The building will be two stories in height, 90 x 25 feet in dimensions, with basement.

The first story will be occupied by the Electric theatre. The firm will utilize the basement themselves and the second story will be devoted to business purposes not fully determined upon as yet. Messrs. Mills & Simmons state that the building will be substantial in every respect, which will add another desirable and creditable business structure to Main avenue's places of business.

The Electric theatre will be equipped in most up-to-date manner, and will not be equalled in furnishings outside of the largest cities.

\$18,000 SUBSCRIBED ON THE SPOT

The Citizens Give the Temple-Opera House Project Initial Boost, Tuesday Evening.

THE ATTENDANCE NOT ALL THAT WAS EXPECTED

There Are Other Considerable Stock Subscriptions in Sight and the Good Work Will Continue and the Matter Will Be Given a Thorough Try-out.

The meeting of citizens of McCook, Tuesday evening, though not all that was expected, resulted in the temple-opera house project being given a substantial boost, about \$15,000 worth of stock being subscribed by those present, which did not by any means include a full representation of McCook's business men, or citizens who should be vitally and energetically interested in an enterprise so full of promise for the city,—for this project is not to be regarded in any sense as a charitable or philanthropic exercise, but one which will pay a fair return on the investment from the very completion of the building. And then the collateral advantages and blessings to the city would raise the investment to a most desirable one for the entire community—and it must be regarded as a community affair, and should interest every citizen in its active support.

Those having the matter strictly in personal hand will continue the campaign to interest the people and secure subscriptions to the stock. There are several considerable stock subscriptions in sight and many of a smaller amount. In a large sense the success of the enterprise depends upon the small subscriptions, from \$10.00 up to \$100.00 and few citizens are unable to give within the amounts named.

The enterprise will be given a thorough try-out. The matter is up to the people of McCook, who are expected not to attempt to saw with a hammer. United action for the betterment and improvement and growth of McCook is all that is needed to boost this project to a complete and proud success. A harmonious boost will distribute the burden so that none shall feel it to be heavy.

ARE YOU A BOOSTER?

During the evening, the McCook band rendered a number of splendid selections, giving ample evidence of the excellent quality of Colonel Sutton's new musical aggregation. Each number called forth enthusiastic and spontaneous applause and approval. This appearance indicates that the band has much of the material and esprit de corps of the old Nebraska Brigade band which carried everything before it a few years since.

Messrs. Ploussard, Light, Colfer and McAnn quite carried the audience by storm with their vocal numbers. The temple-opera house enterprise was strongly presented before the meeting by Mr. Barnett, after which the meeting was opened to subscriptions for stock, with the following result up to the time of our going to press today:

O'Connell House Damaged.
Fire of unknown origin gave the J. V. O'Connell dwelling a close call, Wednesday night, shortly after eleven o'clock. The fire was discovered in the bathroom and had made considerable headway.

The department soon had the flames under control after getting streams of water playing on the building.

The damage to building is about \$300, fully covered by insurance.

E. C. Daugherty's family are living in the house, and their furniture loss will reach \$50, upon which there is no insurance.

Luke Tulley and another roomer had a close call for their lives, their rooms being located just opposite the bathroom. On account of being a cripple, Mr. Tulley was carried out of the building. One of his hands was slightly burned. The roomer unknown to us cut his hand quite severely in breaking a window-pane in his room.

Smoke and water are a considerable element in the damage. Repairs are already under way.

Death of M. J. Abbott.
The death of M. J. Abbott in a sanitarium, Lincoln, last Saturday, removes one of the strong men in the newspaper business in Nebraska. An able, courageous and resourceful fighter, he had one adversary whose poisoned shafts found a vital spot in his armor, and by repeated efforts accomplished his undoing and death. His was the sad curse and tragedy of the flowing bowl.

For years he published a newspaper in Hayes Center, Hayes county, under circumstances and against odds only possible to one of his sturdy and heroic mold.

The remains were taken to Fremont by his splendid son Charlie for interment. Here is a tear and a tribute to his memory.

Musical Program.
A musical program, consisting of vocal solos by Miss Ruth Wiehe and Miss Helen Schwab, a violin solo by Mr. H. Best, and anthems by the choir, will be rendered by the men's club at the Congregational church, next Sunday evening at 8 p. m. Subject of sermon, "The Failure of Love." A cordial welcome to all.
