POLITICAL ANNOUNCEMENTS.
(Advertisements)

FOR COUNTY ATTORNEY.

At the very urgent request of many Republicans, I hereby announce myself as a candidate for the nomination of county attorney, before the Republican primary to be held, September 1, 1908.

S. R. SMITH, Chairman,
Republican Co. Central Com.
I hereby announce myself as a candidate for re-nomination for the office of County Attorney at the Republican primary on September 1, 1908.

P. E. REEDER.

FOR COUNTY COMMISSIONER.

I hereby announce myself as a candidate for Commissioner of the First district, subject to the decision of the Republican primary election, September 1st, 1908.

T. F. GOCKLEY.

I hereby announce my candidacy for the office of county commissioner for the First district, subject to the Republican primary election, September 1st.

GEORGE B. MORGAN,
Danbury.

I hereby announce my candidacy for renomination for county commissioner of the First district, subject to the decision of the Republican primary election, September 1st.

FRANK S. LOFTON.

FOR STATE SENATOR.

I hereby announce myself a candidate for the office of state senator from the 29th senatorial district of Nebraska on the Republican ticket, subject to the decision of the primary election to be held September 1st, 1908.

JOHN C. GAMMILL,
Stockville, Nebr.

FOR REPRESENTATIVE.

At the request of numerous voters I hereby offer myself as a candidate for the nomination to the office of representative for Red Willow county on the Republican ticket, subject to the decision of the primary election to be held September 1st.

Indianola, Neb., July 24, 1908.

FRANK MOORE.

I wish to announce myself as a candidate for state representative from Red Willow county, subject to the decision of the Republican primary election of September 1st, 1908.

ALLEN E. PENNINGTON,
Lebanon, Red Willow county, Neb.

'Tis claimed that Dundy county's corn crop for 1908 will exceed any in her history.

It seems that the black menace is more in evidence in America than the yellow peril.

THE Inter-State Live Stock and Horse Show at South St. Joseph, Mo., will be held this fall on September 23-28.

THE railroads, in declining to give Nebraska and Kansas special or reduced rates to their state fairs, are handing the "twins" lemons, to be sure; but are acting within their prerogatives. It is, perhaps, asking too much of the managements to be generous—when it is not easy for them to be just and fair.

Supreme Court Amendment.

It should prevail at the primary election, September 1st, and at the general election, November 3rd.

So many of the constitutional amendments voted upon in Nebraska fail because the voters do not give them attention and study, that THE TRIBUNE feels impelled to urge in a special manner the importance of carrying the supreme court constitutional amendment, this year.

The supreme court as now organized is composed of three judges. These three judges are not able to handle the greatly increased business of the court. This fact has been recognized by the selection of commissioners. Of these there are six, sitting in two departments. The commissioner system is a makeshift, however, though effective so far as it goes. We have no criticism of their work. But the weakness and insufficiency lies in the system. Commissioners are merely advisory—clerical. They can but recommend. The three judges still have to finally pass upon all decisions, the judgments must be theirs. So it clearly appears to the reader and voter that the state of Nebraska has the expense of nine judges to meet, while the work accomplished is not at all equal to what nine duly and constitutionally elected judges can accomplish.

The commissioner system is the best possible, perhaps, under our present constitution. But, it should be understood that it is far from satisfactory or adequate; its delays—unavoidable under the system—are most exasperating and often expensive to the litigants. The system is unscientific, and should be replaced by an enlarged supreme court.

There are many technical objections to the commissioner system, but we have not referred to them in this article, they could do little good in this connection, but might obscure.

This fact, however, stands out prominent and clear: A court consisting of seven judges, all located at the state capital and performing their duties in the state house would obviate quite all the objections and shortcomings of the present commissioner system.

Let the voters of Red Willow county intelligently and without prejudice consider this matter—the result can hardly be other than a quite unanimous vote for the supreme court amendment.

Will Merwin Stand For It?

Bro. Kimmell of the McCook Tribune is one of the brainy editors in the state. Here is one of his mighty efforts: "Merwin is neither 'mooney' nor 'ready.' And that do settle it."

Now anyone who can write as brilliant an editorial as that should receive due recognition and he would, if his brains were only in his head instead of his feet.—Col. Ready in H. C. hyphen.

Pennington for Representative.

Allen E. Pennington of Lebanon announces in this paper his candidacy for representative, subject to the decision of the Republican primary election, September 1st.

CAMBRIDGE is so delighted with its chautauqua experience, this year, that they are incorporating a permanent chautauqua association with \$10,000 capital.

JOHN F. CORDEAL's candidacy for the state senatorship nomination is progressing satisfactorily as he becomes better known over the district and his principles and character are better known and appreciated by the people.

THE people, (and by the people we mean its clean, thinking, rational population, those who love mercy, seek justice and honor God and His creatures,) are the salvation of America, and THE TRIBUNE believes in referring public matters to them for initiative. We are more and more convinced of the wisdom of requiring public servants to go on record before election. It is no reflection on honor, ability or character of prospective candidates. It is simply an act of reasonable precaution. It avoids misunderstandings, misconstructions, relieves legislators of lobby pressure and insolent insistence.

For twenty of the past twenty-two years Furnas and Frontier counties have been honored with furnishing the senator of this district, and they show no disposition to give the other counties a chance to be represented. This year John F. Cordeal of Red Willow is a candidate for this office and the Republicans of the western counties should give him their united support. We believe it is the duty of every man to be loyal to his own community when it can be done without a sacrifice of principle. A vote for Mr. Cordeal is a vote for a man well qualified for the office and one who will be a credit to the district.—Trenton Leader.

Wm. Husenetter For Commissioner of Public Lands and Buildings.

At a meeting of the Republican County Central Committee held in David City on May 30th, 1908, the following resolutions were unanimously adopted by said committee:

Be it Resolved, By the Butler county Republican committee, that we most heartily endorse the candidacy of Wm. Husenetter of Linwood for the office of public land commissioner.

In support of his candidacy we wish to mention some of the services he has rendered his party. He has been present at every county convention for thirty years. He has served the senatorial district on the state committee for ten terms. He has represented this county as a delegate in every state convention for 22 years. He has served three terms on the state executive committee. He has served two terms as chairman of our Republican county central committee, and is now serving the third time. He has never accepted a political office carrying a salary with it. In these various capacities he has always stood courageously for the best interests of the party. He has been thoroughly in sympathy with the recent policies of Roosevelt, and two years ago was a strong advocate for the election of Gov. Sheldon. Mr. Husenetter has a common interest with the farmers and shippees of the state in the enactment of the Roosevelt policies, as he owns and operates a large ranch at Linwood and is a vigorous advocate of these interests.

In this endorsement of Wm. Husenetter for land commissioner we wish to call the attention of the voters of Nebraska to the fact that Butler county, since its organization more than forty years ago, has never had a state officer nor a deputy.

Mr. Husenetter has been a resident here for forty years and we do not hesitate to present his name, as we consider that it is only justice to his long service for the party.

Attest: L. B. FULLER, Secretary.

Frank Moore's Position.

In accordance with a very general desire that legislative candidates define their positions on some very important measures, I gladly submit the following:

TO THE VOTERS OF RED WILLOW COUNTY: I heartily approve of the primary law, anti-pass and railway rate legislation and would be glad to support other legislation along this line.

I am in favor of permitting the people to vote upon any question of public interest. Therefore I am in favor of "County Option" and will work and vote for such a law if I have an opportunity to do so.

I believe in some law that will furnish a way for the establishment of good country roads.

I am a Roosevelt Republican and believe in the policy of the "square deal".

I solicit your support at the primary election to be held Sept. 1st and promise if elected to work and vote for the interests of Red Willow county.

Respectfully,

Frank Moore.

PREPARED AND PRINTED BY THE LEAGUE.
TO THE VOTERS OF RED WILLOW COUNTY:

You are no doubt interested in the highest welfare of our county and state. If so, September 1st is the time to show it. By far the most important issue which will figure in this election will be that of the saloon.

The so-called "Merchants' and Manufacturers' association" of Omaha, which is notably controlled by the brewers, have been sending out their literature, and have asked you to support this traffic. Their plea is based on personal liberty and taxation. This plea deserves your consideration, for the county records of Red Willow county will show that the tax payers of the county have been taxed recently to the extent of several thousands of dollars for court expenses, and that was brought on without the consent of the voters of the county, for cases growing out of this whiskey business.

It would seem wise, then on the part of every voter to look after the candidates and find how they stand. On the legislative ticket, both for senator and representative, there are good and true candidates in both parties, who believe in the county having the privilege of speaking in this matter. They are opposed to leaving to the towns the decision of this important question in which the whole county is vitally interested. A large portion of the voters of the county are disfranchised on the saloon question, while paying heavy taxes for court and other expenses caused by the saloon. Is this right? County option will surely win if the people come out and vote. We ask you to come to the primaries, September 1st, and urge your neighbors to come. The only hope for the saloon crowd is in a small attendance at the primaries. Your attention is called to those candidates who are pledged for county option, for the offices of state senator, representative and county attorney. They are right not only on this proposition, but are known to be right upon every other public question, and are clean, capable men. Let us work together for their nomination. Signed: PRESS COMMITTEE,
McCook Anti-Saloon League.
