THE MOST SERVICEABLE TEETH

that withstand the severest and roughest usage, will ever be those that nature has given you. No dentist can manufacture teeth that meet the same requirements and perfection. What effort are you making to keep perfect teeth? The continuous pleasure that patients get from my operations, is one reason that you should get acquainted with reliable dentistry. Let us talk about your teeth today.

Will Make Improvements.

Burlington Hawkeye: With the promise of a tremendous increase in transcontinental travel, the Burlington system, according to good authority, is planning to increase its equipment, and improve its passenger service in a remarkable manner. This will take place about May 23. There will be one entirely new train of Pullmans and chair cars, running eastward to fill a gap that has long existed, and which has compelled the railroad to do a lot of empty hauling to get its cars back to Chicago for the make-up of No. 13. There will be a solid train of Pullman sleepers, with not a chair car or day coach in its make-up.

The present Denver - Chicago flyer, No. 6, will be changed from its present schedule passing through Burlington at 4 p. m., to the earlier hour of 2 p. m., arriving in Chicago about 7 o'clock in the evening. The make-up of No. 6 under the new arrangement will be entirely of Pullman sleepers. Its companion, No. 1, west bound, from Chicago to Denver, will be as fine in every way, and will also have a solid Pullman equipment. Its time will be set forward to that of two or more years ago, when it used to arrive in Burlington about 9:40. It will leave Chicago at 5 in the afternoon, instead of at 1, as at present.

A new train, to be known as No. 10, will be established and will take the present equipment and time of No. 6, passing here east bound about 4 p. m. This train will offset No. 13, which heretofore had no companion train, making it necessary to haul its equipment back to Chicago deadhead.

Under the new arrangement, No. 13, which now passes through Burlington at 2:10 west bound, will continue on the present time schedule, but will run through to Denver instead of stopping at Lincoln, as at present.

It is stated, but not officially so, that fast mail trains seven and fifteen, now running to the U. P. Junction, will continue to run on to Denver, transferring the mails to the Union Pacific there instead of at U. P. Junction. This arrangement, however, depends entirely upon the wishes of the Union Pacific. That road may elect to refuse to receive the mails at Denver, and compel the Burlington, on pain of losing the mail contract, to continue to deliver it to it at the U. P.

The 1900 and 1910 are on drop pits 1 and 2 respectively.

Hugh Kelly is in the city and may go to work for the company.

Engines 322 and 371 are about ready to go out of the backshop.

Driving brass and steam dome repairs are being given the 1749, this week.

The company has provided the fire brigade with a bright red new hose cart.

Tom McInroy, a former engineer on this division, spent part of the week here.

J. M. Smith arrived home, last Monday night, from his trip to Aransas Pass, Texas.

R. V. Luke, blacksmith helper, has quit the service. D. M. Huet going to work in his place.

Engineer Koetel had a passenger run a few trips, early in the week, and Traubert had the 1941.

Conductor M. B. Harbaugh has transferred from Oxford to McCook, and will work out of here.

Agent H. W. O'Donnell of Akron has resigned, and Extra Agent George Scott has taken charge of the station.

They expect several more SI engines at this division headquarters, for the new time card and new trains.

Conductor T. H. Stafford had the pay car, Wednesday, over the division. He was Denver-bound from a trip east.

Trainmaster Smart has rented the J. E. Molund cement stone dwelling on 2nd street east, which he and family will occupy soon.

Conductor Clyde Dalton returned, first of the week, from an extended furlough spent in Illinois, and has resumed his run on the Orleans-Red Cloud way-freight.

Mrs. J. M. Smith was summoned to Cambridge, this week, by the illness of her mother Mrs. Mary A. Carpenter, who died on Wednesday. J. M. went down to Cambridge, Wednesday night.

Gary Dole went to Denver, Tuesday night, to assume the position of general foreman at that place. Gary makes good anywhere you put him. He will be succeeded here by Charles Langson, now of Edgemont, where he has been round house foreman. General Foreman Raycroft of Denver goes to Sterling as master mechanic. Master Mechanic Andrews of Sterling is transferred to the Omaha division, with headquarters at Omaha.

"The lecture, 'The Singing Masons,' given by A. B. Carson at opera house, last Thursday evening, was one of the most instructive and eloquent treats the opera house patrons have enjoyed in many seasons." - Cawker City (Kans.) Ledger. Note: After giving the lecture in the above-place the manager of the opera house wrote the lyceum bureau that a special paper had been read before one of the ladies' societies of that city composed of notes from Mr. Carson's lecture. At Baptist church, Tuesday evening, April 20th. Tickets 25c. Under auspices of ladies of the Baptist church.

McConnell for drugs.

Udike Grain Co. for seed corn.

Fresh fruit always in season at Huber's.

You can get rid of that cold by using McMillen's Cold Cure.

Suit cases and trunks—large assortment at Rozell & Barger's.

You never heard a word said against the quality of McConnell's drugs.

The present contract calls for the completion of the temple-theatre by August 1st.

Soft shirts—with and without collars—in all the fancy styles and colorings at Rozell & Barger's.

You are strong as your blood is rich. McConnell's Sarsaparilla makes rich blood. Price \$1.

A superbly complete line of beautiful and stylish neckwear at Rozell & Barger's, the leading clothiers.

The fashionable "Zebra" hosiery at Rozell & Barger's—all the plains and fancy stripes. Elegant line of ties just received from New York.

The missionary society of the Congregational church will meet at the home of Mrs. F. M. Kimmell, next Thursday afternoon at 2:30 o'clock.

We have wall paper that you don't find elsewhere. Permanent colors, single room patterns, independent side walls and cut out borders.

L. W. McCONNELL, Druggist.

We have a large and select stock of Wall Paper from which to choose—also special books from which to order in case you are not suited in stock.

A. McMILLIN, Druggist.

A Card from Mr. Waltz.

Mr. Waltz, who finishes his work at the Methodist church Sunday night, wishes in this way to thank all who have helped him during the past four weeks. He says:

"Especially do I appreciate the services of the chorus: the organist, Mrs. W. B. Mills, for their faithful work; Brother Moore and his son (two men who know how to sexton a church building). I shall never forget the kindness of Mr. and Mrs. Barney Lewis; Mr. and Mrs. E. M. Day; the proprietors of Monte Cristo cafe, for entertainment, which was of the very best, and could not have been better if it had been done by my own people. I shall never forget the kindness of the children; the teachers in the public schools; the members and pastors of some of the sister churches; the two city papers, the editors of which have been most kind. Last, but not least, I want to thank the members of the M. E. church who have been attending the meetings for their loyal support and kind words of encouragement. I have worked with hundreds of pastors during the past seven years but never with one who has been more fearless and brave to speak against certain sins than this pastor. 'Truth crushed to earth will rise again.' To those who have opposed me in my work I simply say: God bless you, with all others in McCook, and may 'Brighter Days' soon come to you all.—G. I. Waltz."

Note the New Game Law.

The Tribune recently published the new game law provisions, but judging from indications there are quite a number in this vicinity who are still ignorant of the law. For them we repeat the law:

The governor signed the new game law Monday of last week and the bill went into effect that day. The duck and geese season closed that day under this bill and April 10th under the old law. Other changes are: chicken and grouse, October and November; ducks and geese, September 15 to April 5; jacksnipe and yellow legs, September 15 to May 1; plover, July 15 to August 31; squirrels, October and November. There is no open season for quail, doves, swan or white crane.

COURT HOUSE NEWS.

COUNTY COURT.

Licenses to marry issued by the county judge since our last report:

Clarence H. Gilbert(29) and Mable C. Culver(24), both of Cambridge. Married by county judge April 8th.

FINCH WEST B STREET McCOOK, NEBRASKA

Ten Years Ahead of all other Cream Separators

In skimming efficiency, simplicity, durability and convenience, the new 1908-1909 improved De Laval Cream Separators are fully ten years ahead of any other machine on the market today. Thirty years of experience, protecting patents, and the many valuable improvements devised and perfected by the De Laval engineers in all parts of the world during the past three years, are responsible for this fact. Every feature of the De Laval has been improved, from the supply can to the base. The new centre-balanced bowl with its separate spindle is alone a triumph in separator construction and must be seen to be fully appreciated. Then, there is the new one-piece "anti-splash" sanitary supply can, adjustable shelves for skimming and cream receptacles, new frame designs, and many other but less important improvements—all combining to make the De Laval as nearly ideal as a separator for farm and dairy use can be made. There is the proper size machine for every size dairy from the smallest to the largest and no cow owner can afford to be without one of these improved machines. It will cost you nothing to see and examine the new De Laval and right at your own home too, if you will but say the word. Our new illustrated catalog describing the De Laval improvements in detail is sent for the asking. Write us at once and you will receive this interesting book by first mail with full information as to how you may have a free demonstration of the improved De Laval in your own home. It will pay you to do so and your only regret will be that you didn't investigate sooner.
