HOLDREGE has an artificial ice plant with a capacity of 15 tons.

MR. DICKINSON, secretary of war, claims he is a Democrat, but disavows voting for Mr. Bryan. Which suggests that there are Democrats and Democrats.

THE mayor of North Platte, McCauley by name, was recently fined \$400 for illegally selling liquor.

CONGRESSMAN NORRIS has appointed Charles Benedict of Hastings to the military academy at West Point.

SEMI-CIVILIZED Mexico recognized the value of daylight saloons by closing all of its pulque shops at 6 o'clock.

INDIANOLA is figuring on a race track. A stock company has been organized and an option secured on a tract of land just east of town.

CONGRESSMAN NORRIS arrived home Saturday night, from Washington, to be with the family until the beginning of the special session called by President Taft to convene March 15th--next Monday.

COUNTY option was defeated in the Nebraska state senate, Tuesday, by a narrow margin--one vote. Those voting for the measure were: Bodinson, Brown, Cain, Cox, Donohoe, Gammill, King, Majors, Miller, Ollis, Randall, Raymond, Warren, Wiltse, Hatfield, Myers--16 Opposed to county option: Banning, Bartos, Besse, Buck, Buhman, Diers, Fuller, Henry, Howell, Ketchum, Klein, Laverty, Ransom, Tanner, Tibbets, Thompson, Volpp--17.

THERE are signs that American politics will become more scientific with coming years, and that we may in time approach justice and equity with less indirection. Neither finance nor tariff are political questions. They are economic problems--not to be juggled with without end by time-serving and place-seeking politicians--but to be solved by disinterested, high-minded experts. Hence the commission idea is obtruding itself properly in our national politics.

By a decision of Judge McPherson of the United States district court in Kansas City, Monday, the two-cent fare law of Missouri was declared unenumerative and confiscatory. The judge says if he had the authority, which thank heaven he has not, he would fix the rate at two and a half cents per mile for the stronger roads and three cents per mile for the weaker lines. Thus the people of Missouri have been shown--but do they believe what they have been shown. Aber nit.

EVEN so honorable and dignified a body as the Congress of the United States can repudiate or at least "forget" its solemn platform pledges and promises. The case in point is the postal savings bank system promised by the Republican party in its platform. The measure was chloroformed by such aristocratic and plutocratic representatives of the monied interests as Senators Aldrich and Cullom in the senate, where the matter was never allowed to come to a vote. To the honor and credit of Senators Burkett and Brown be it said that they both vigorously favored the bill which is demanded by the great bulk of the American people.

The Citizens bank has increased its surplus from \$15,000 to \$20,000.
