and procured a box at McConnell's drug store. They helped me wonderfully. I continued using them and my former good health was restored."

## TO ADMIRE

To see them is to admire. To wear them is to grow enthusiastic. Ten thousand pairs of "Queen Quality" shoes would not be made and sold daily did they not furnish the fullest measure of style, comfort and economy.  
We present here one of our endless varieties. But the newspaper cut cannot do justice to the shapely toe, the soft Gun Metal leather, nor the clever shoemaking. You must see this boot to appreciate it.

But remember this is only one of many. We have "Queen Quality" styles for every taste and for every need; many new ones received this week.

\$3.50 and \$3.00

## YOUNG MAN HAS NEW THEORY

Human Life Seems Centered In Stomach. All Else Is Secondary.

The immense success which has followed L. T. Cooper during the past year with his new preparation has exceeded anything of the kind ever before witnessed in most of the leading cities where the young man has introduced the medicine. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic, and are not traceable to the stomach, but even fevers can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by the stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success."  
"To sum the matter up—a sound di-

gestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."  
Mr. A. C. Brock, chef of the Brock Restaurant, Market District, Boston, Mass., who is a staunch believer in Mr. Cooper's theory and medicine, has this to say: "I had chronic indigestion for over three years. I suffered terribly, and lost about thirty pounds. I was a physical wreck when I started this Cooper medicine, a month or so ago. Today I am as well as I ever was in my life. I am no longer nervous, my food does not distress me in the least, and I have a splendid appetite. I am gaining flesh very rapidly—in fact, at the rate of a pound a day. I would not believe any medicine on earth could have done for me what this has done. It is a remarkable preparation and Mr. Cooper deserves all his success."  
We recommend the Cooper preparations as being remarkable medicines.—A. McMilla.
